7. 4ª Crônica

Atenção toda a
equipe do Kegen
Hall! Uma con-
taminação foi
detectada na ala
médica 14!

Você...

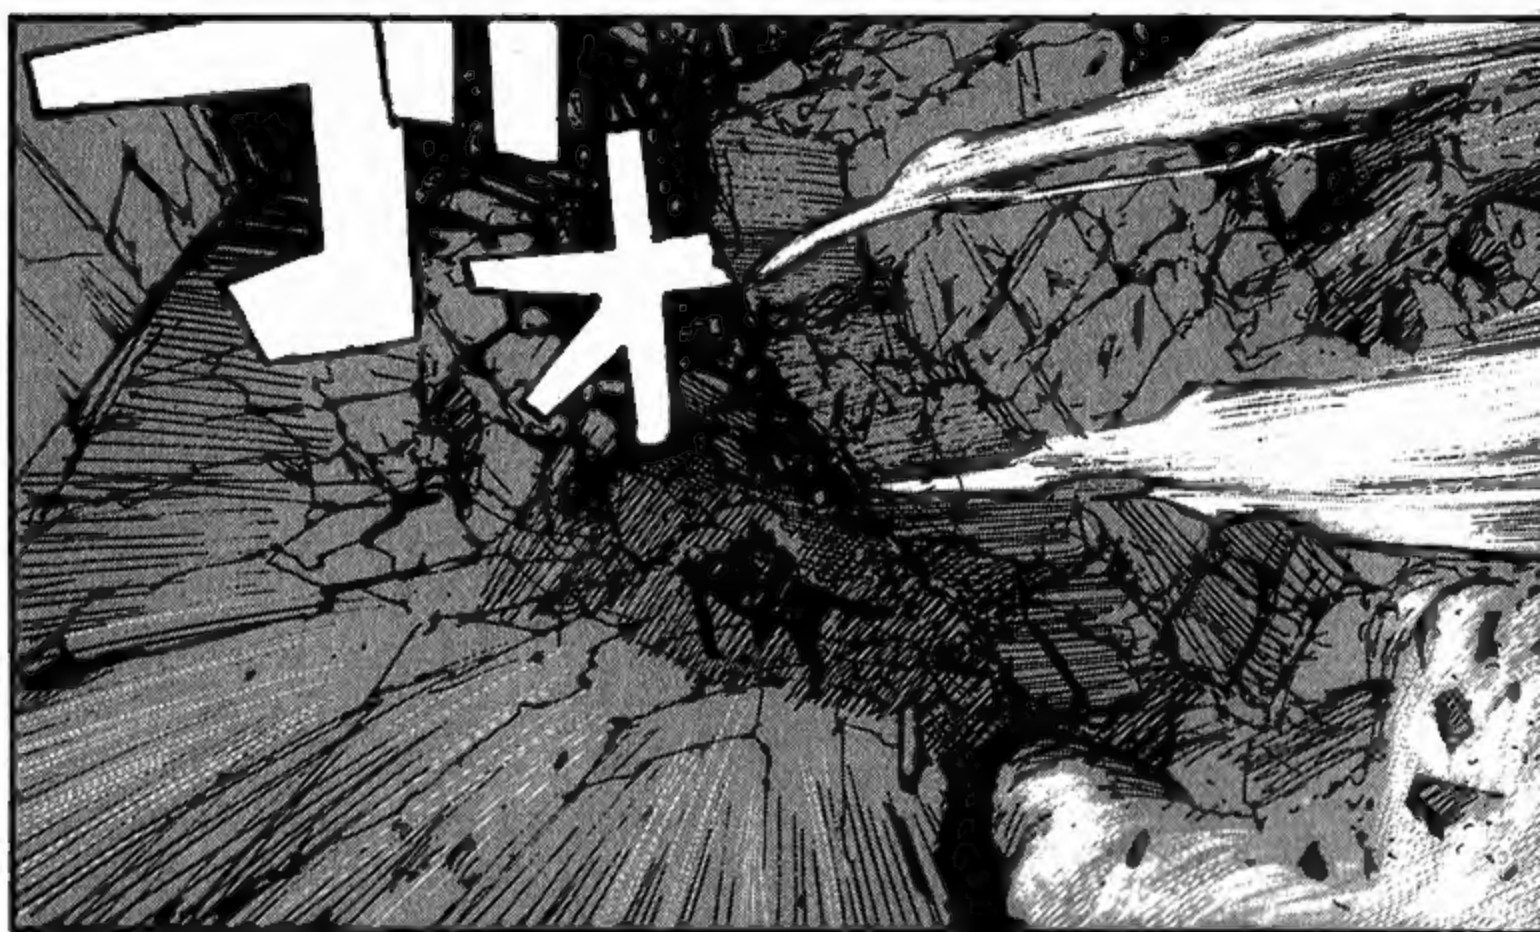

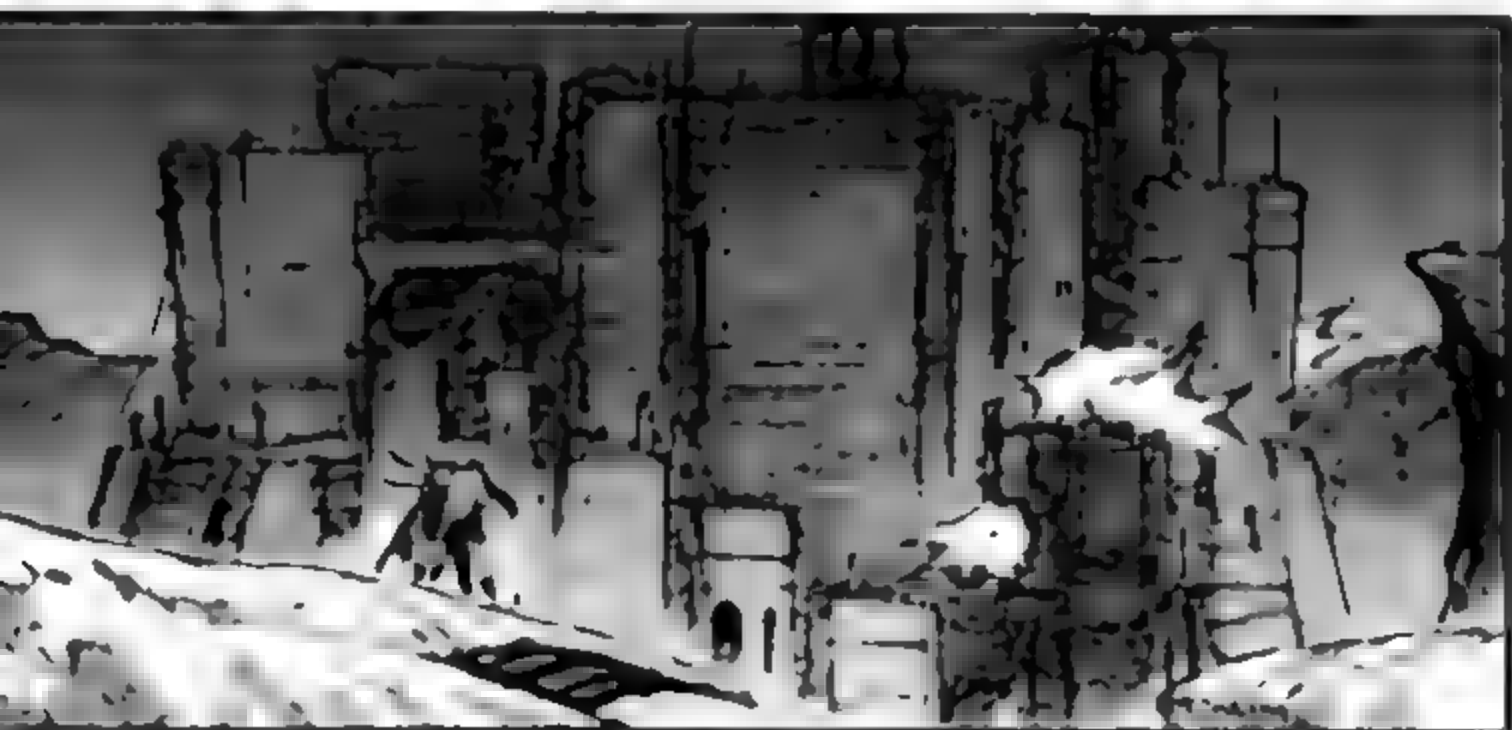

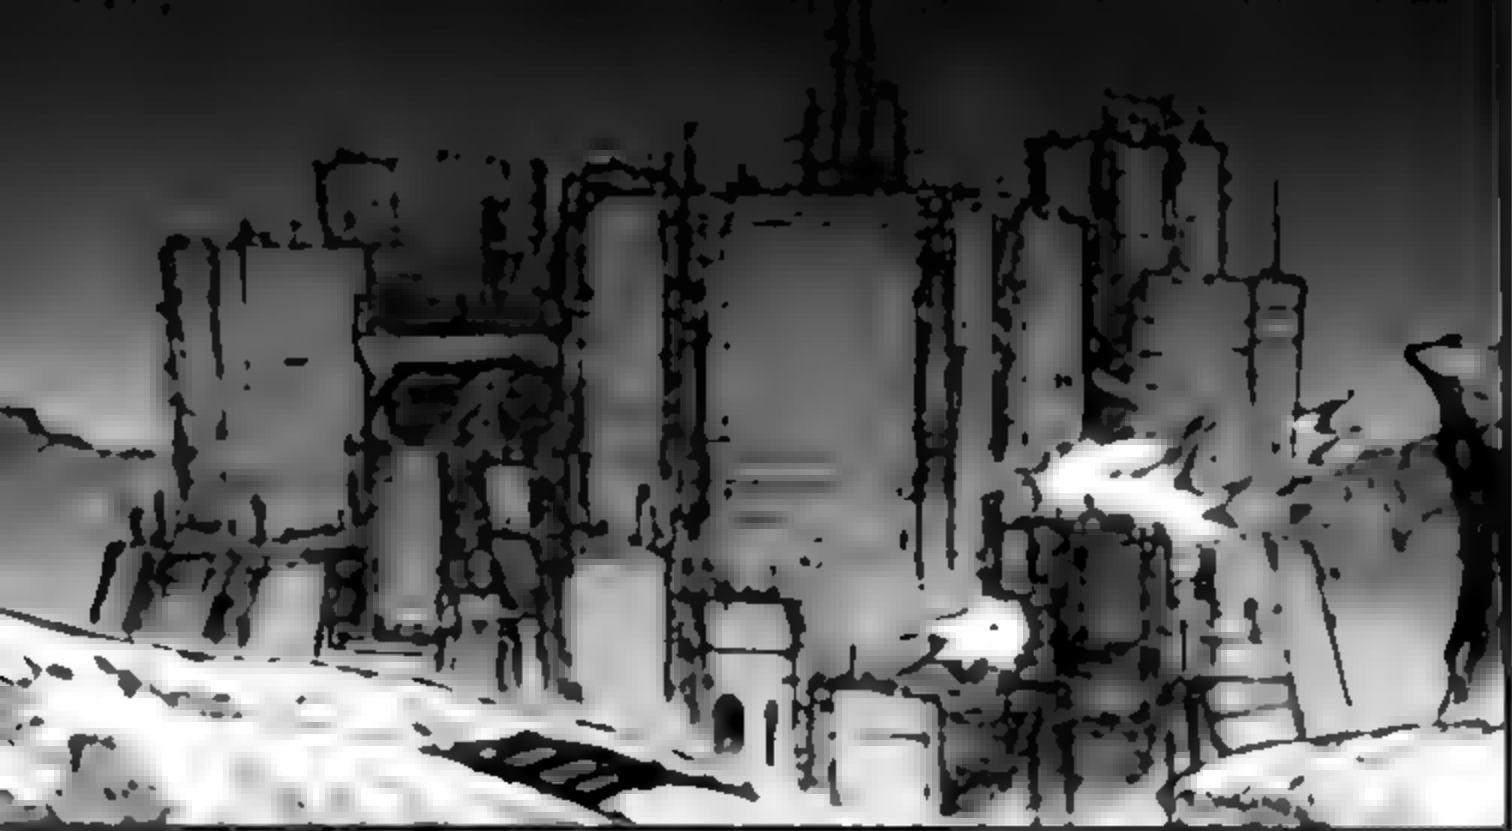

Ayuta já iniciou
o processo de
transformação
em gauna branco!
Atenção toda a equipe
do Kegen Hall!

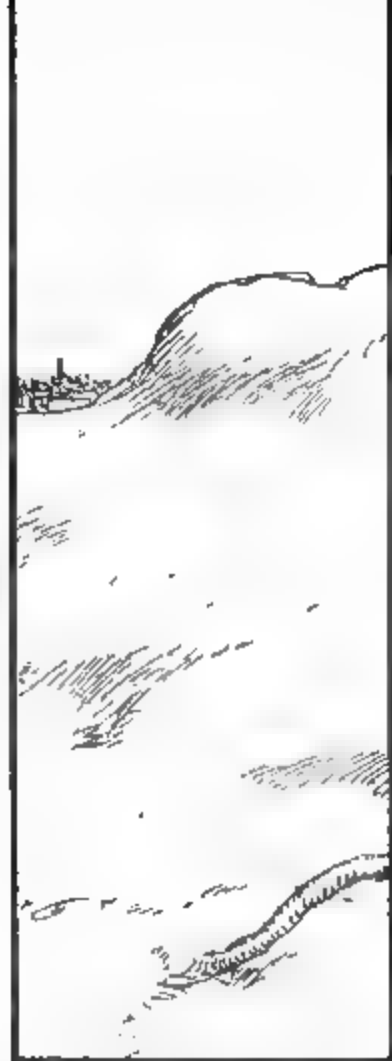

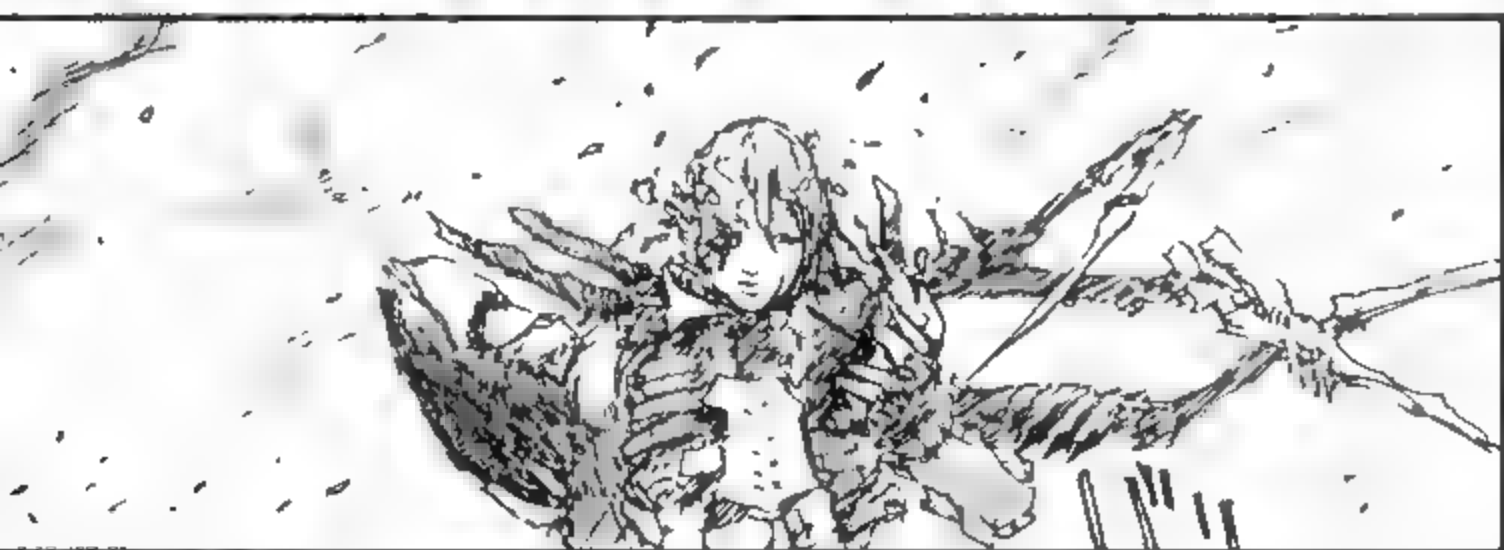

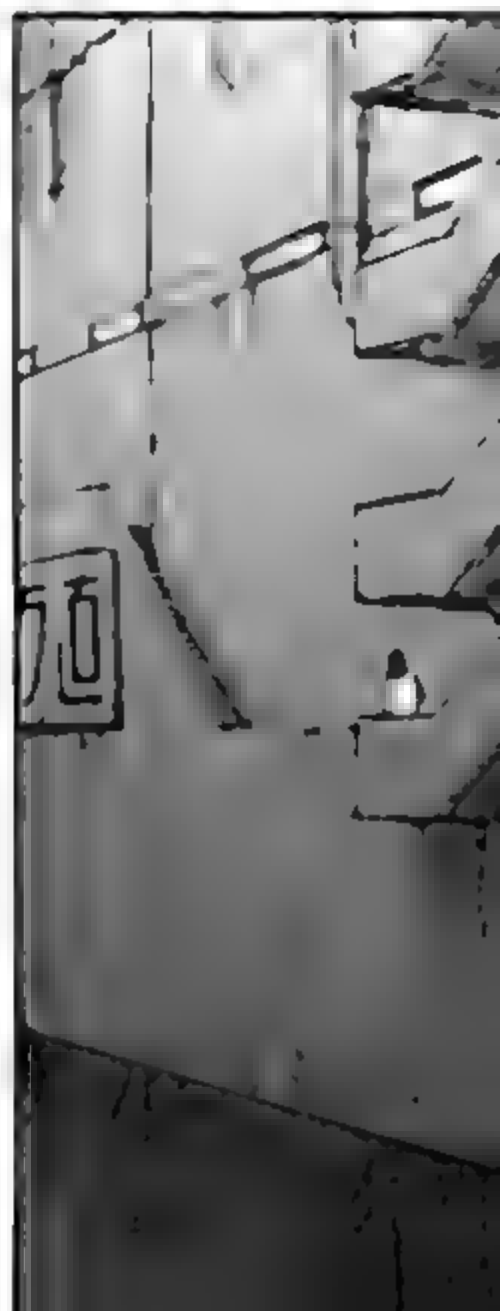

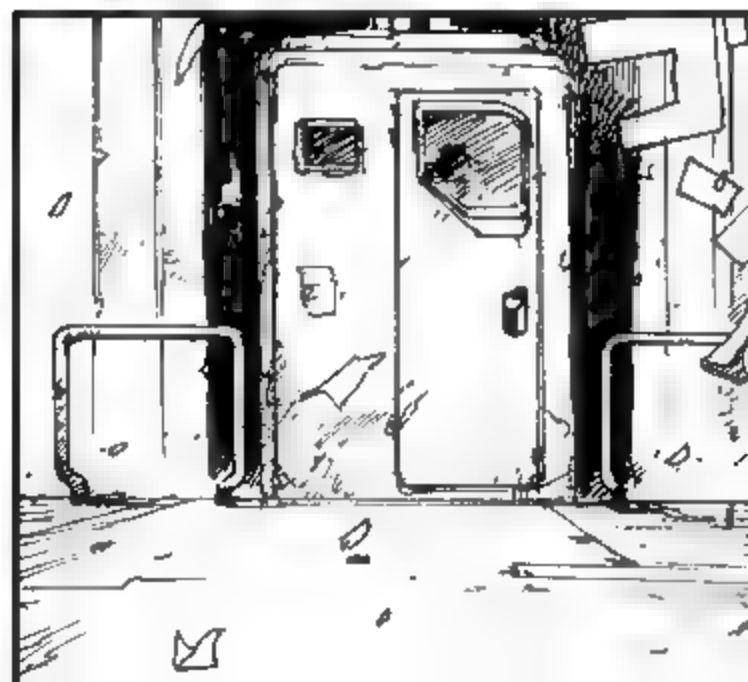

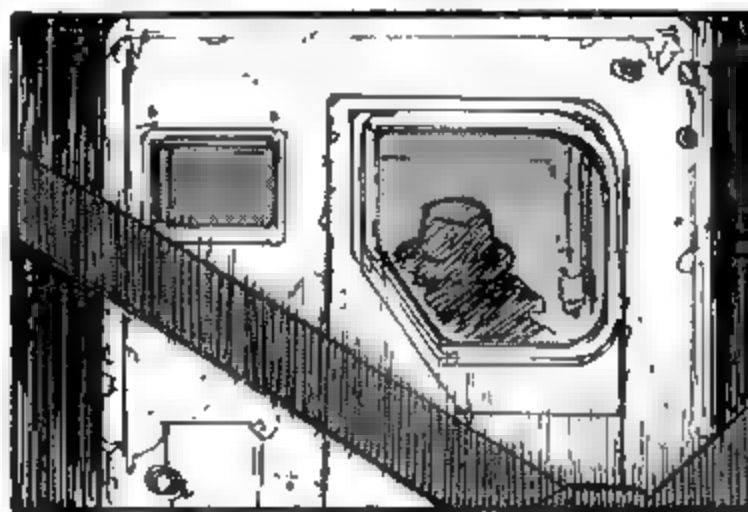

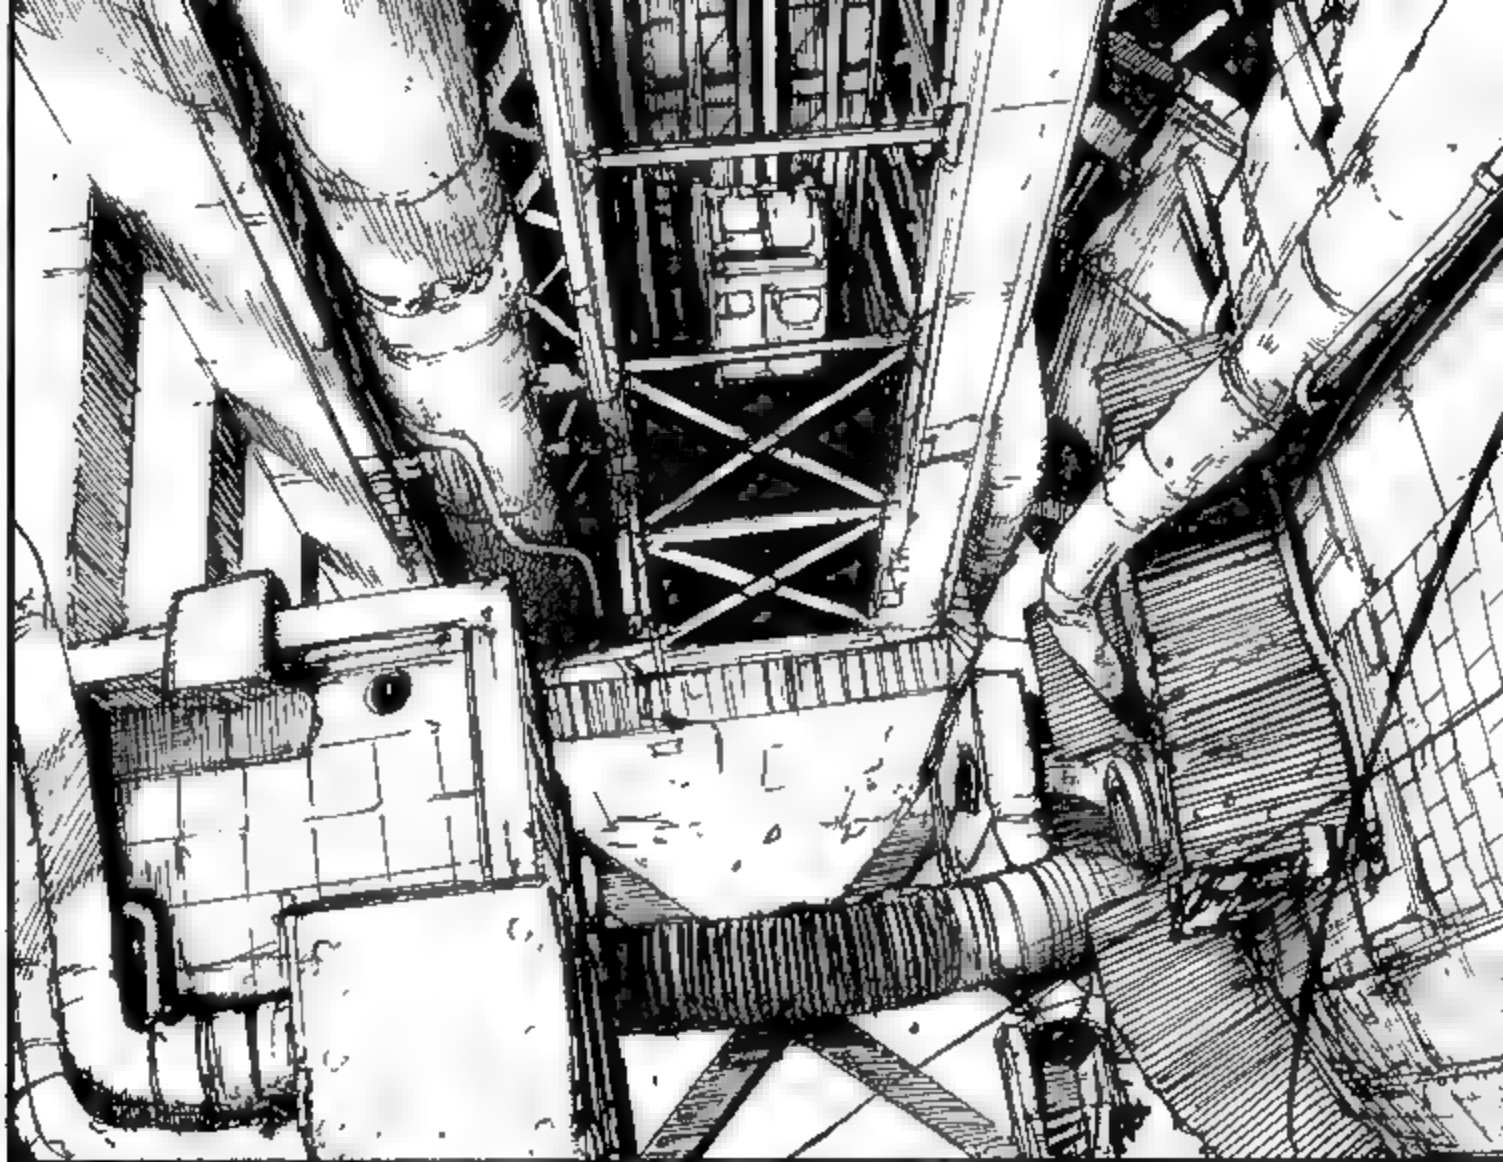

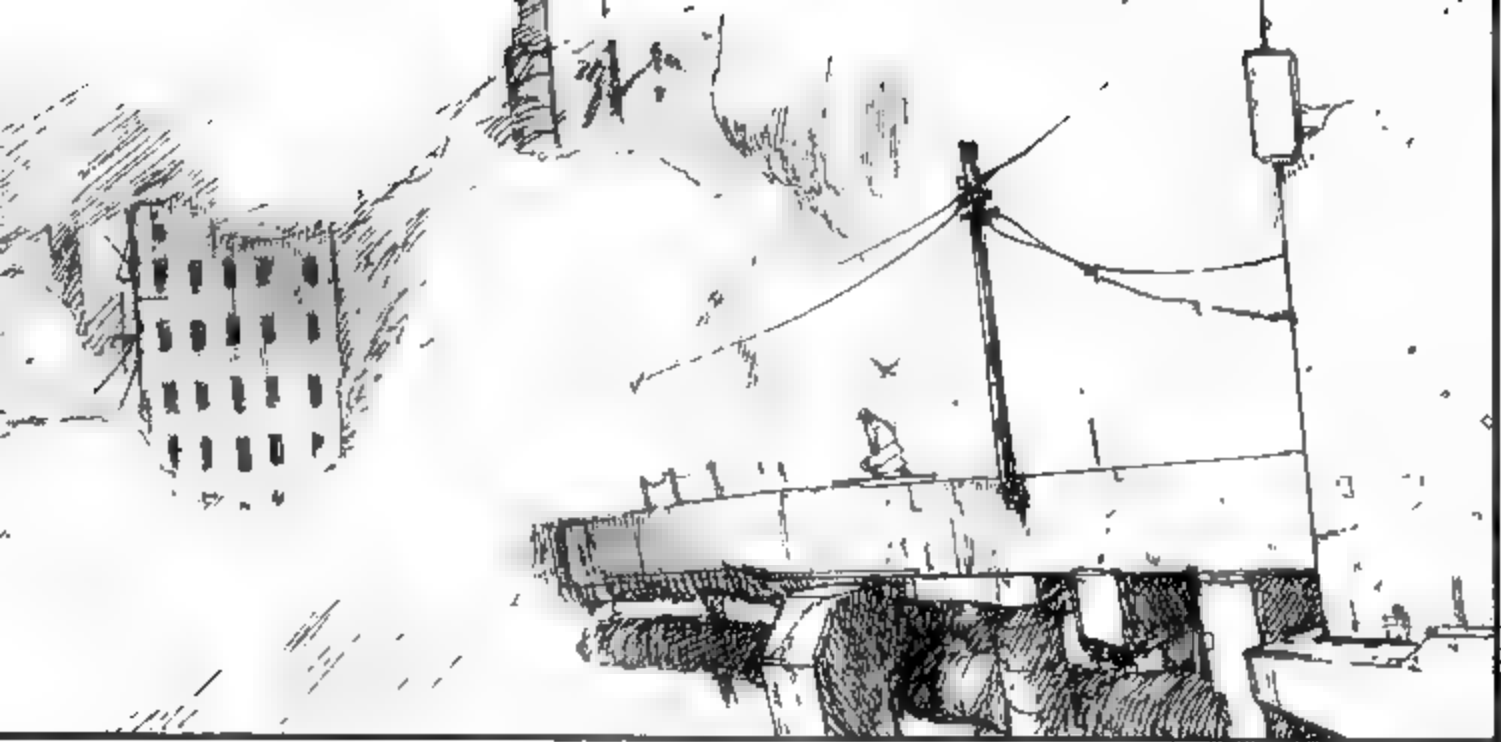

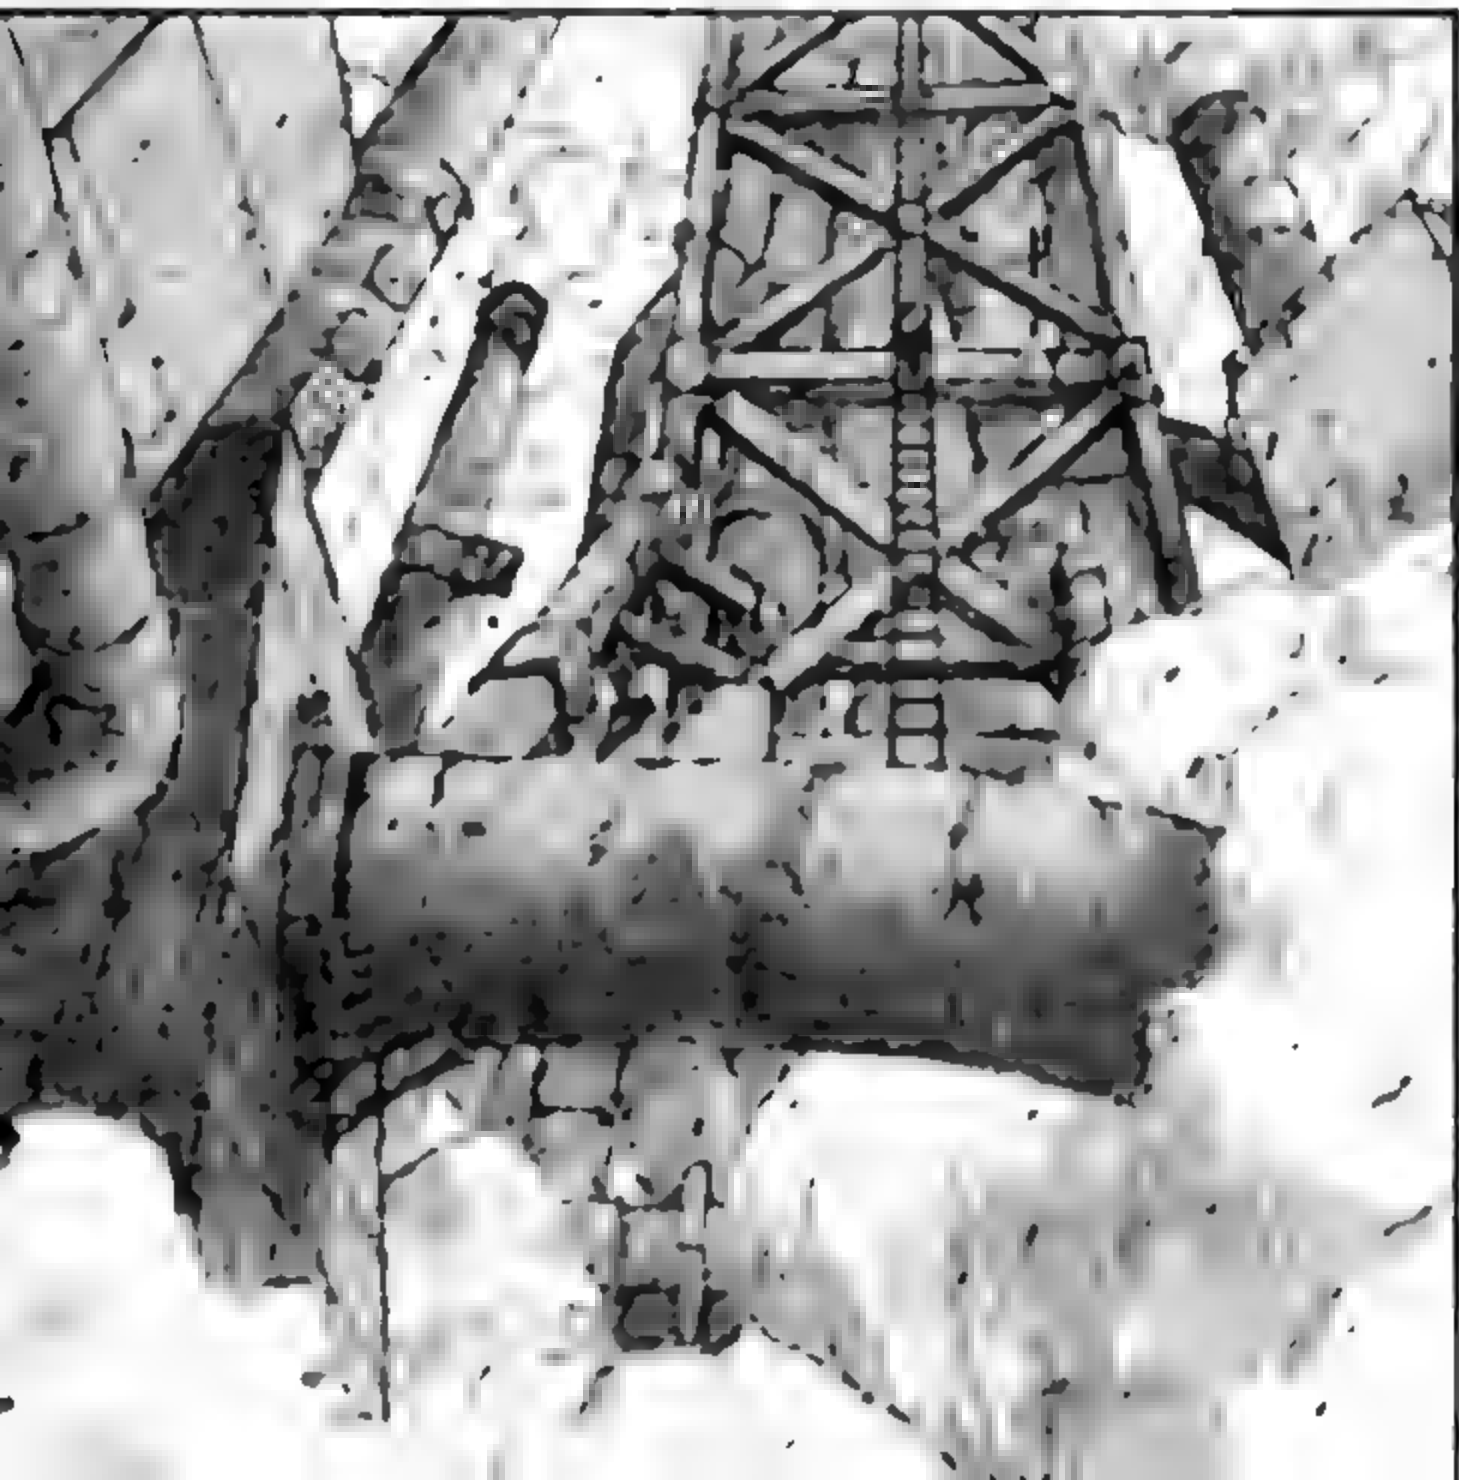

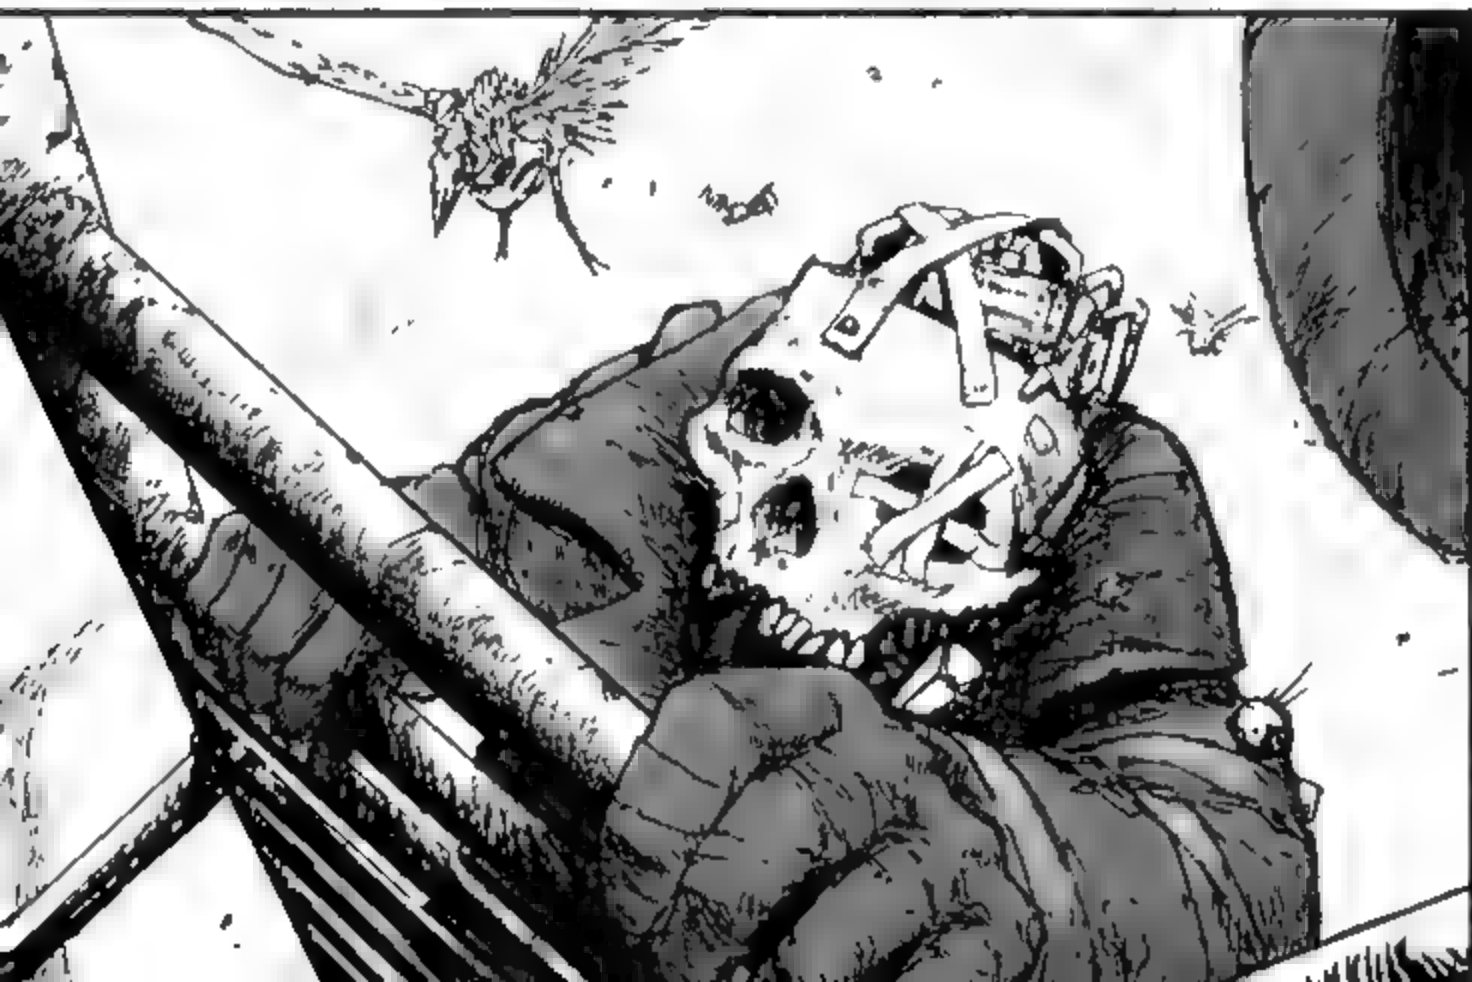

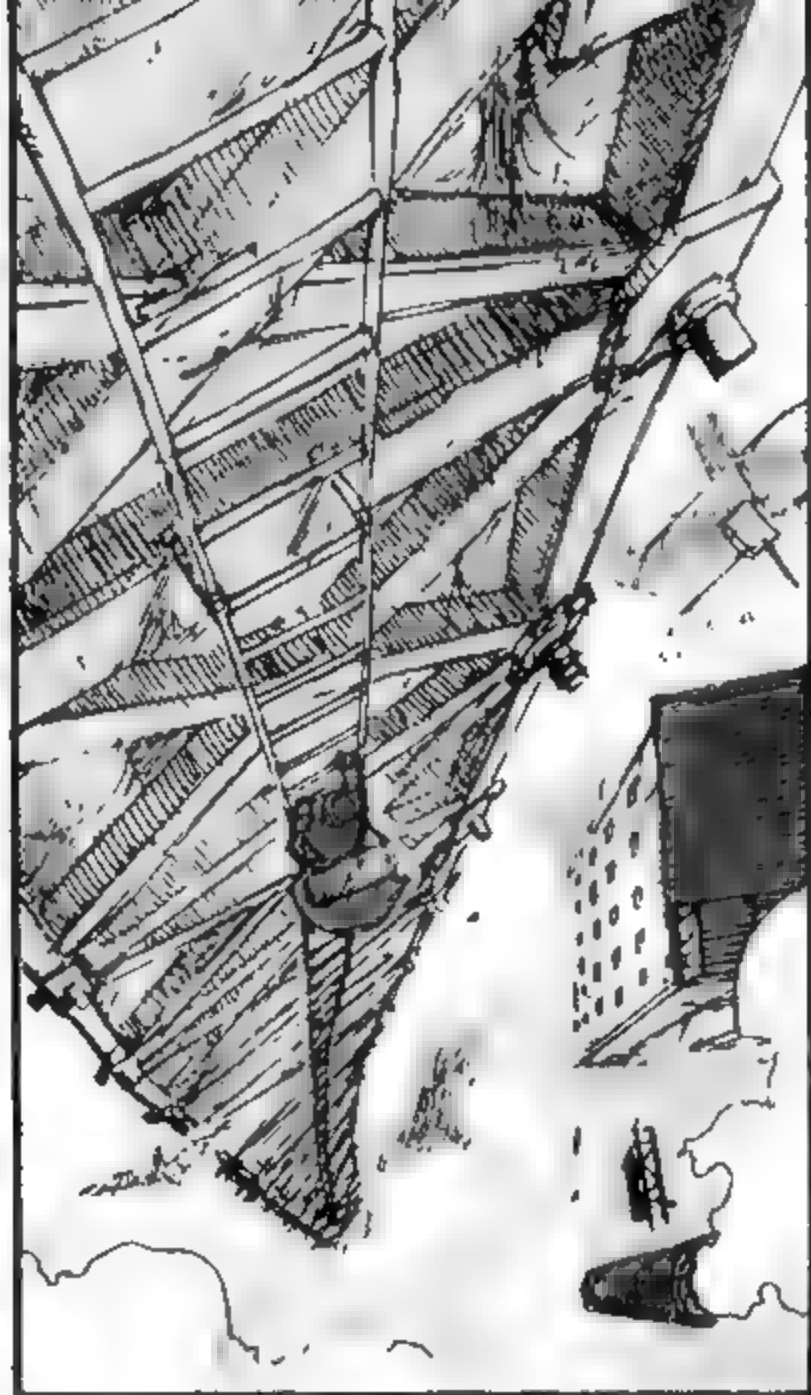

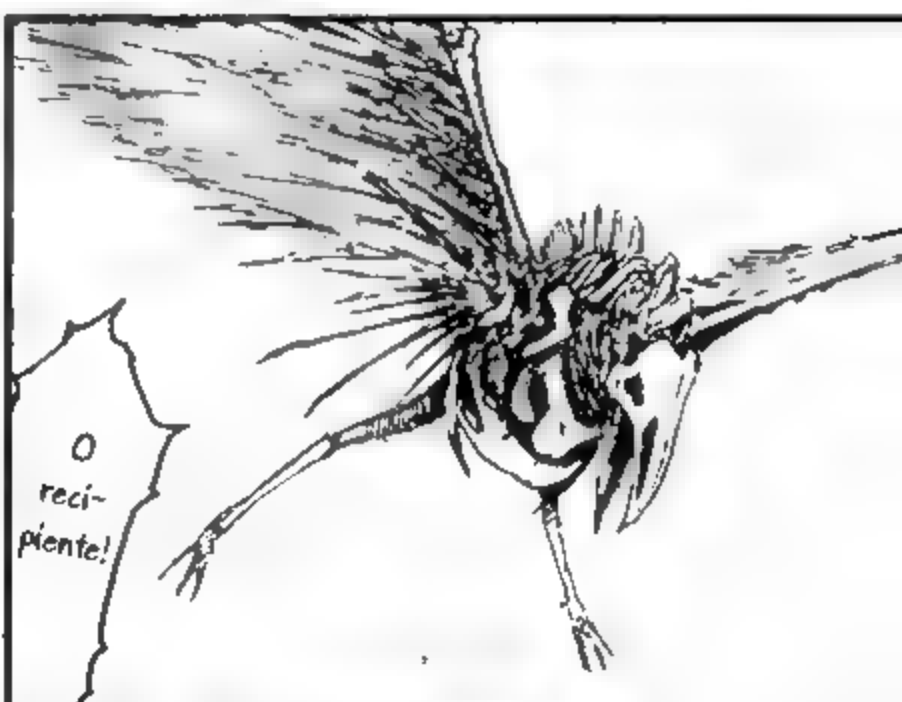

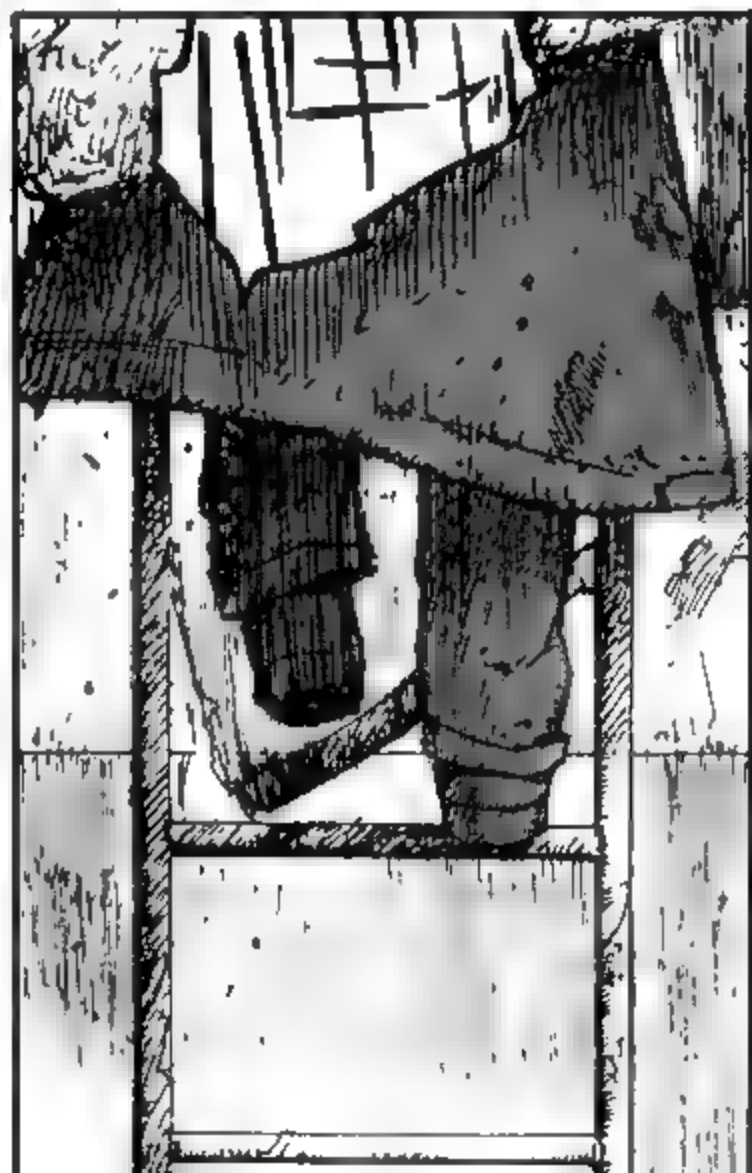

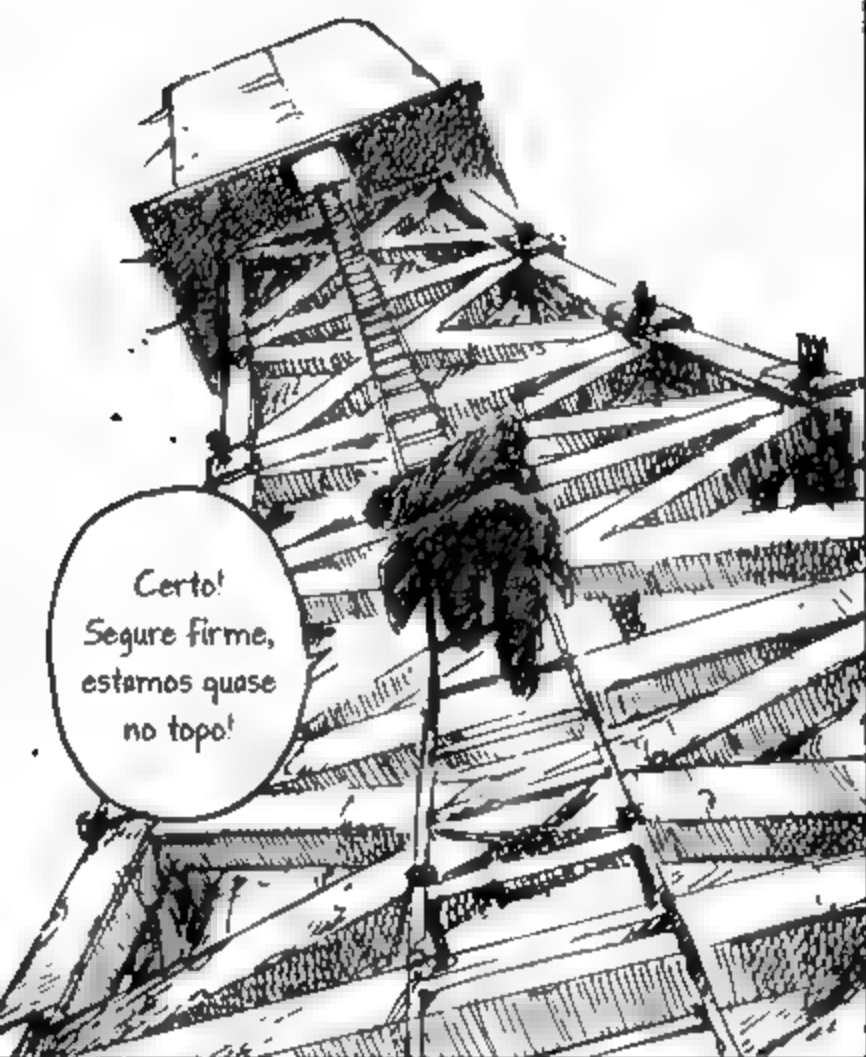

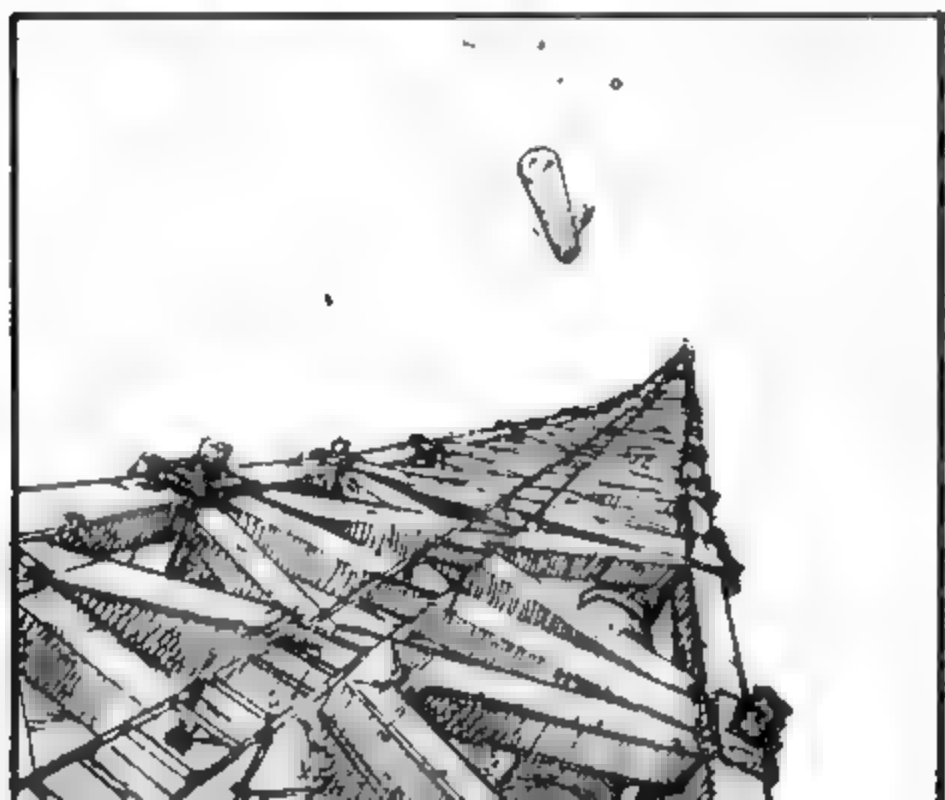

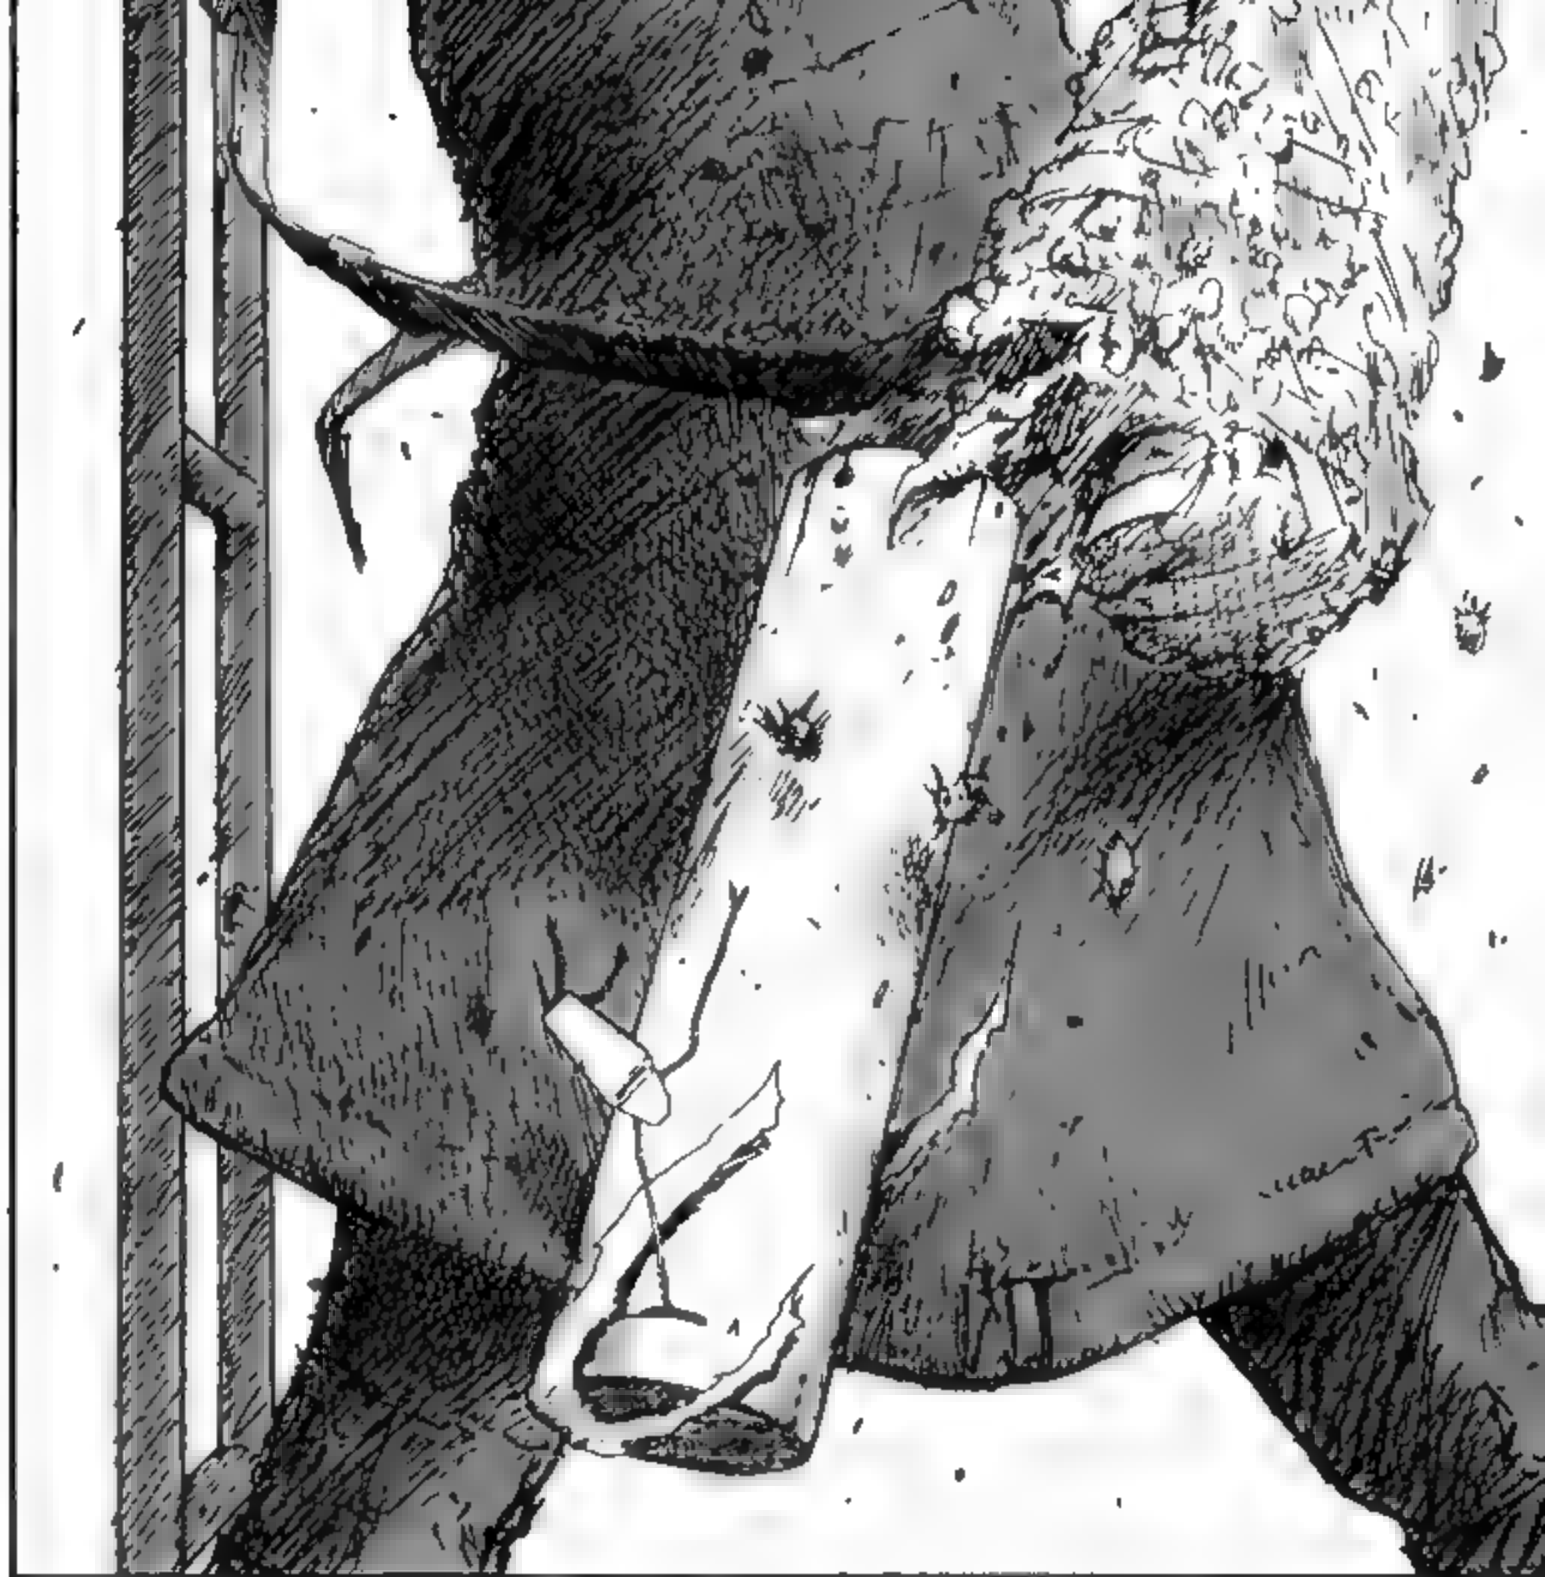

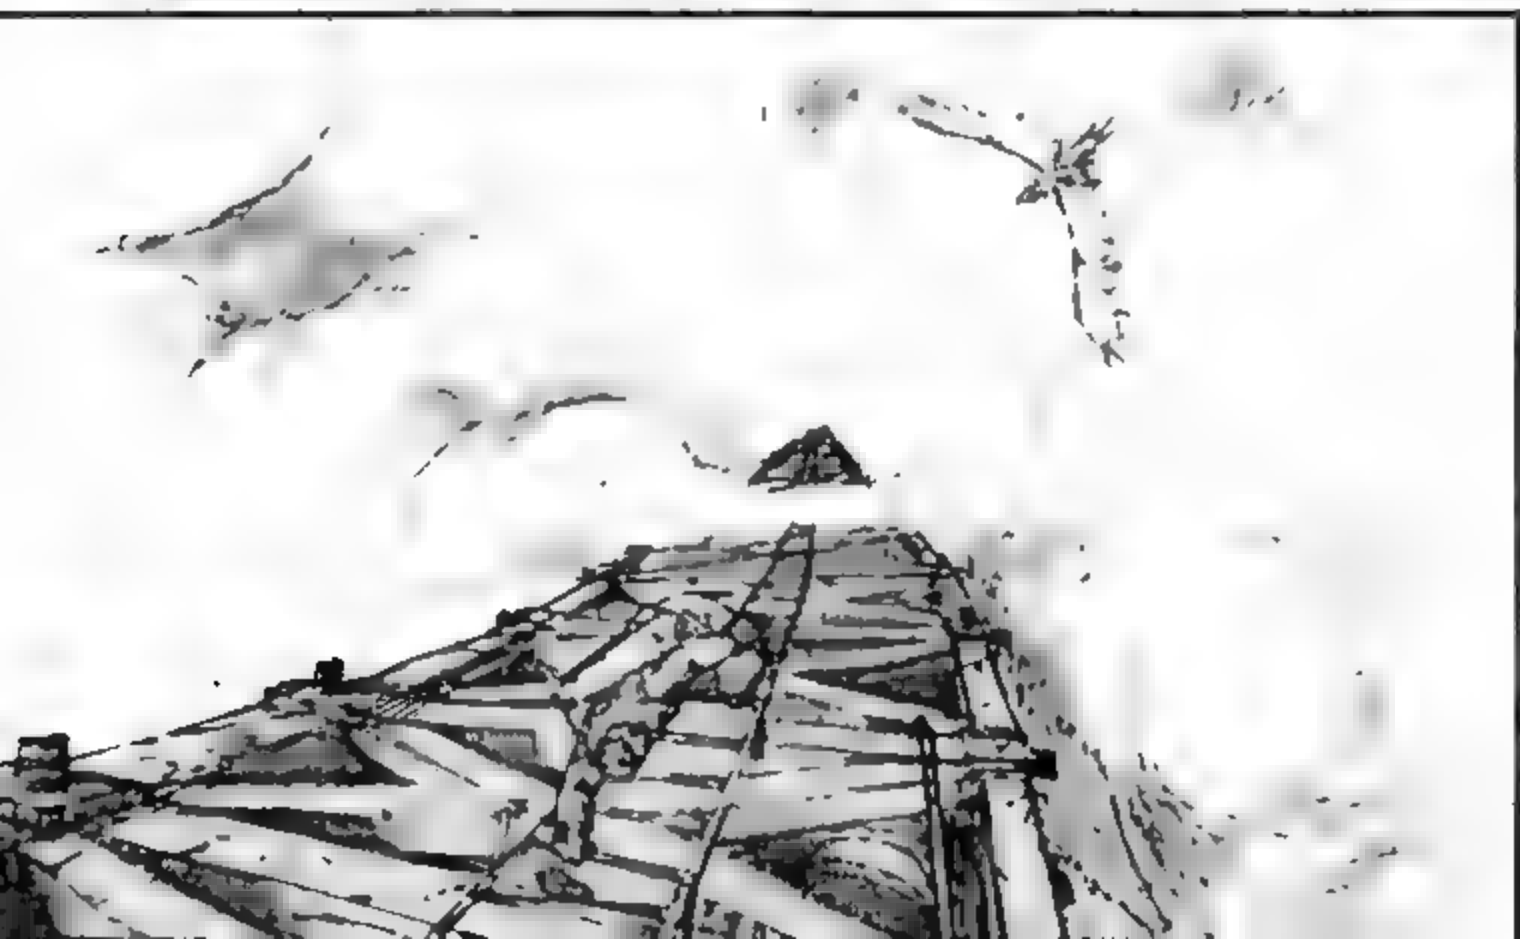

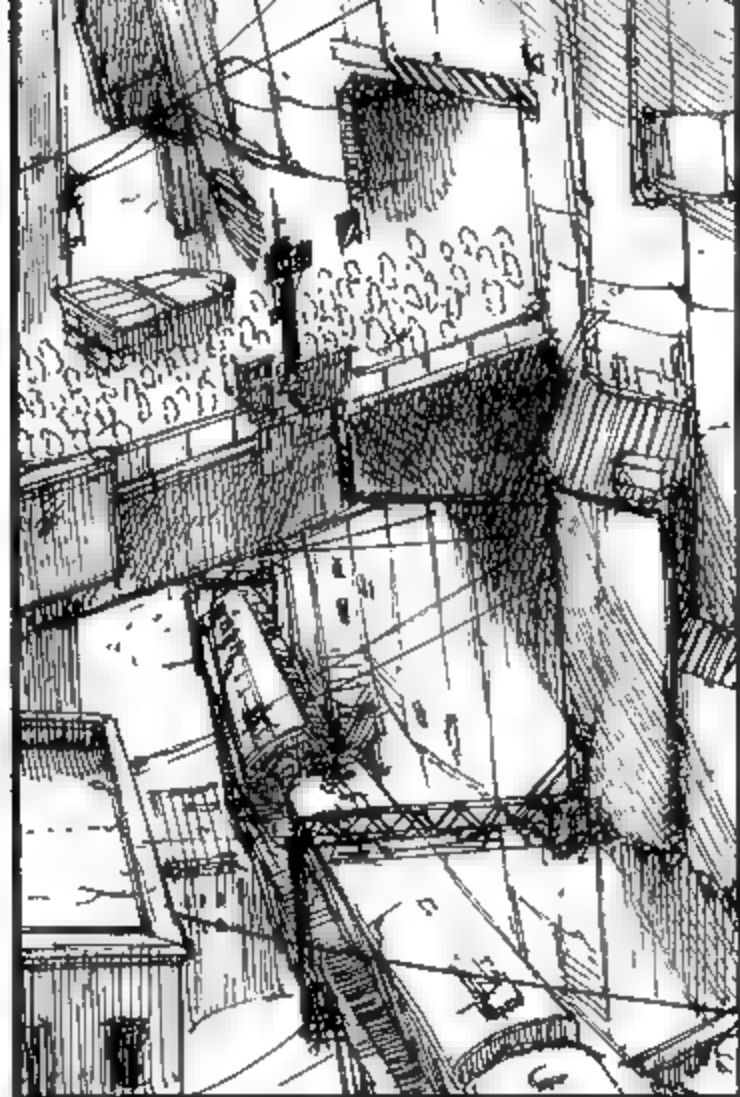

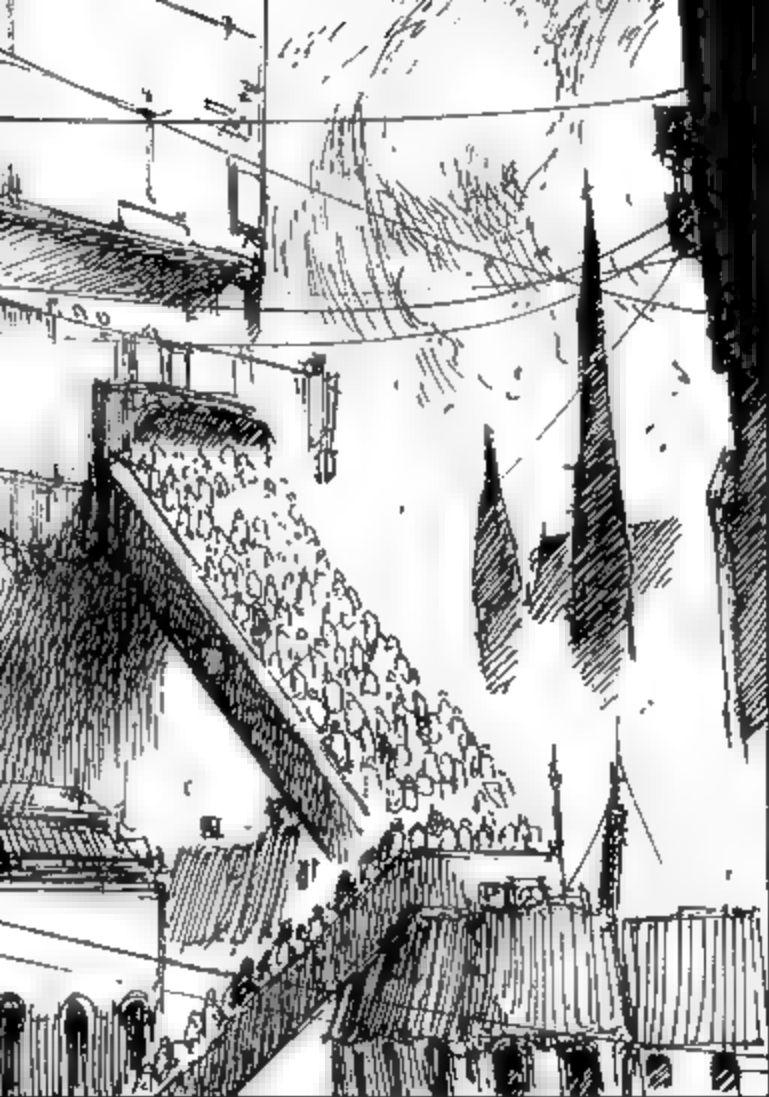

Só resta a gente aqui.

Eu tenho uma informação muito importante para você.

Inspetor Sakijima do Ministério das Forças Punitivas, certo?

Eu sou do grupo da 4ª Crônica.

Quem está falando?

8. Goma laminto

Mas o que isso quer dizer?!

"Não se preocupe, nós ainda temos outro?!"

Eu sei, por isso fizemos planos para recuperarmos eles.

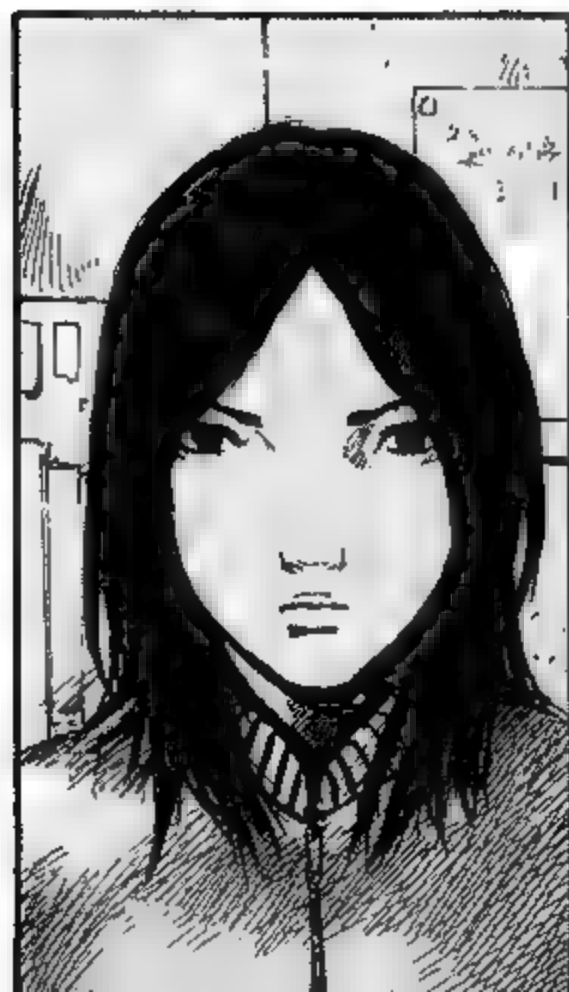

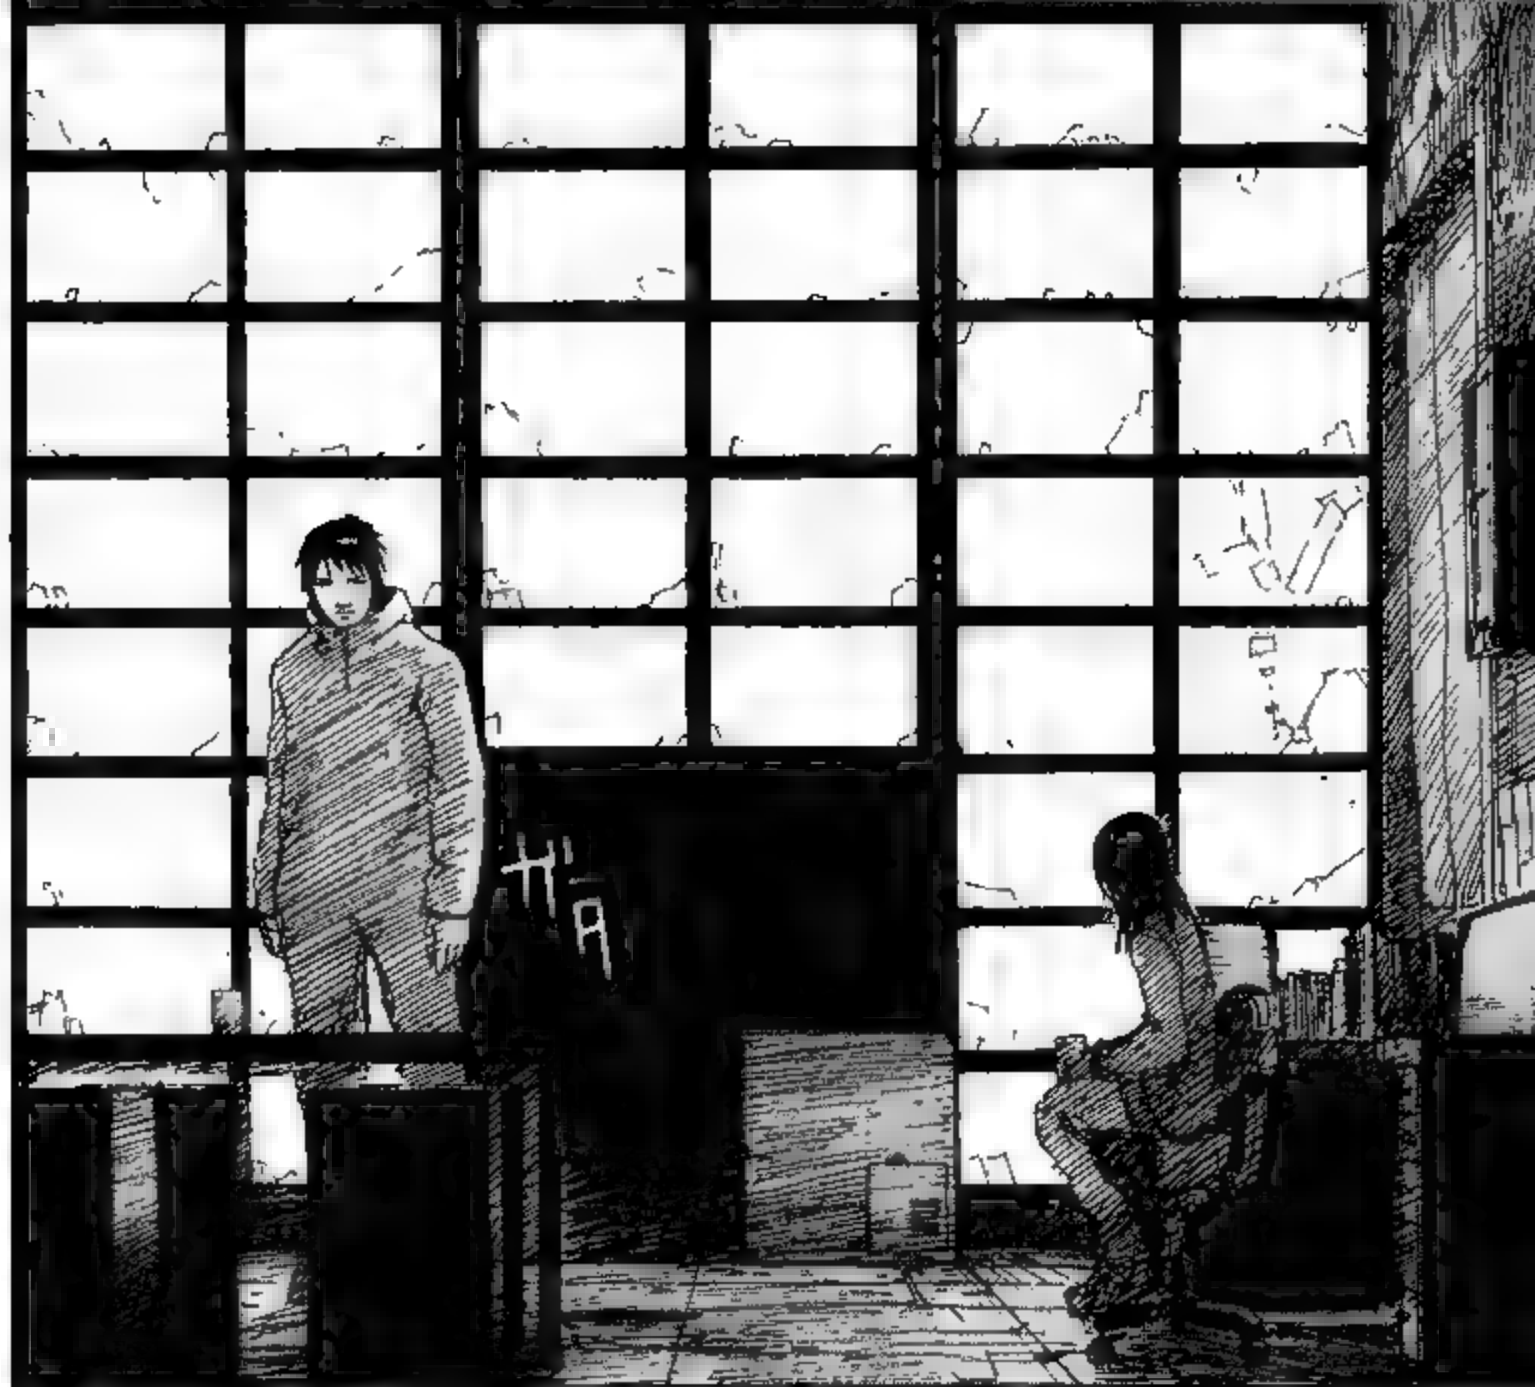

Três de nós foram descarregados!

E eu também não quero saber como você quer usá-los desta vez, também. Não vale a pena!

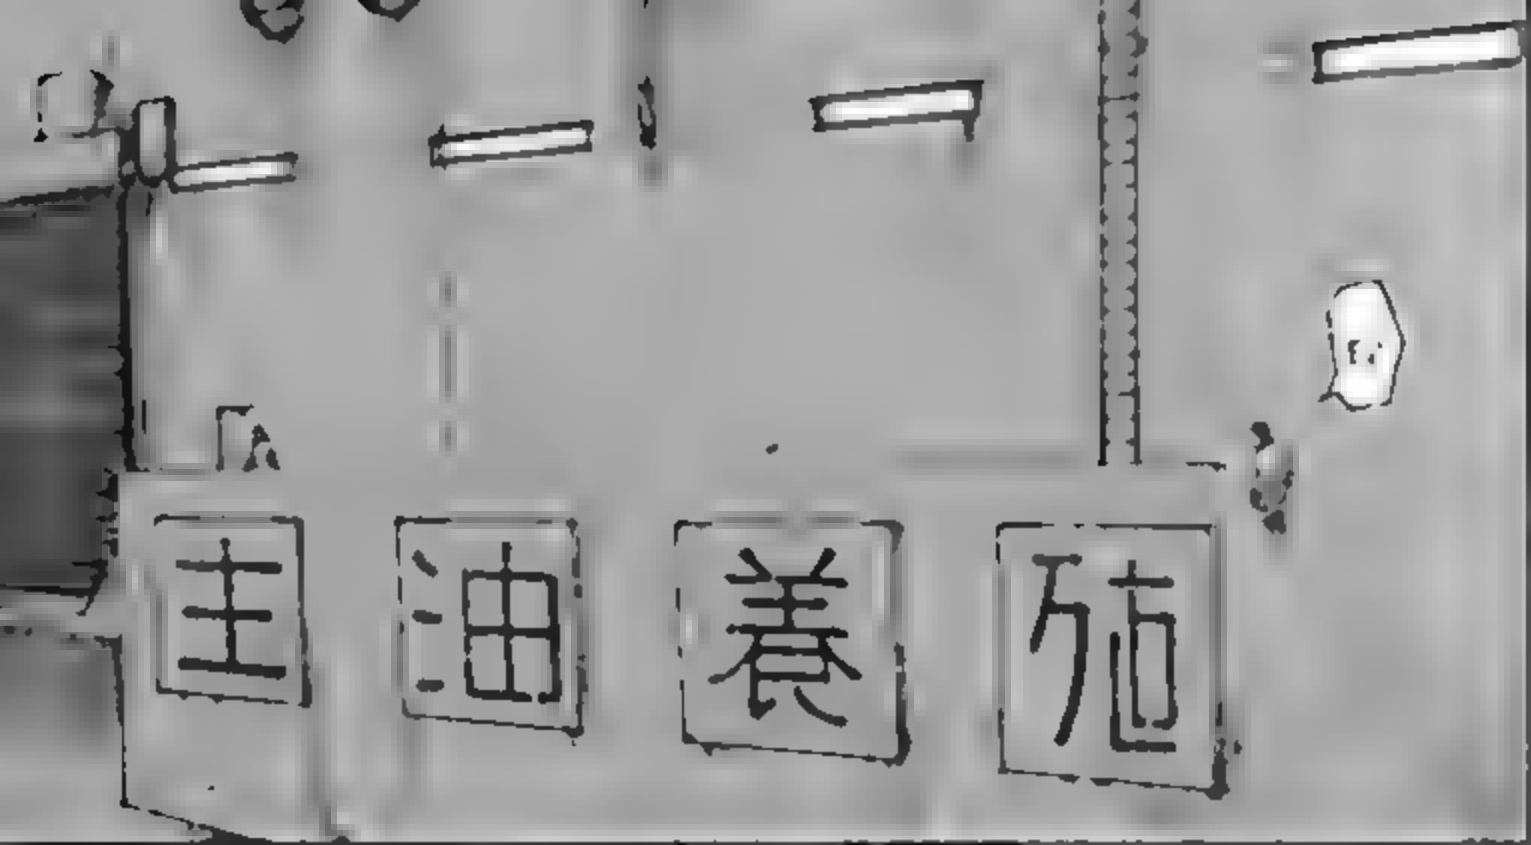

Nós não deveríamos estar fazendo mais algum!

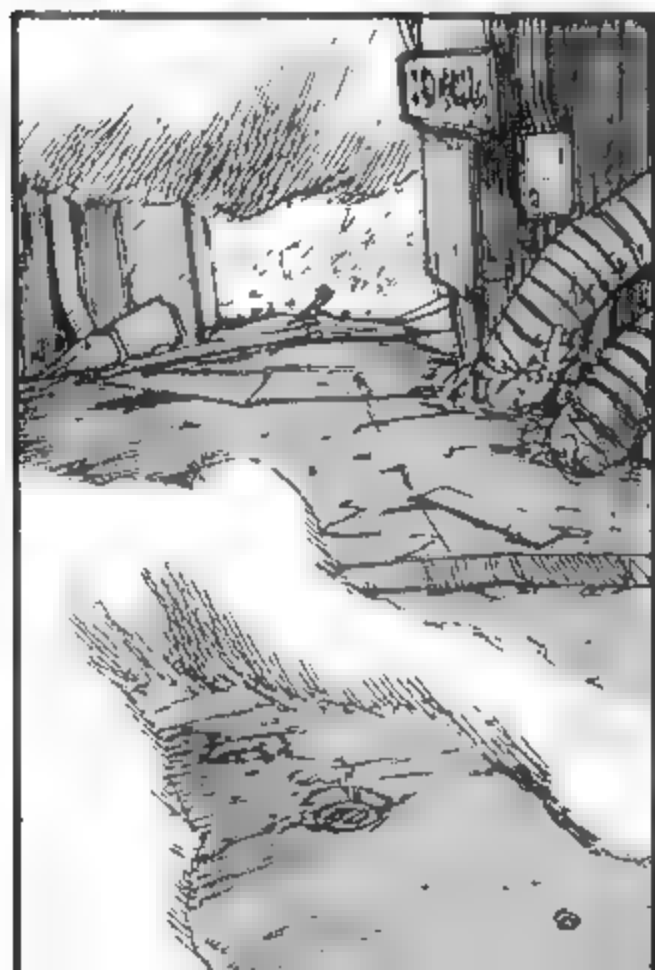

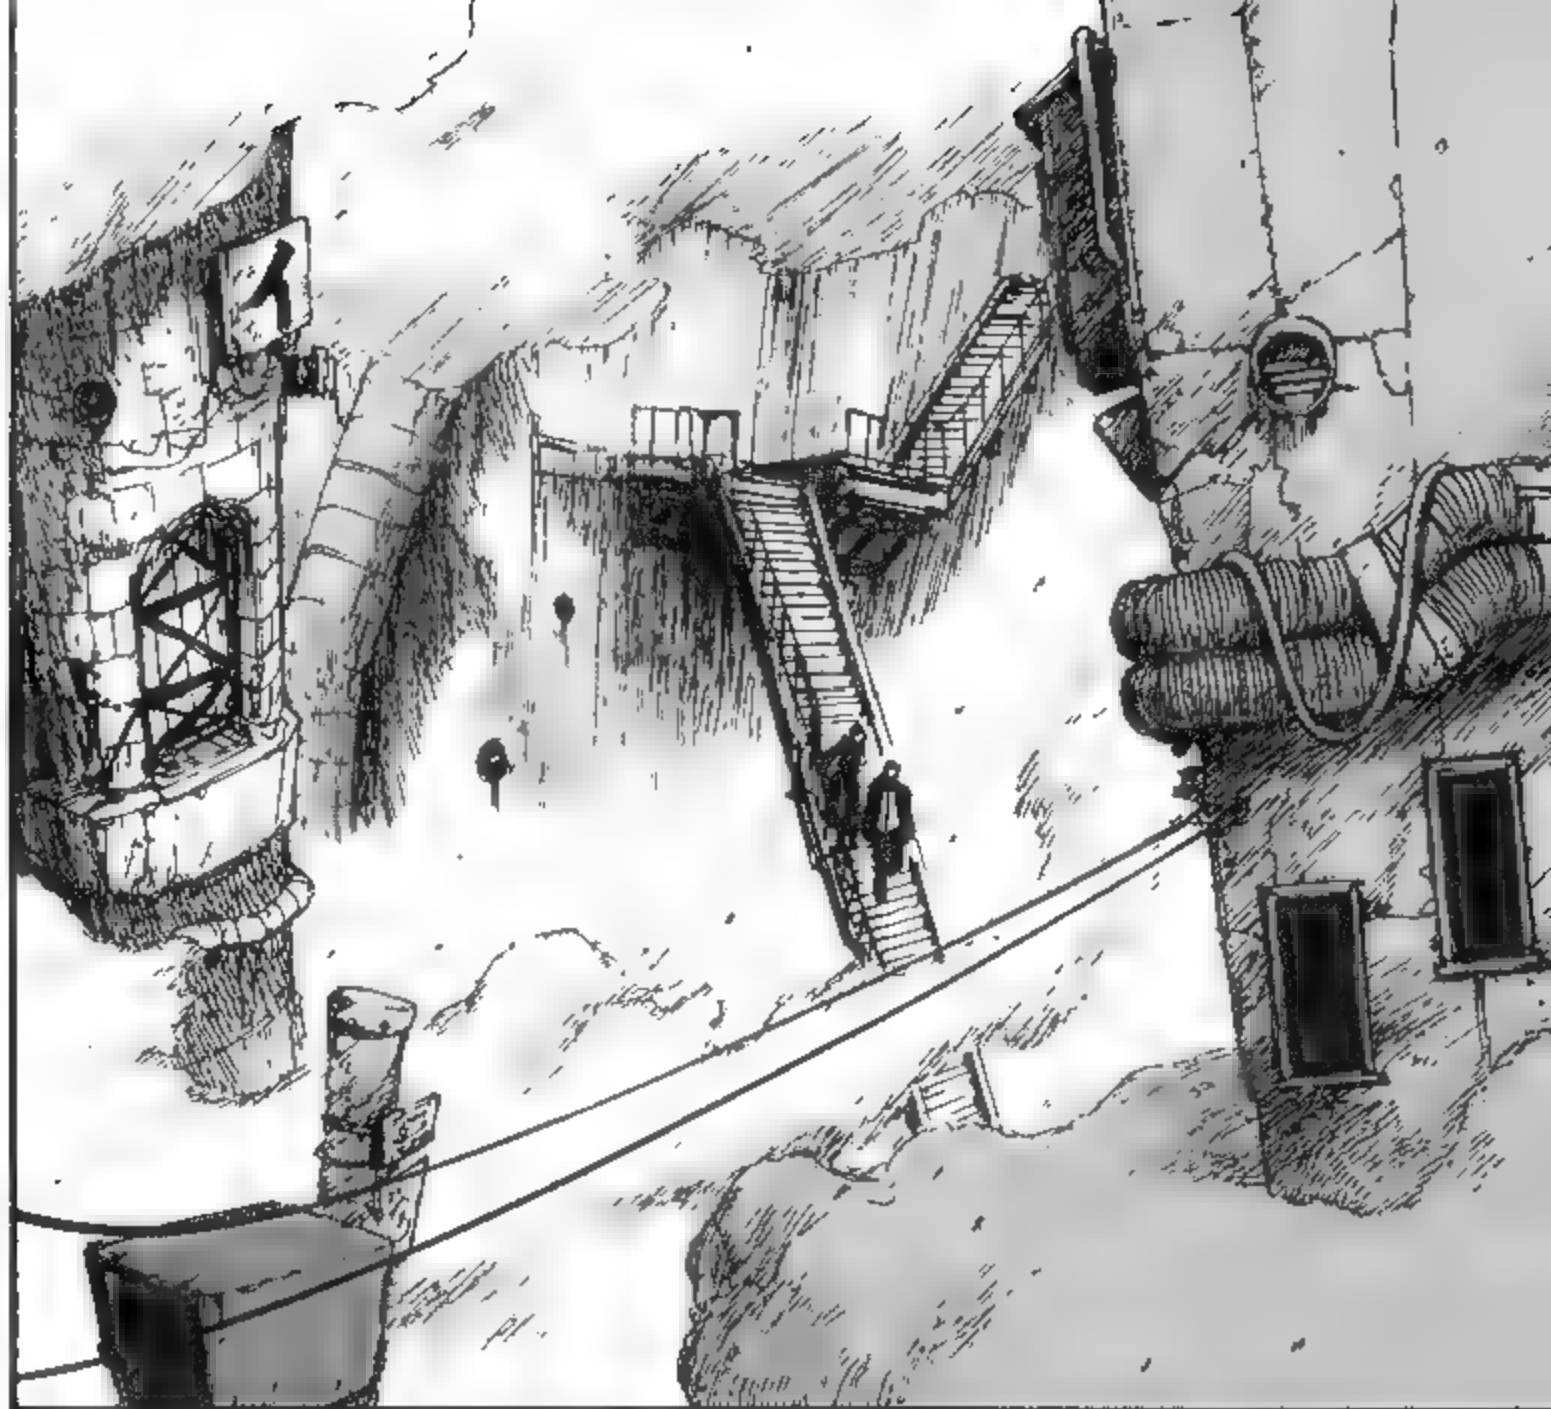

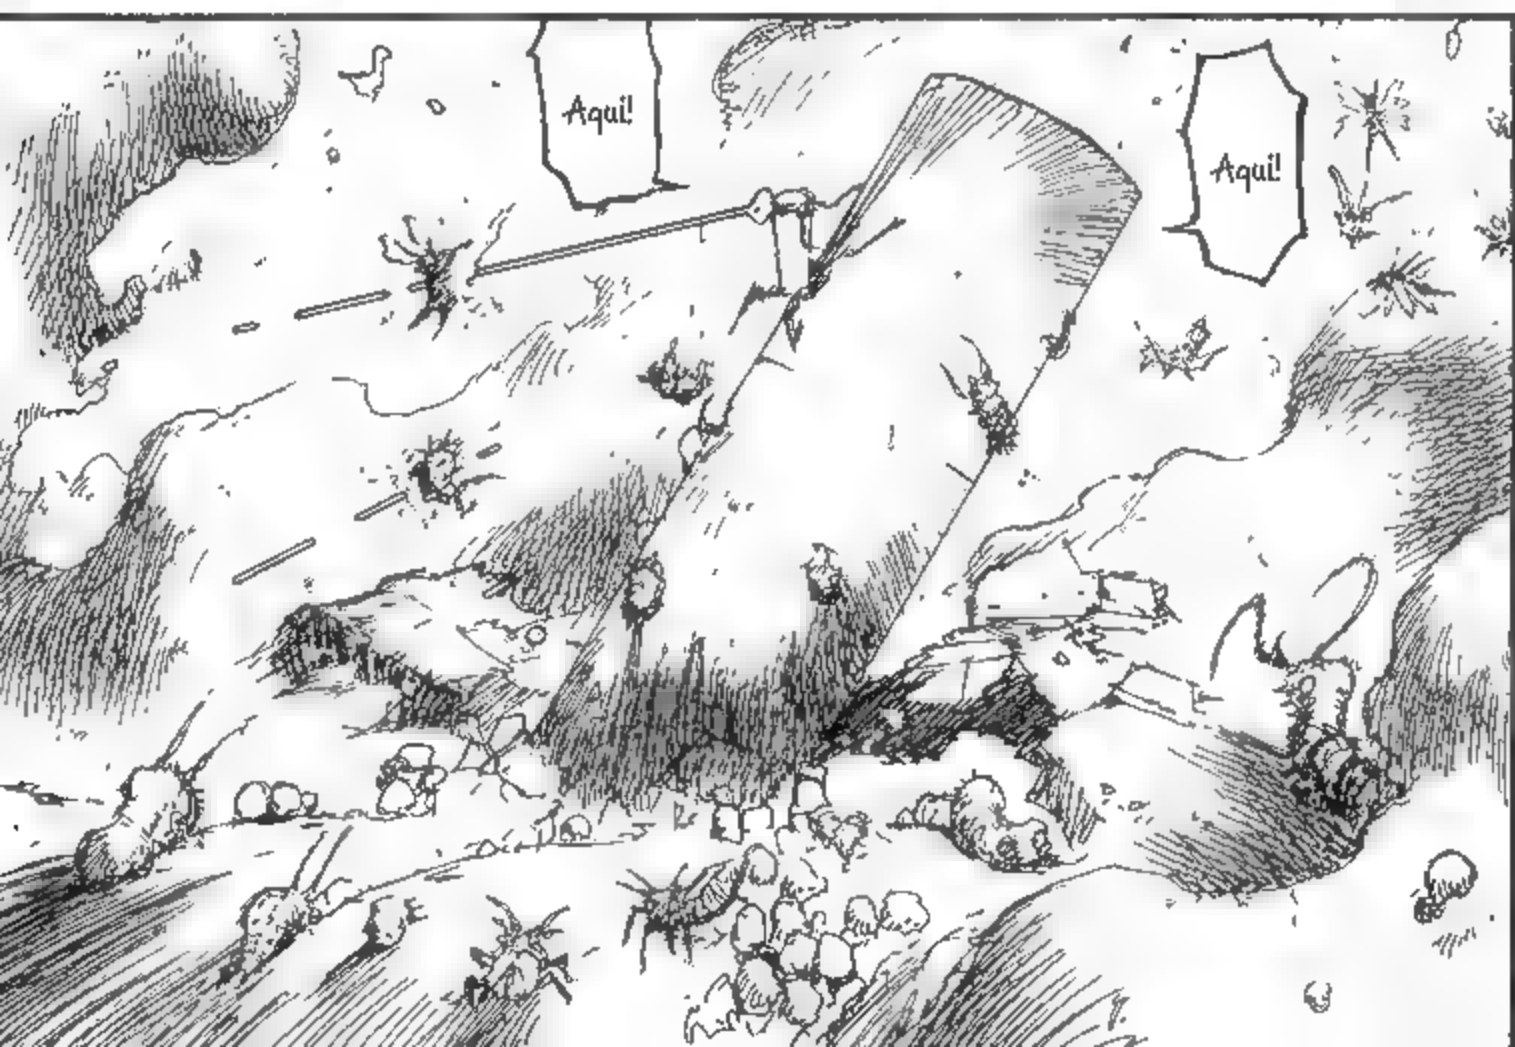

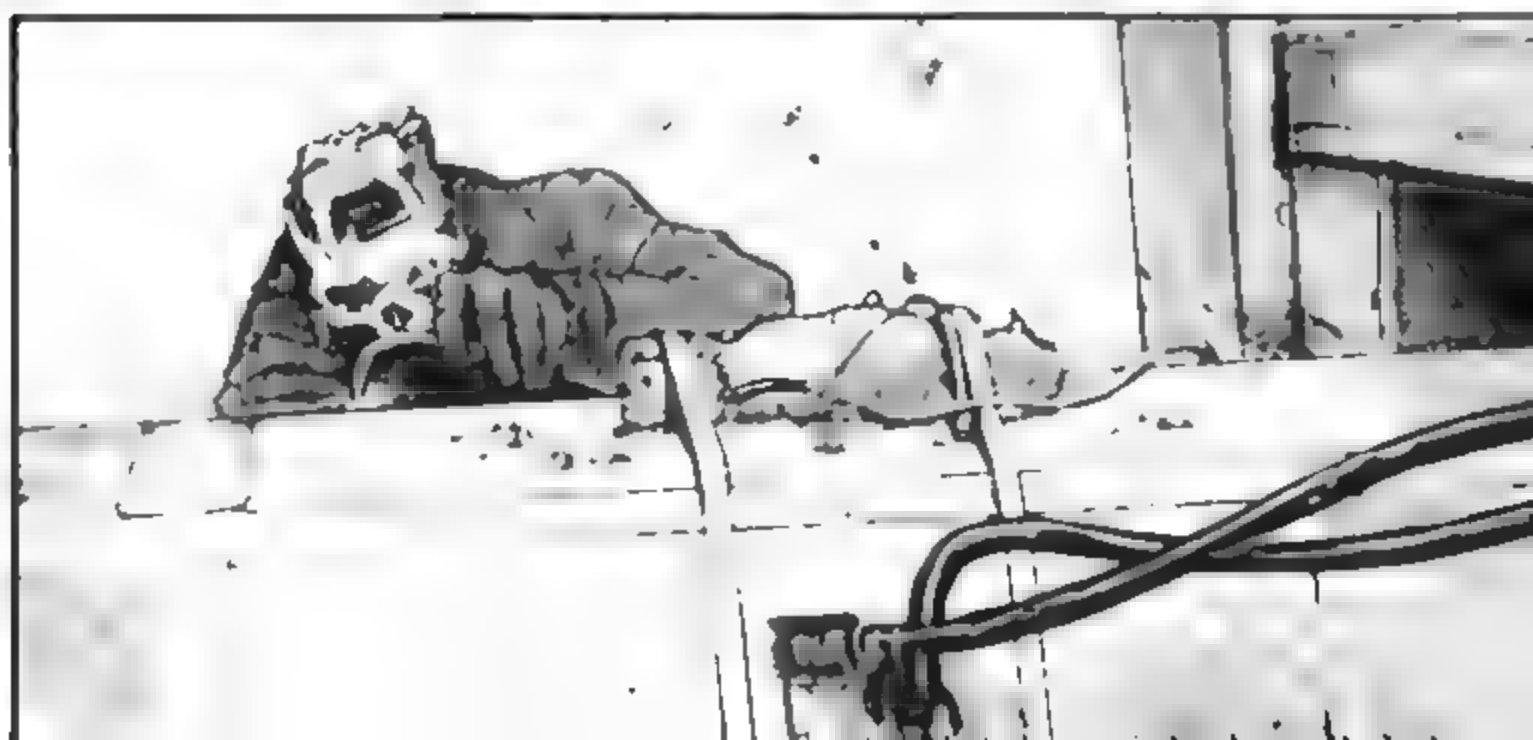

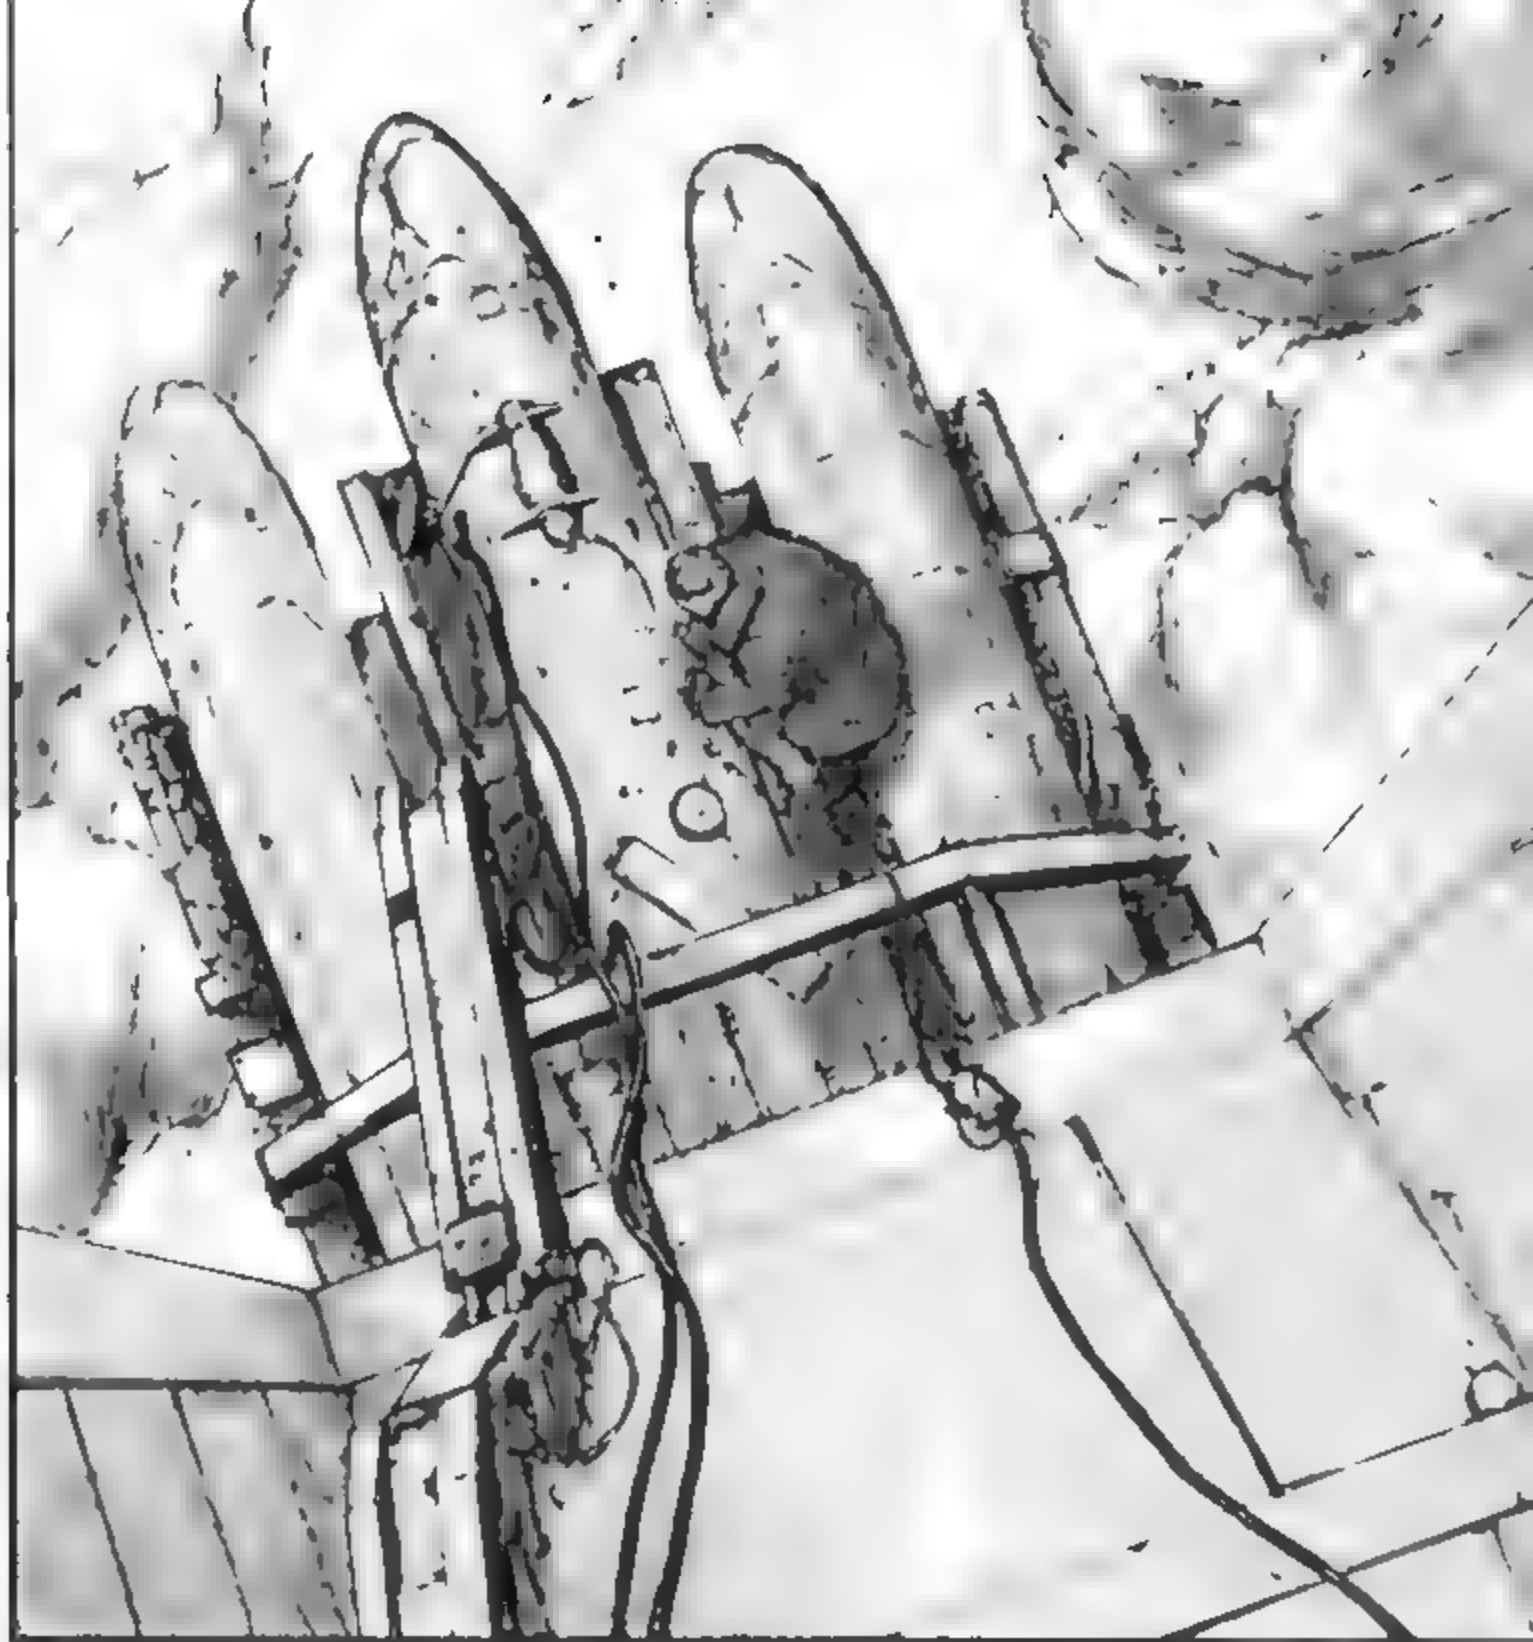

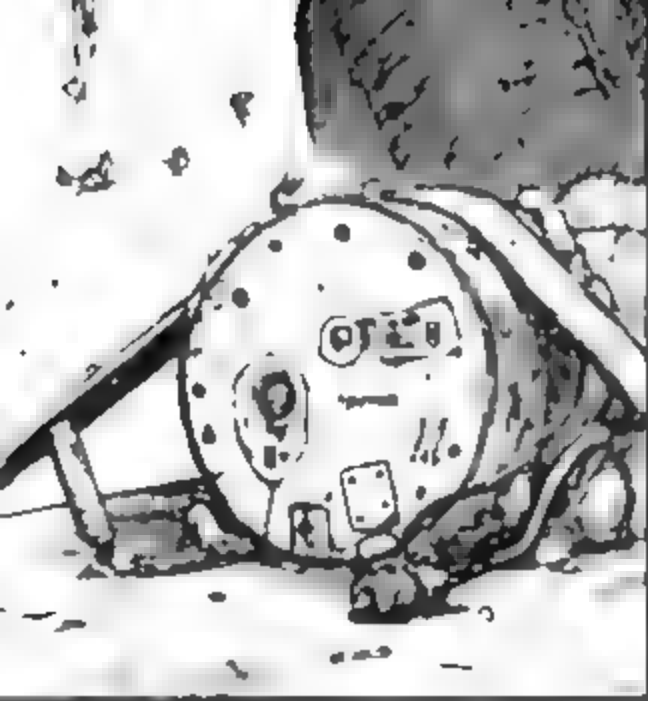

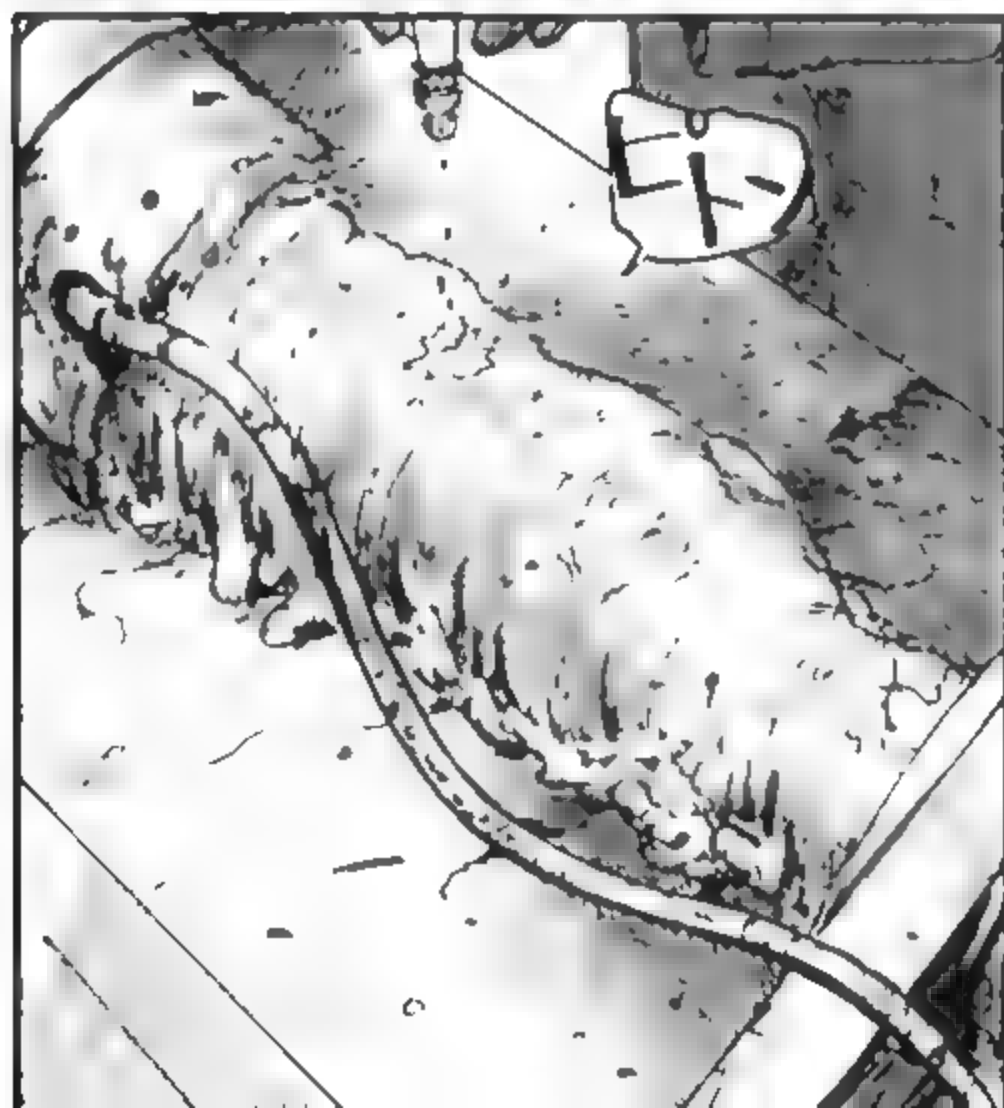

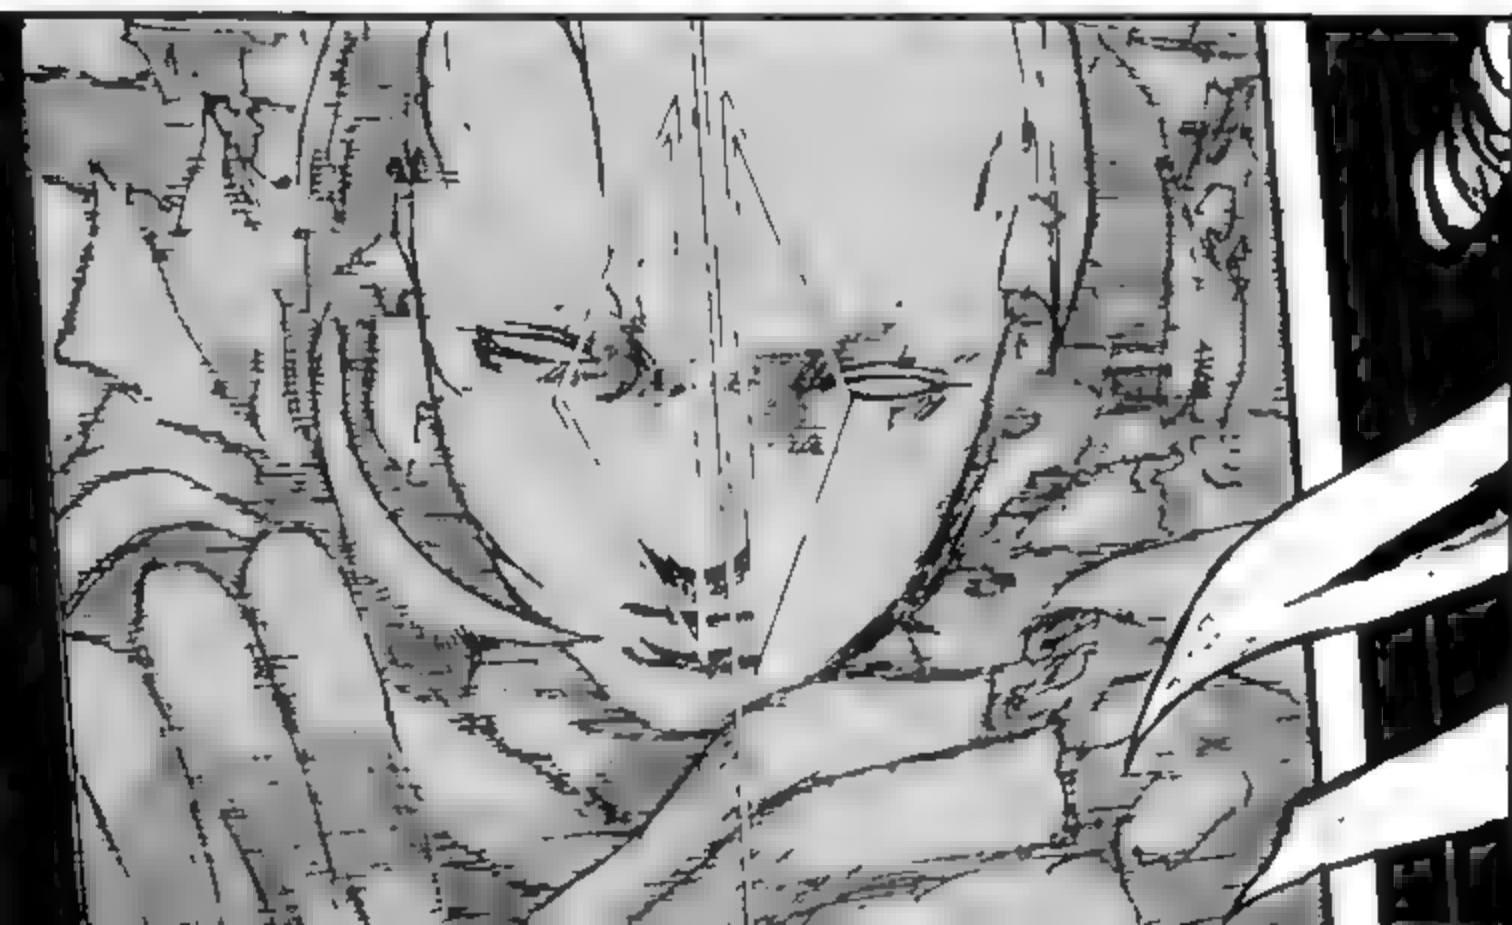

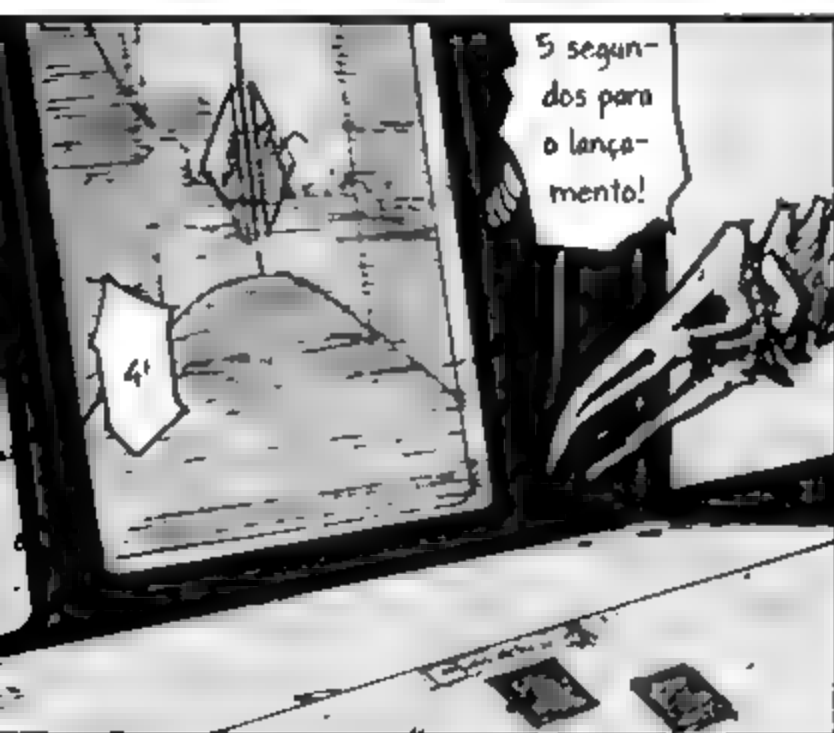

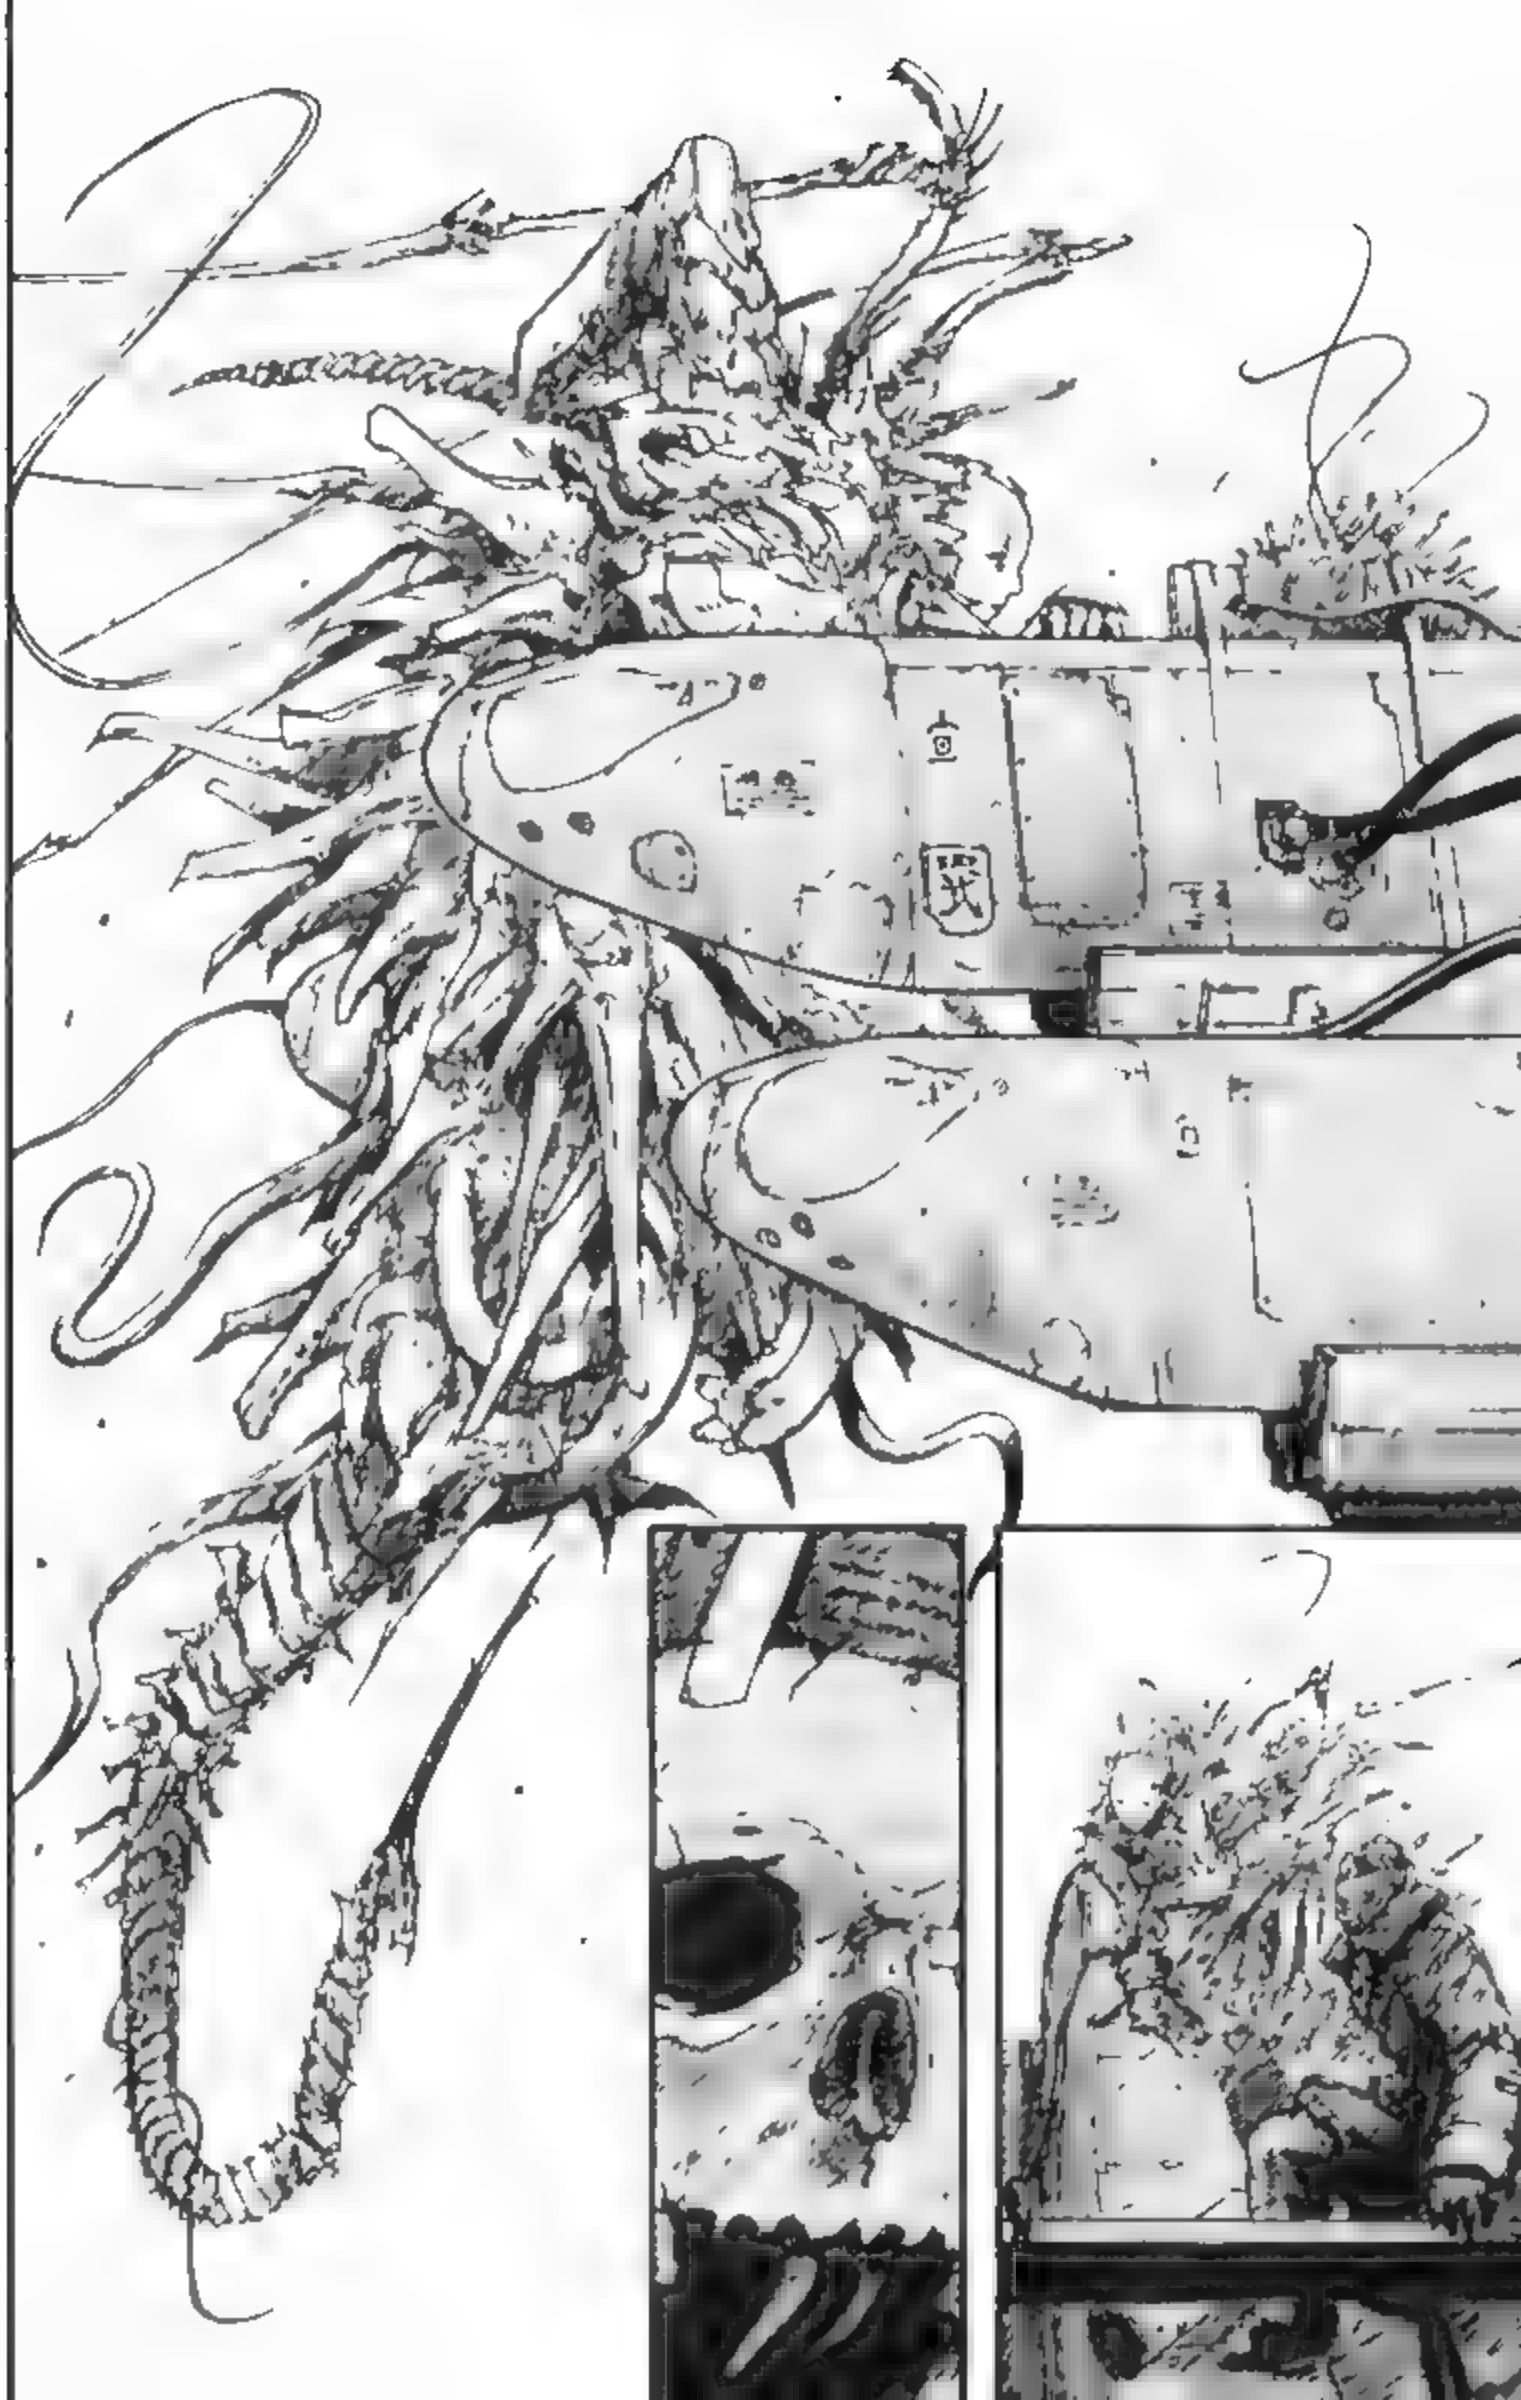

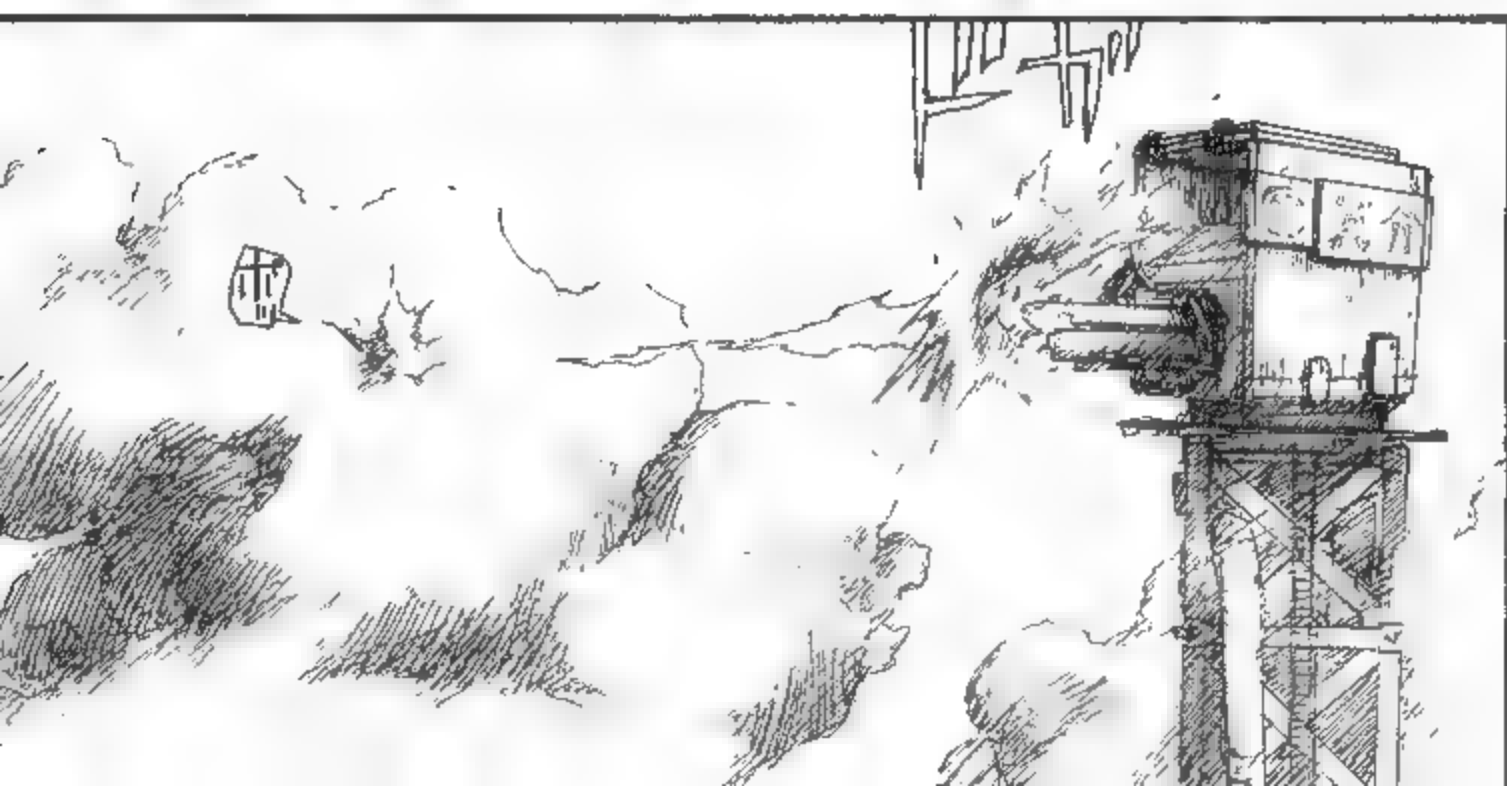

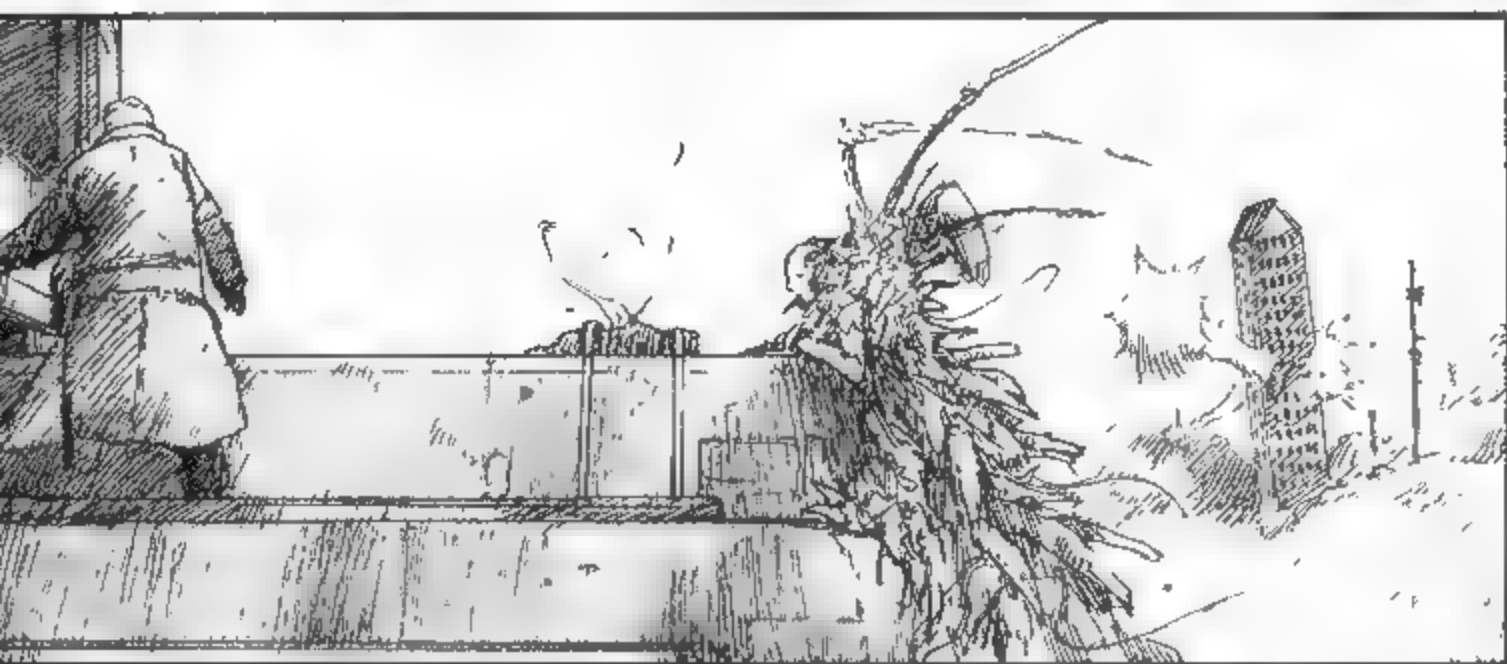

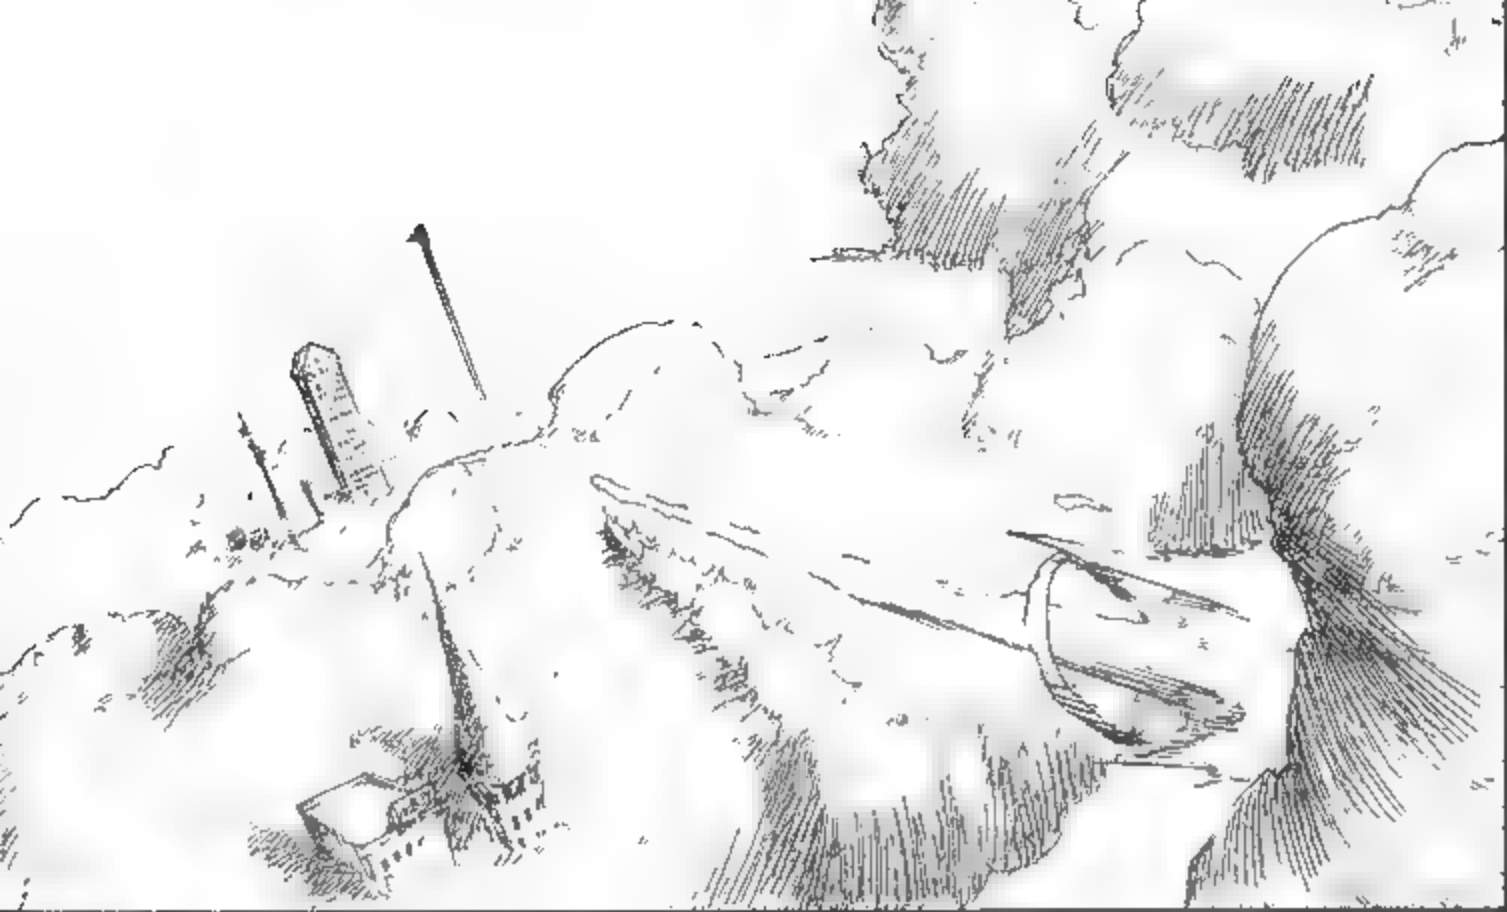

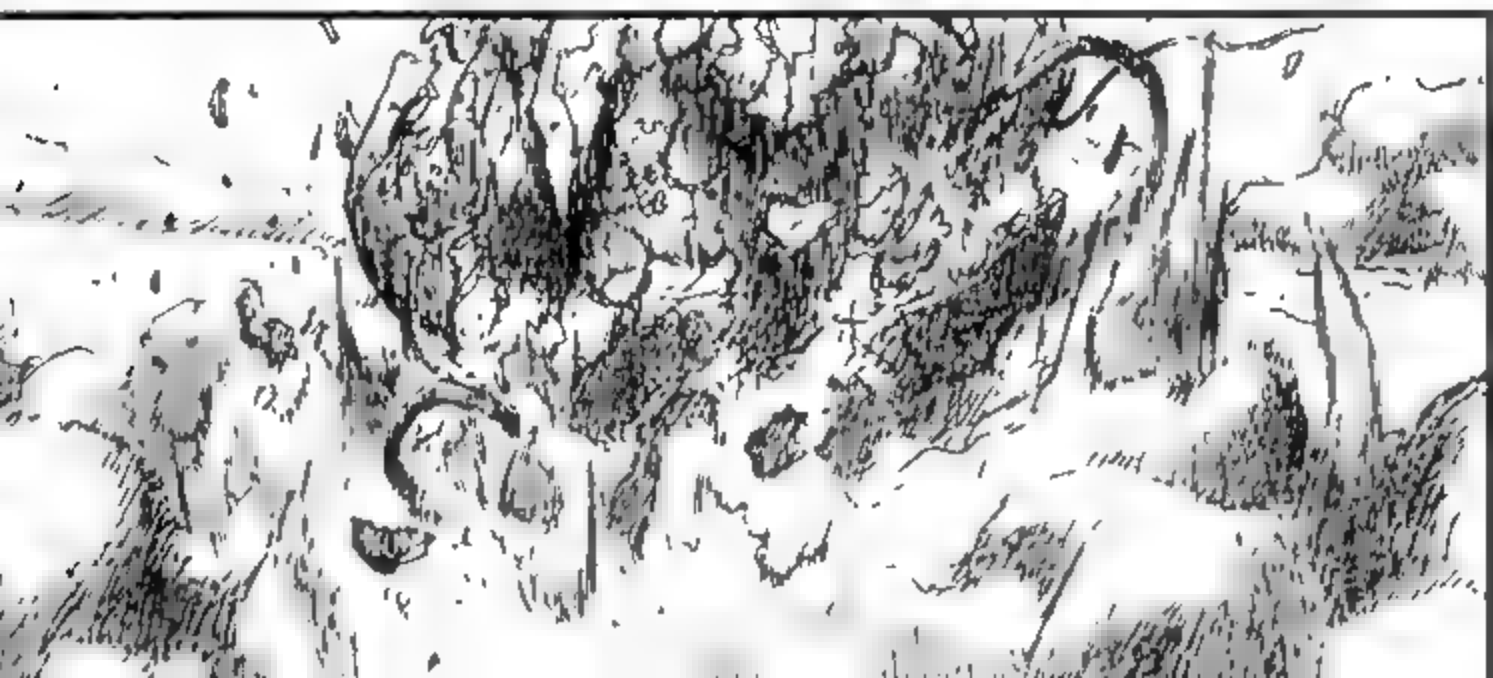

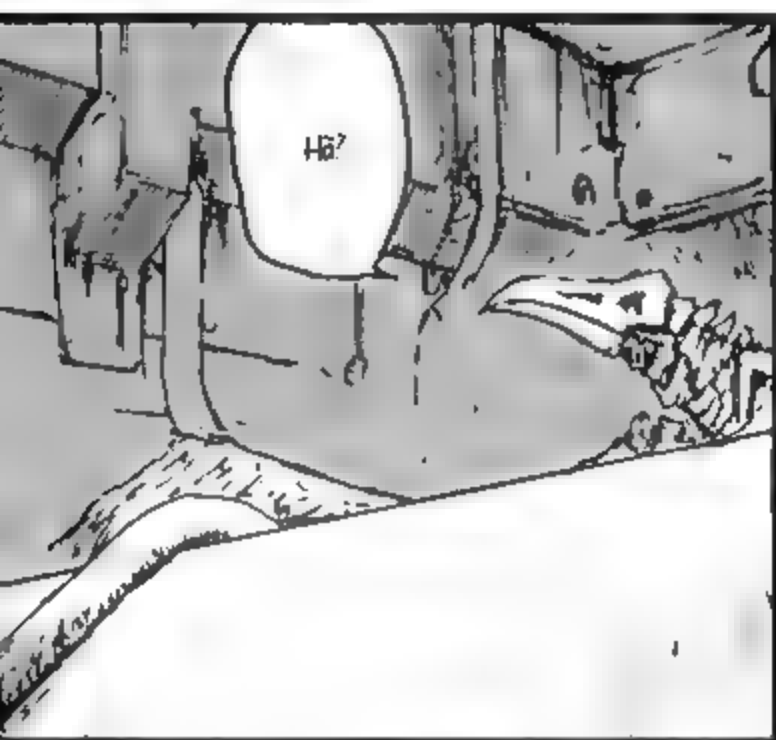

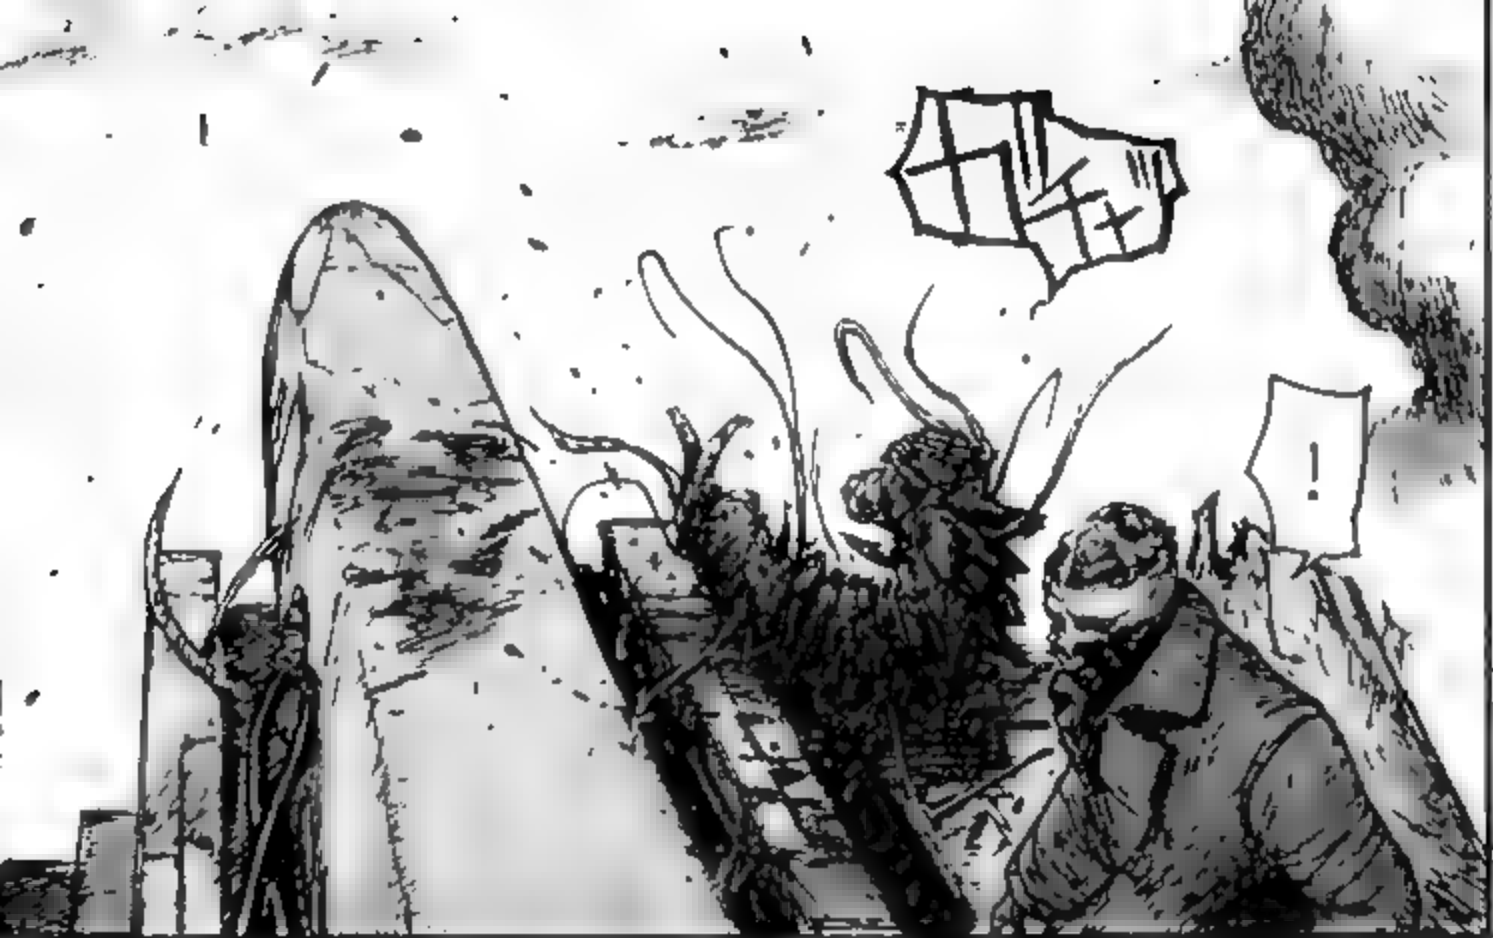

Eeeee!

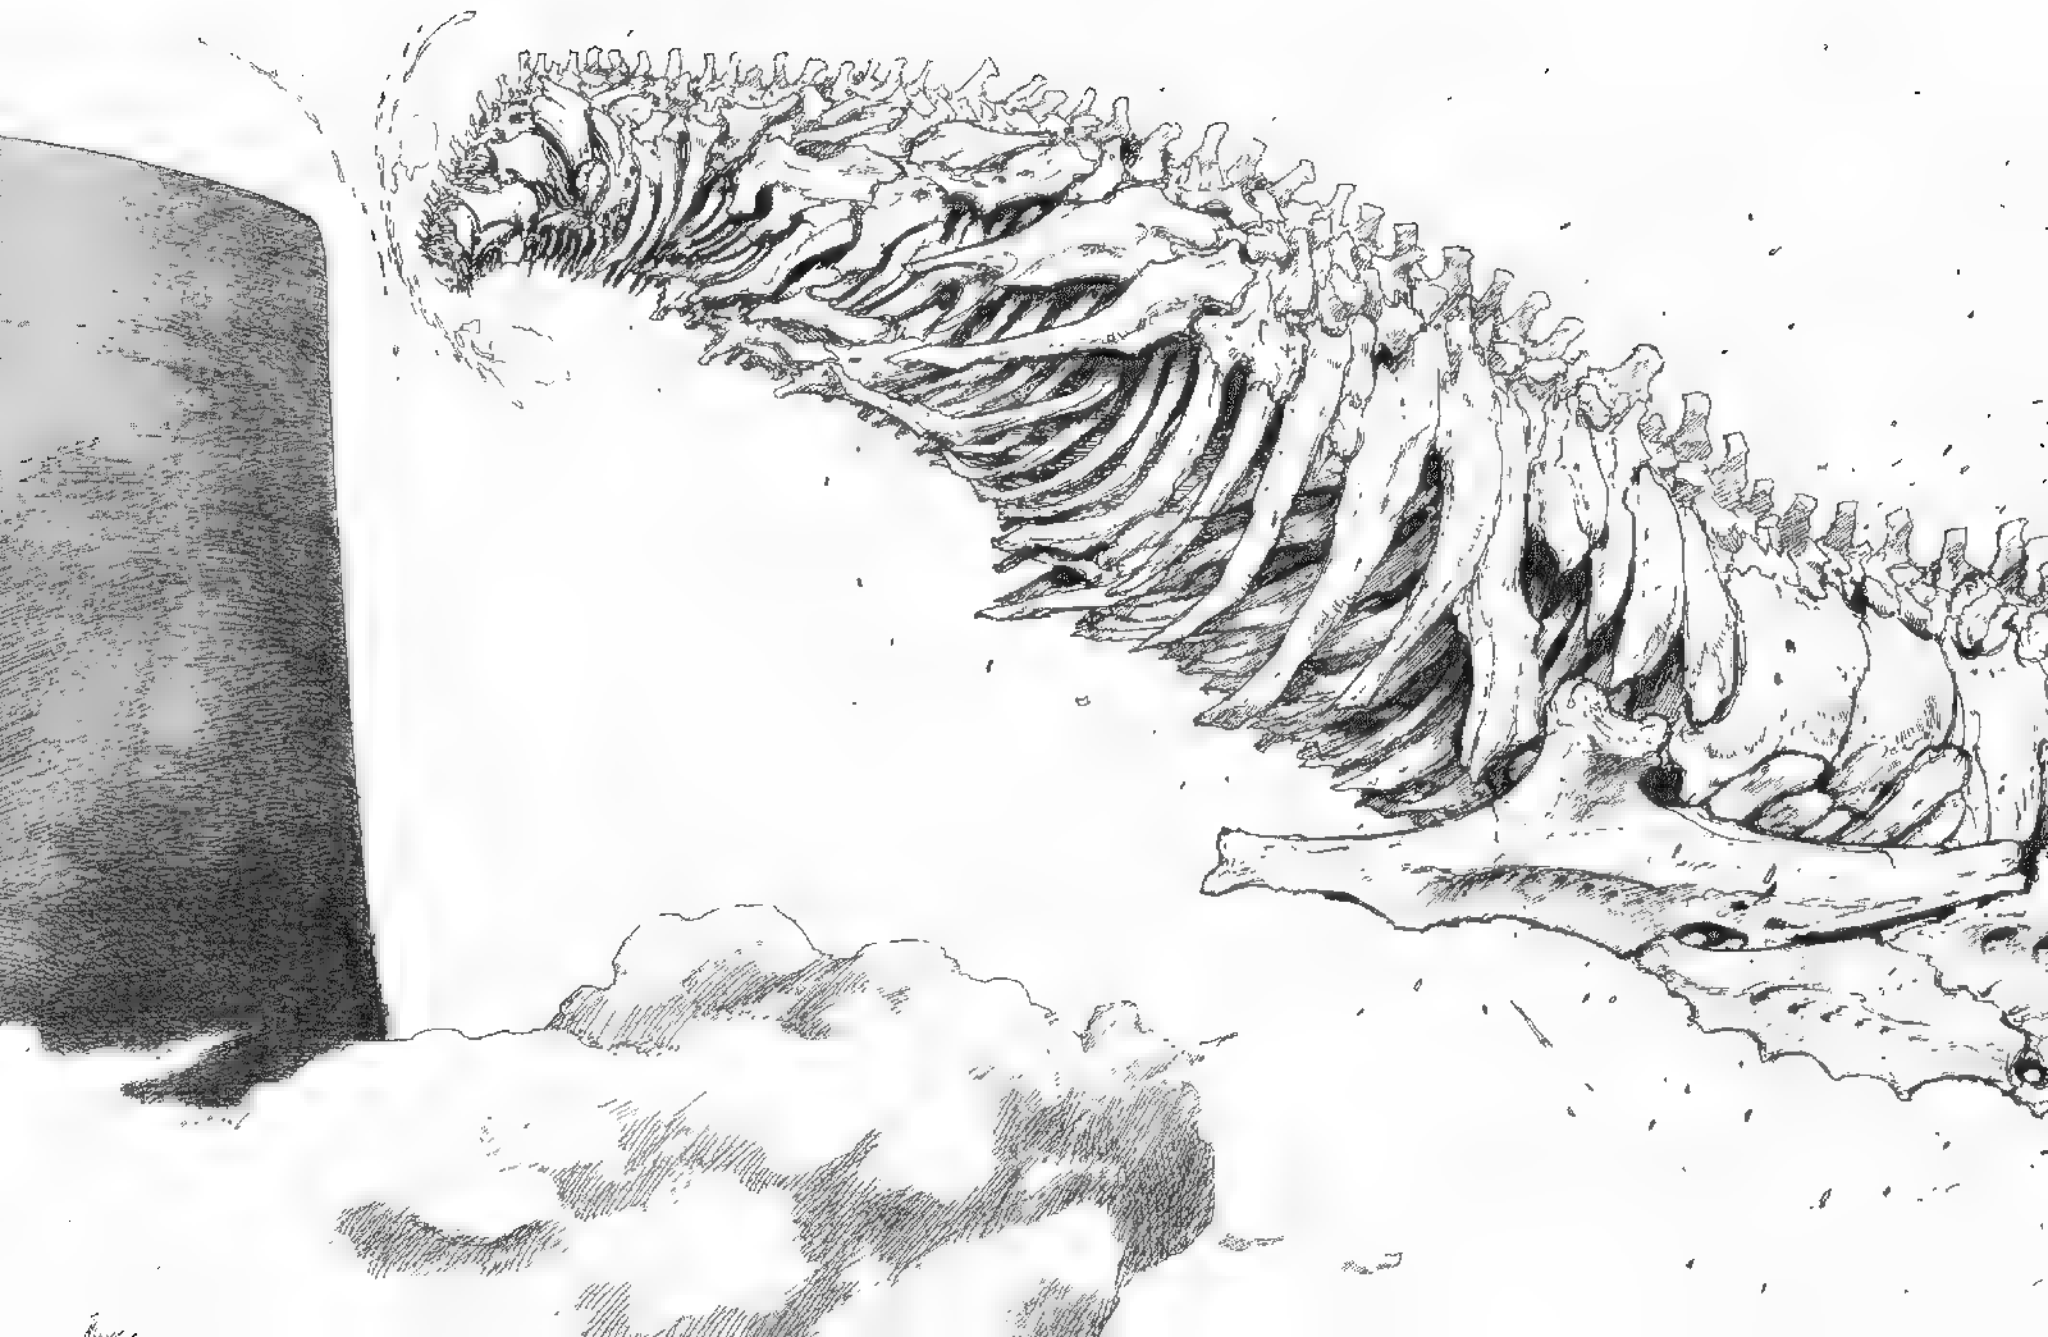

O gauna
negro veio
para nos
ajudar.

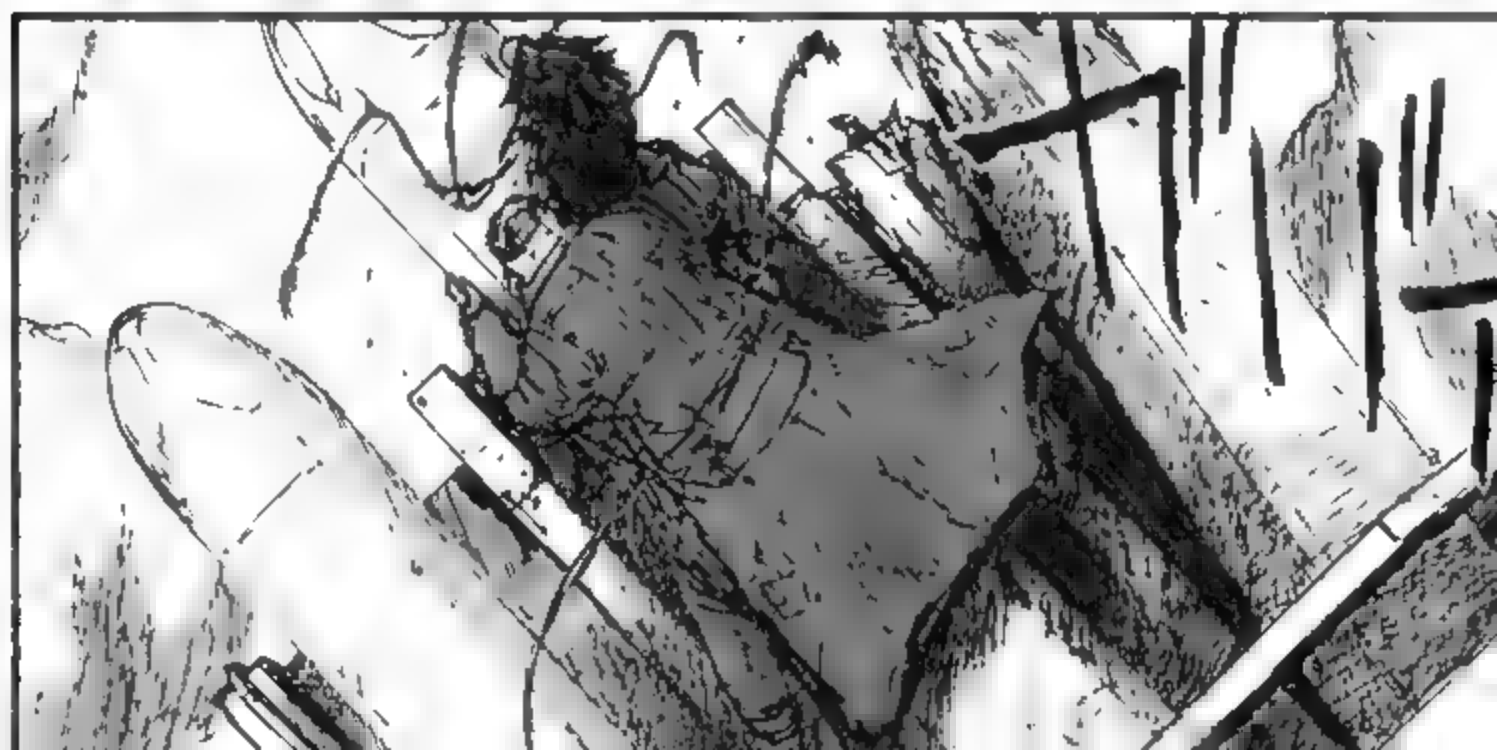

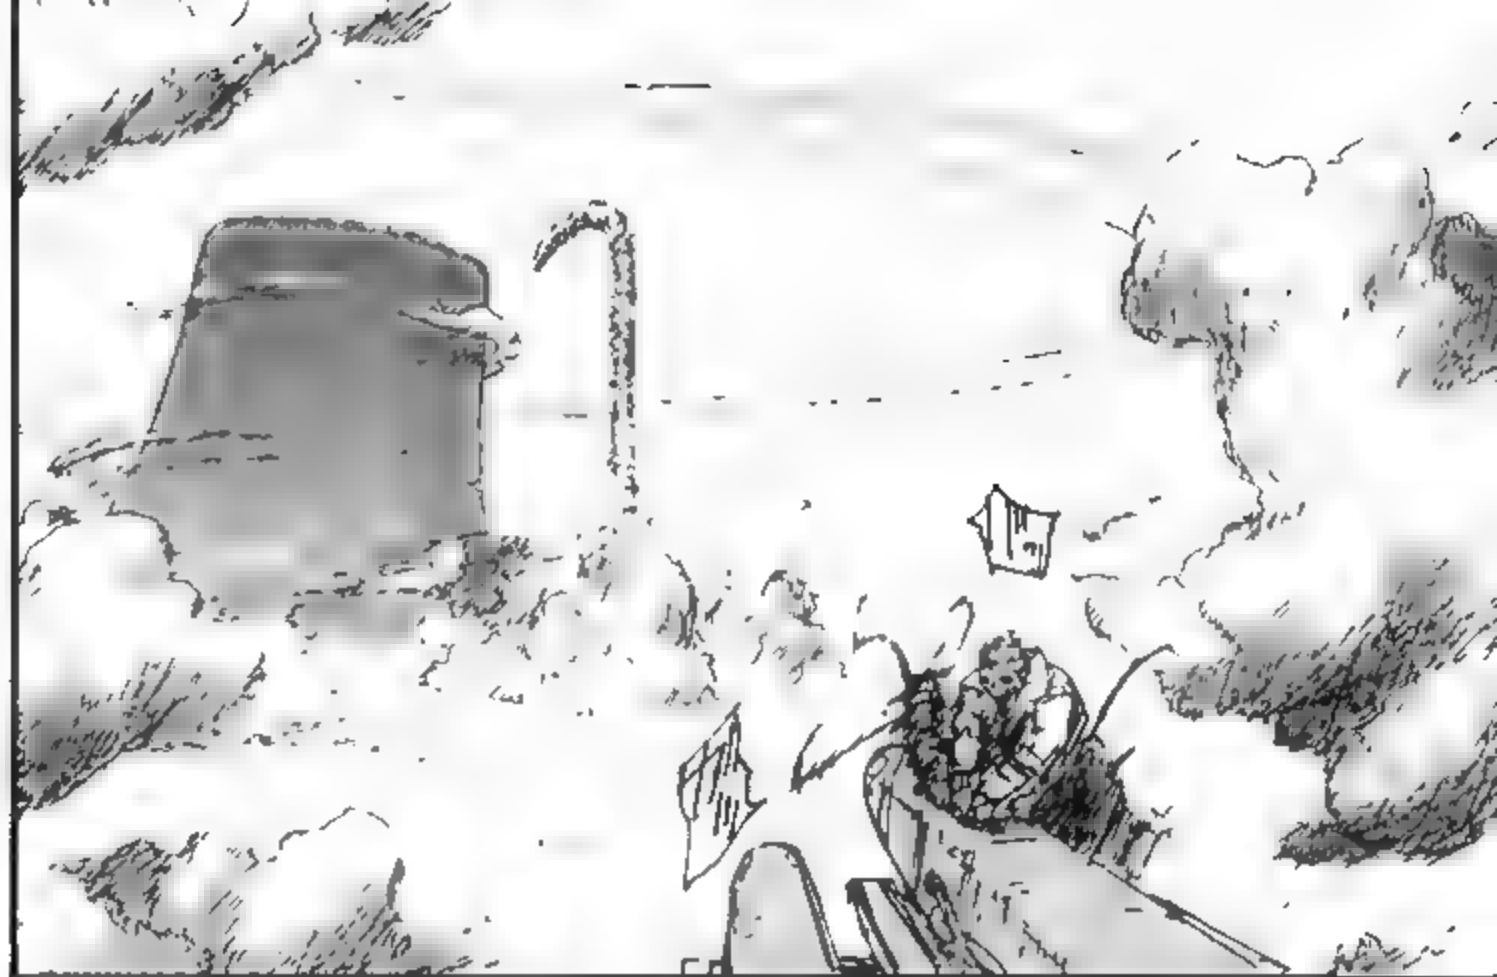

Relaxa, já
acabou!

Agora é
a nossa
chance!
Atire!

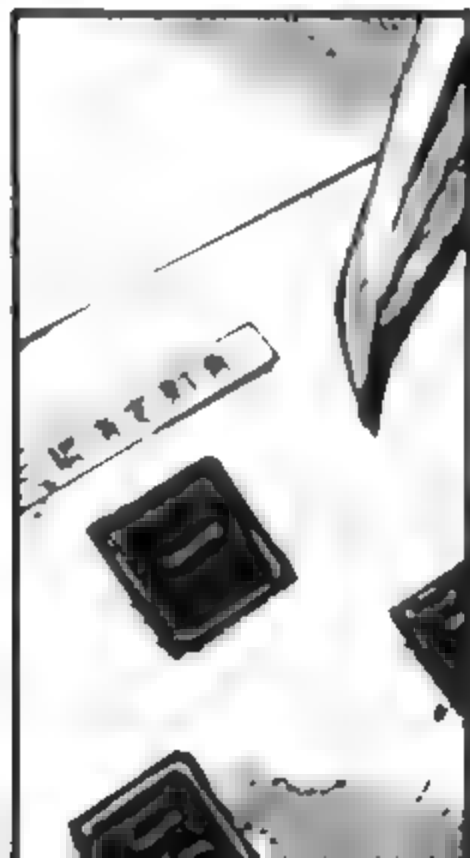

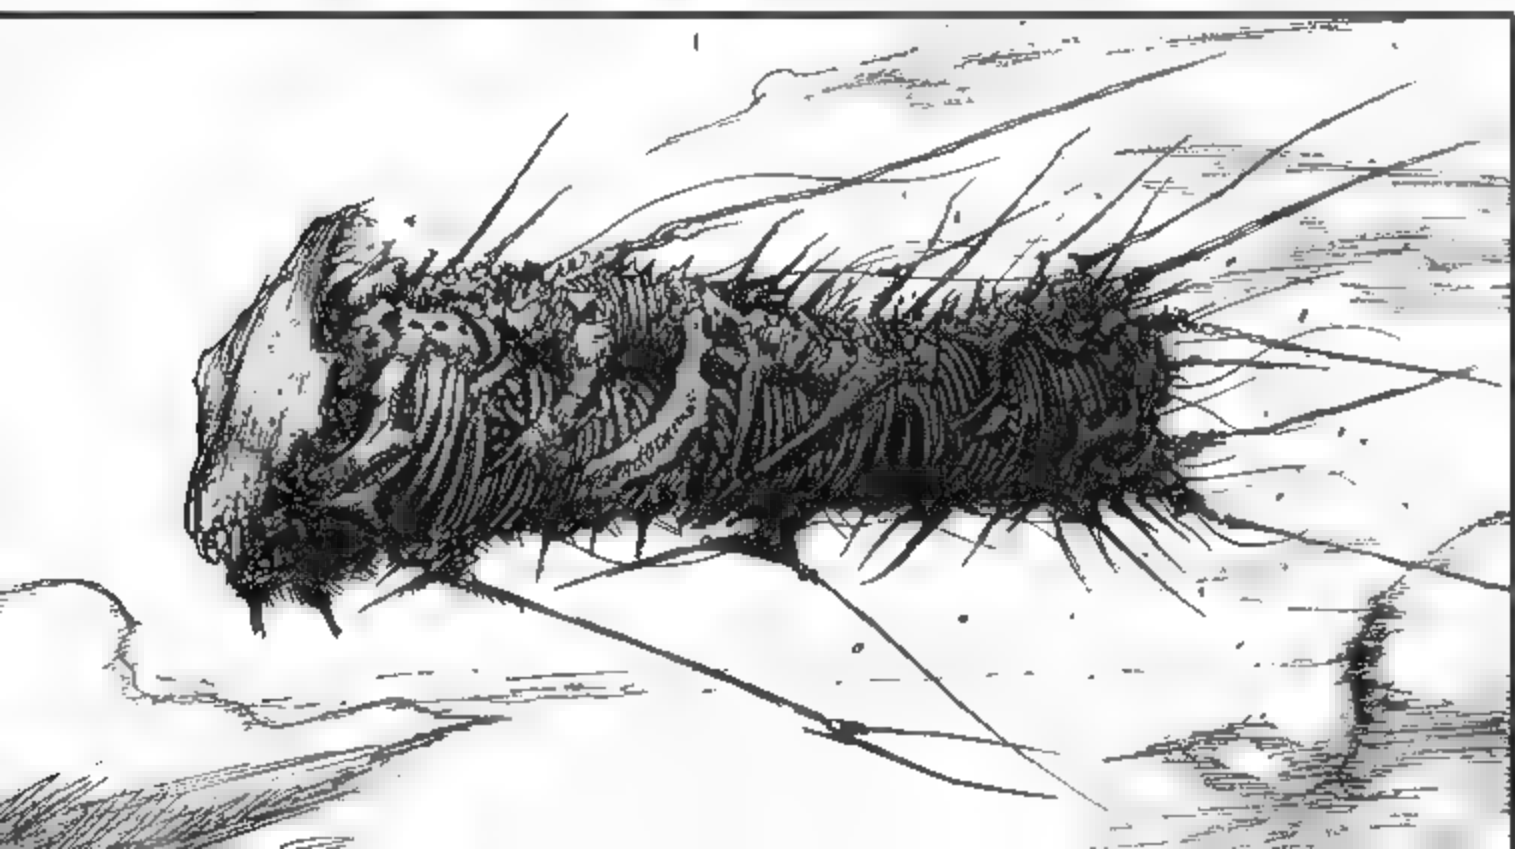

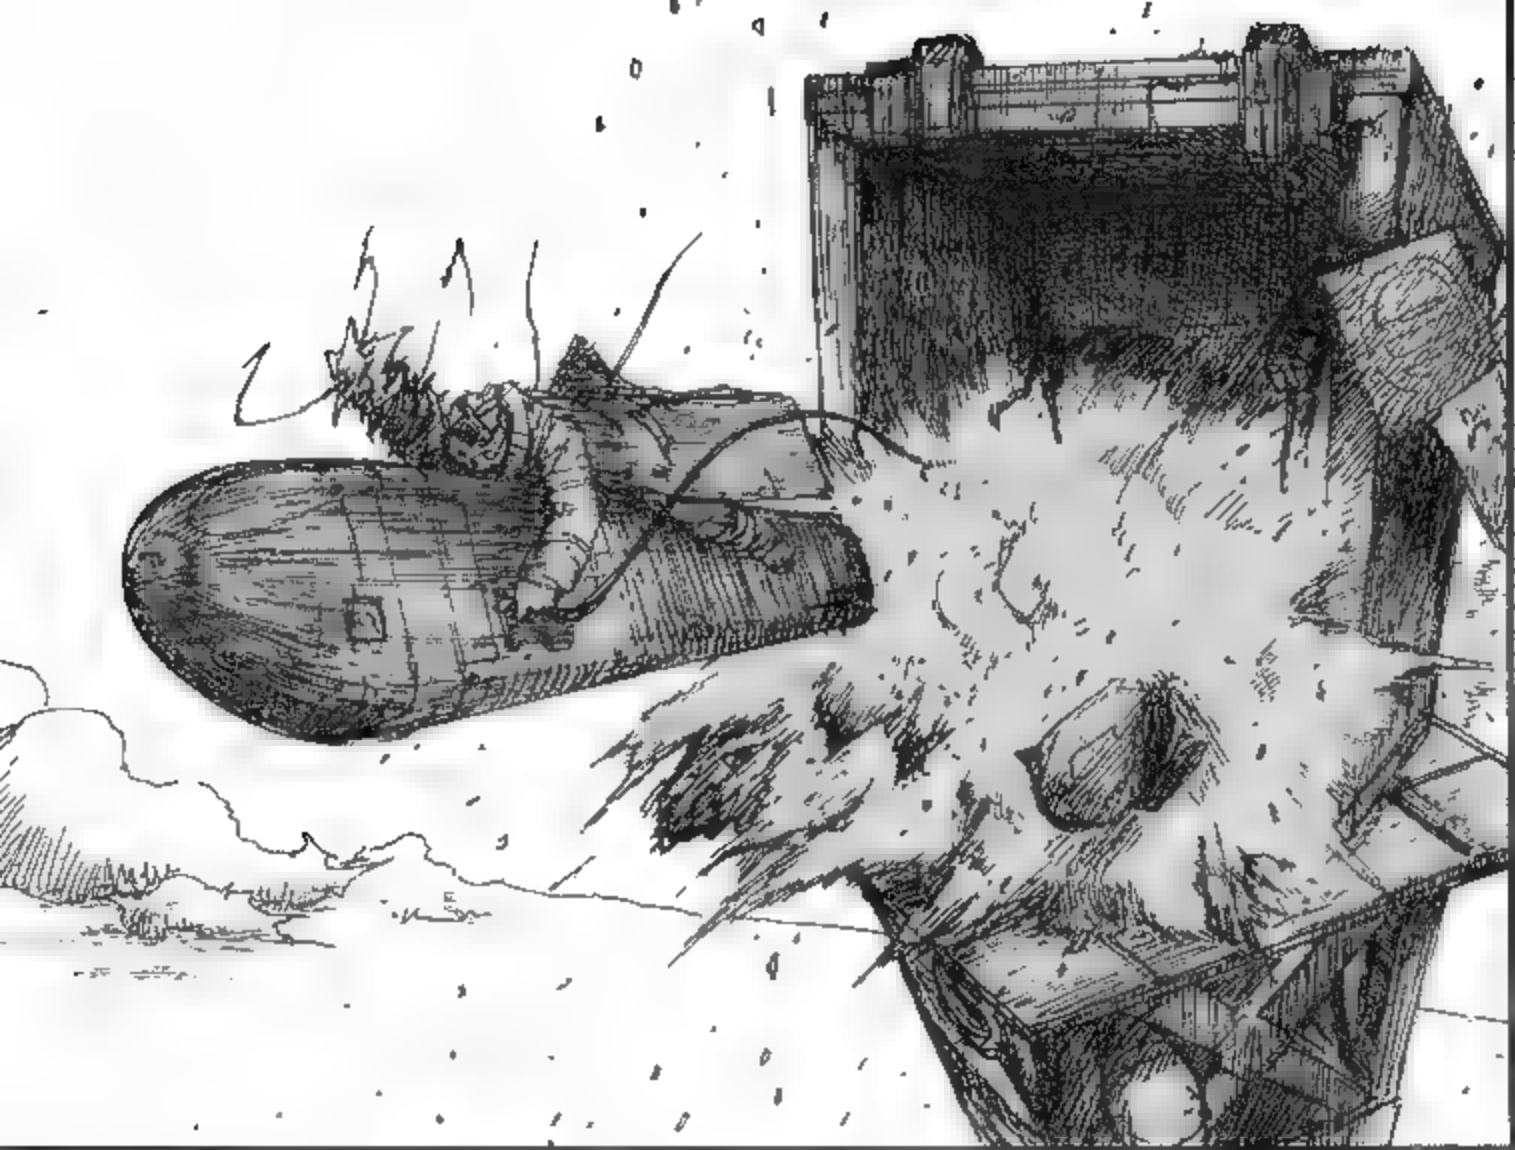

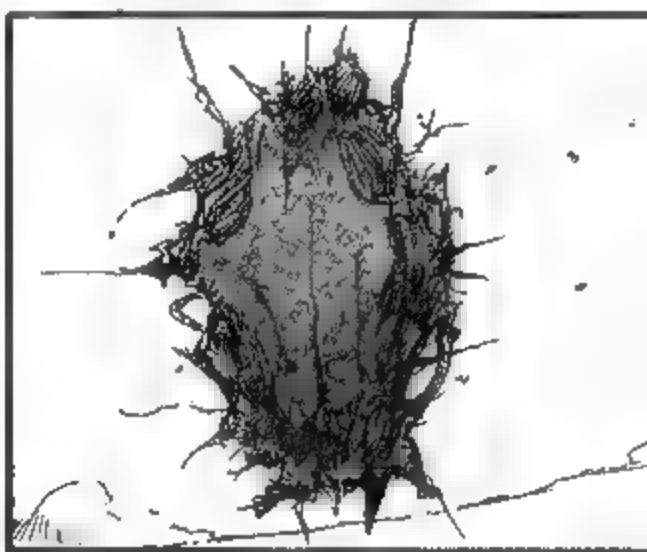

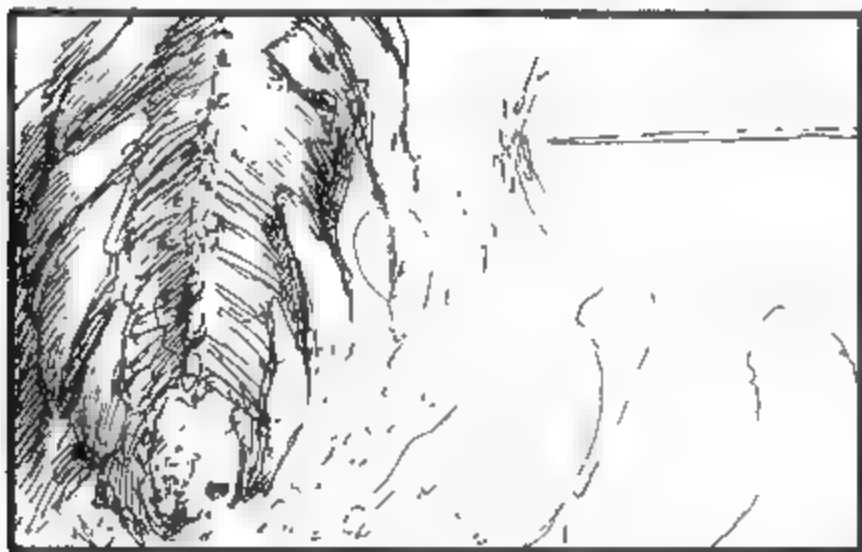

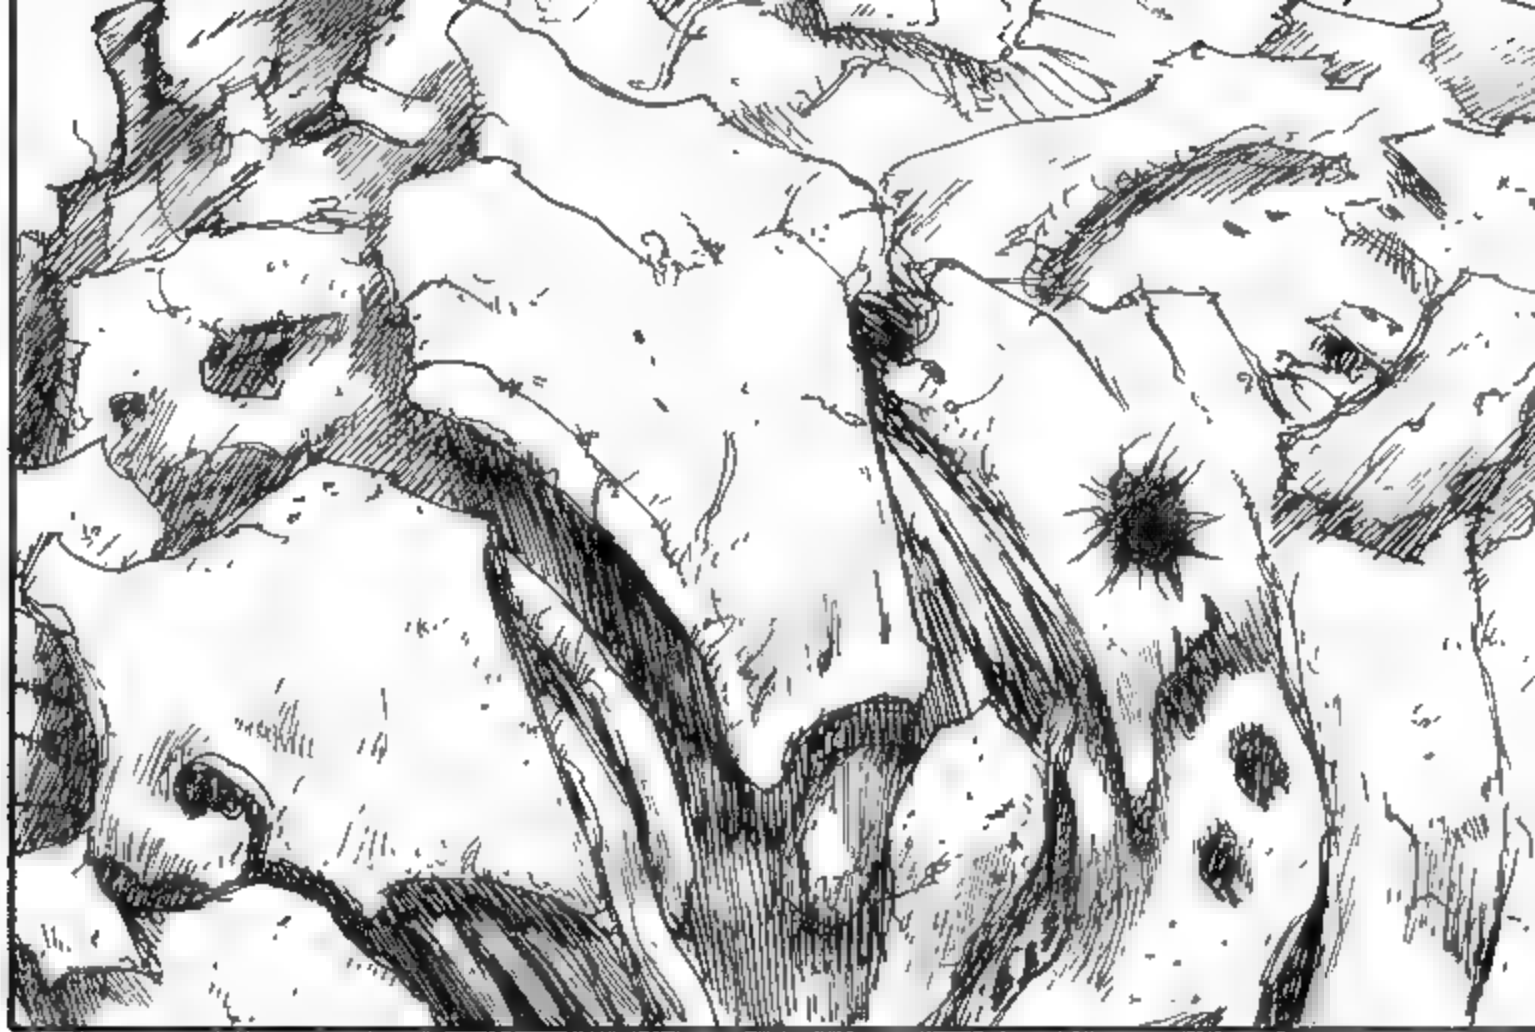

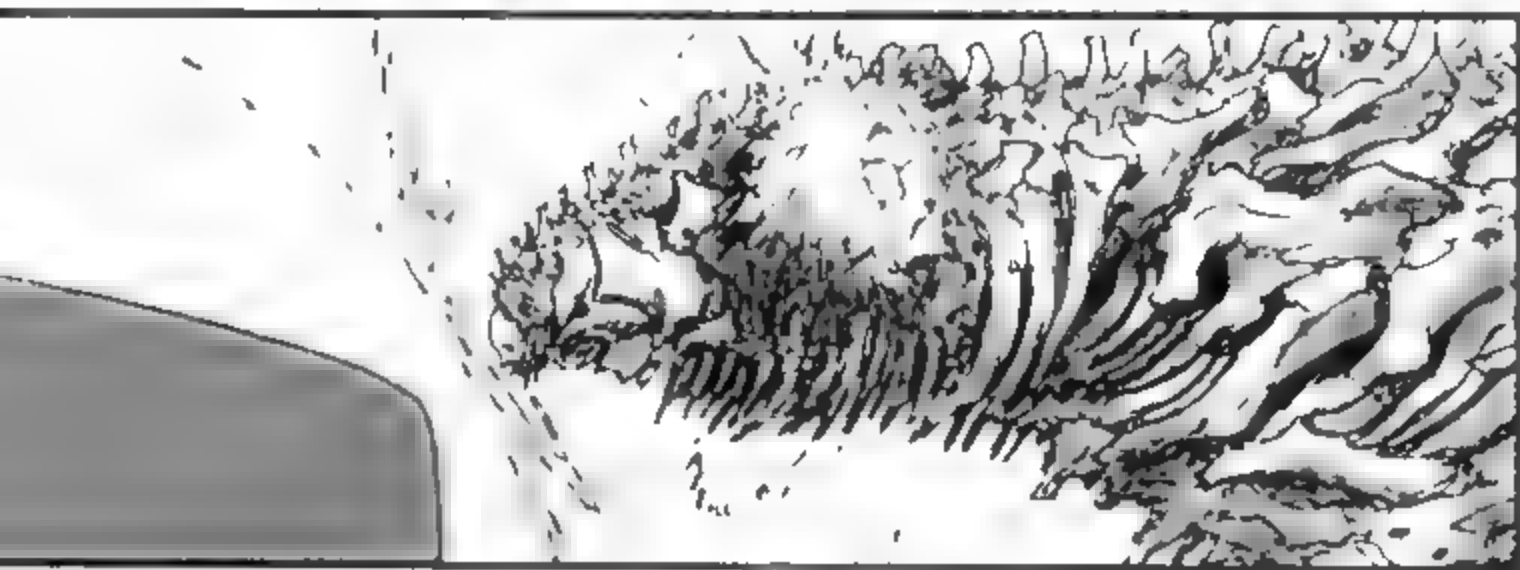

Me
lance!

Nós somos os
últimos da quarta
crônica! Nós
fizemos um pacto
de continuar com
o nosso dever!

O céu está

Por quê?! Ainda
resta um Mausol-
léu Gousa!

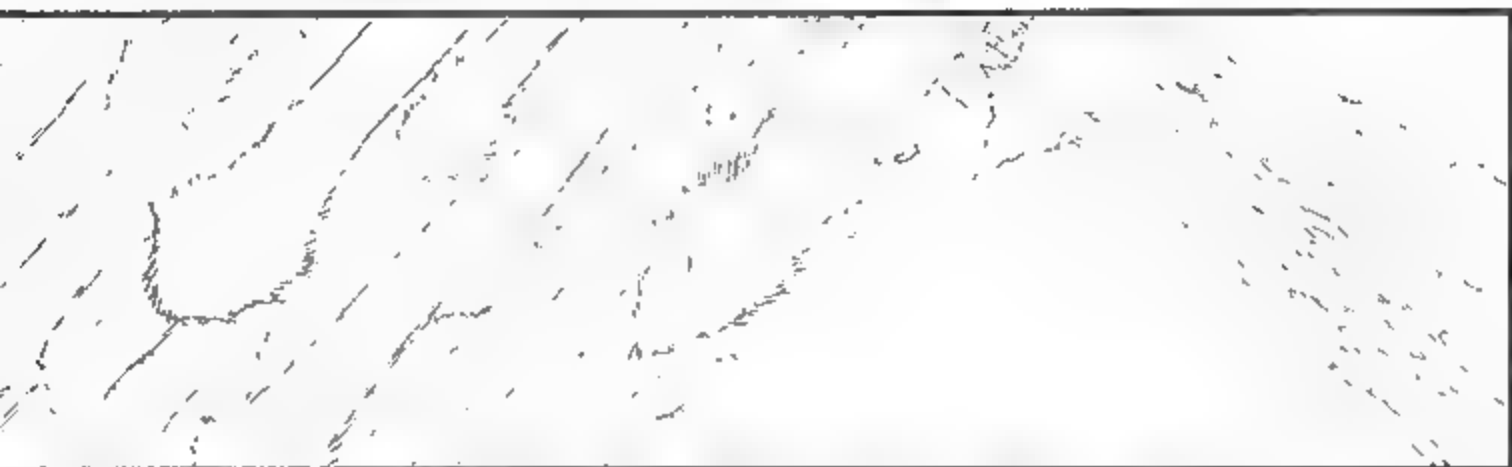

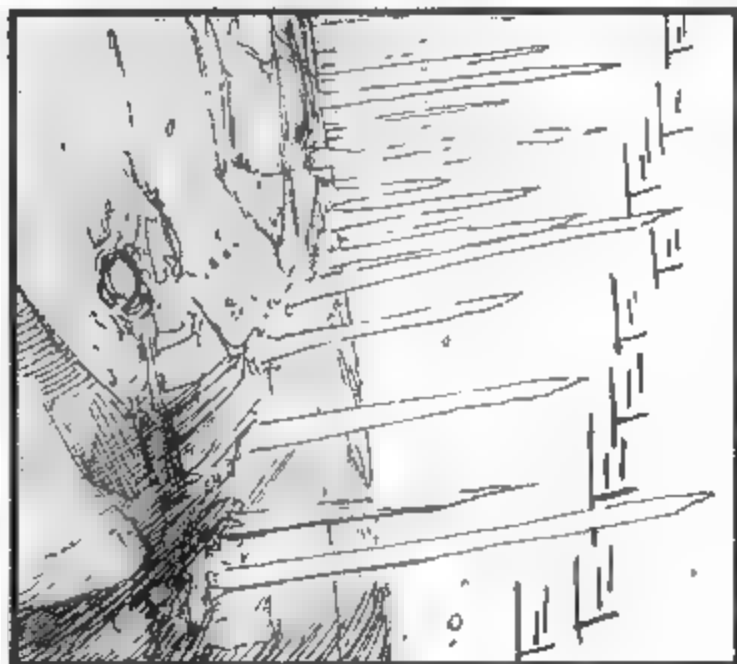

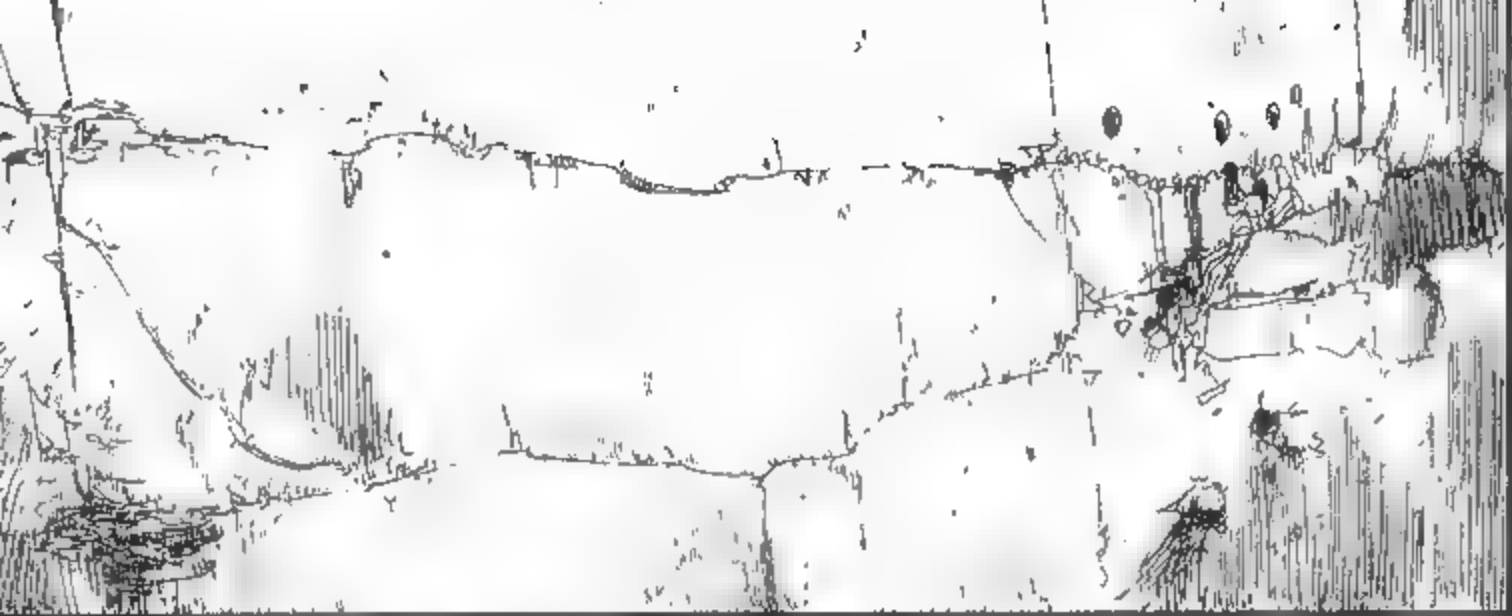

ゴッゴッゴッゴッゴッ

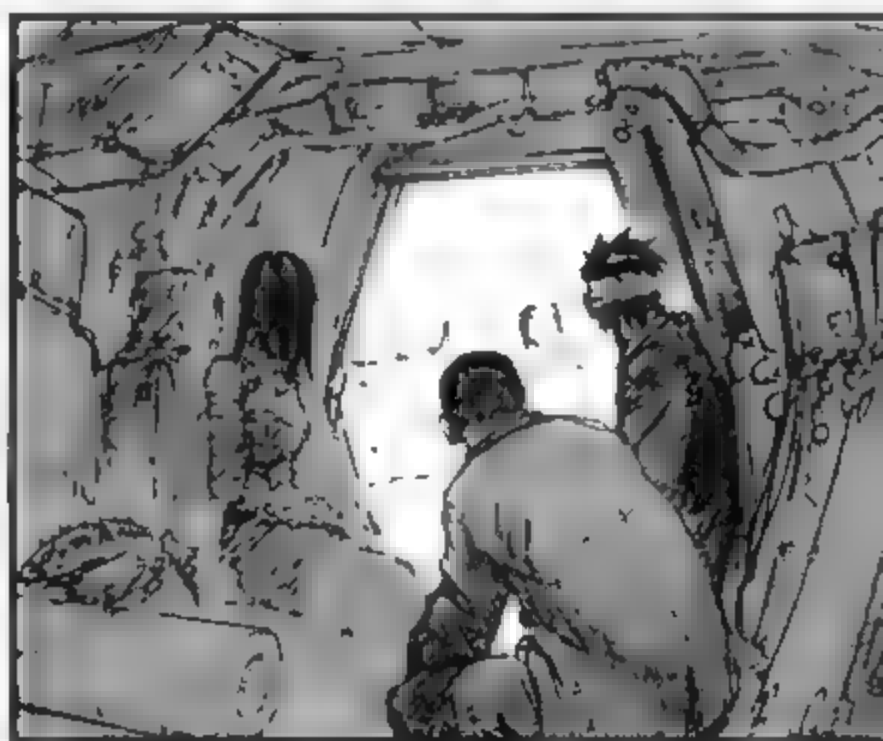

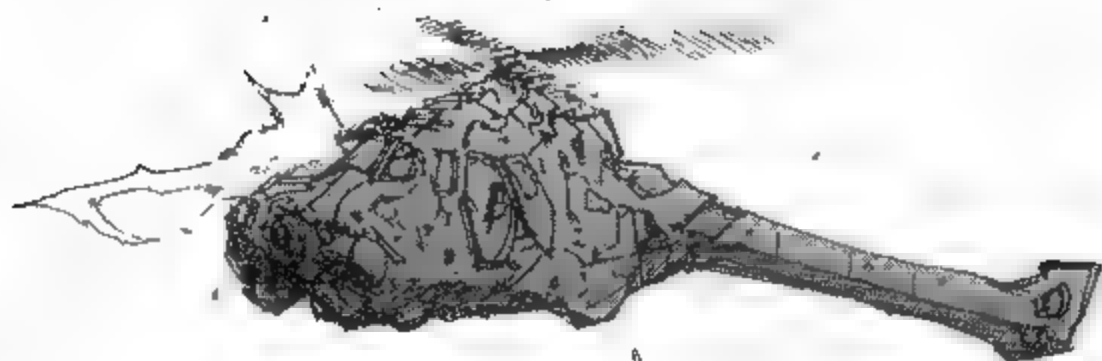

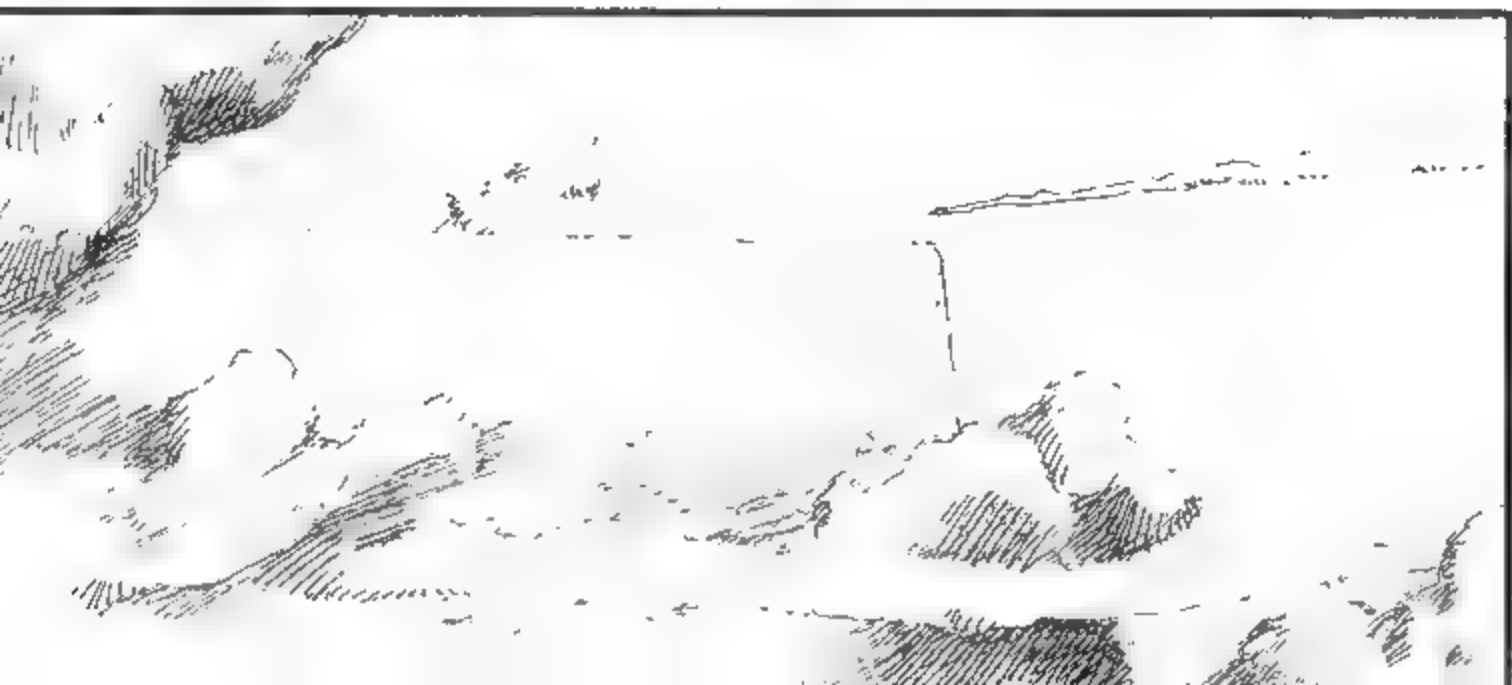

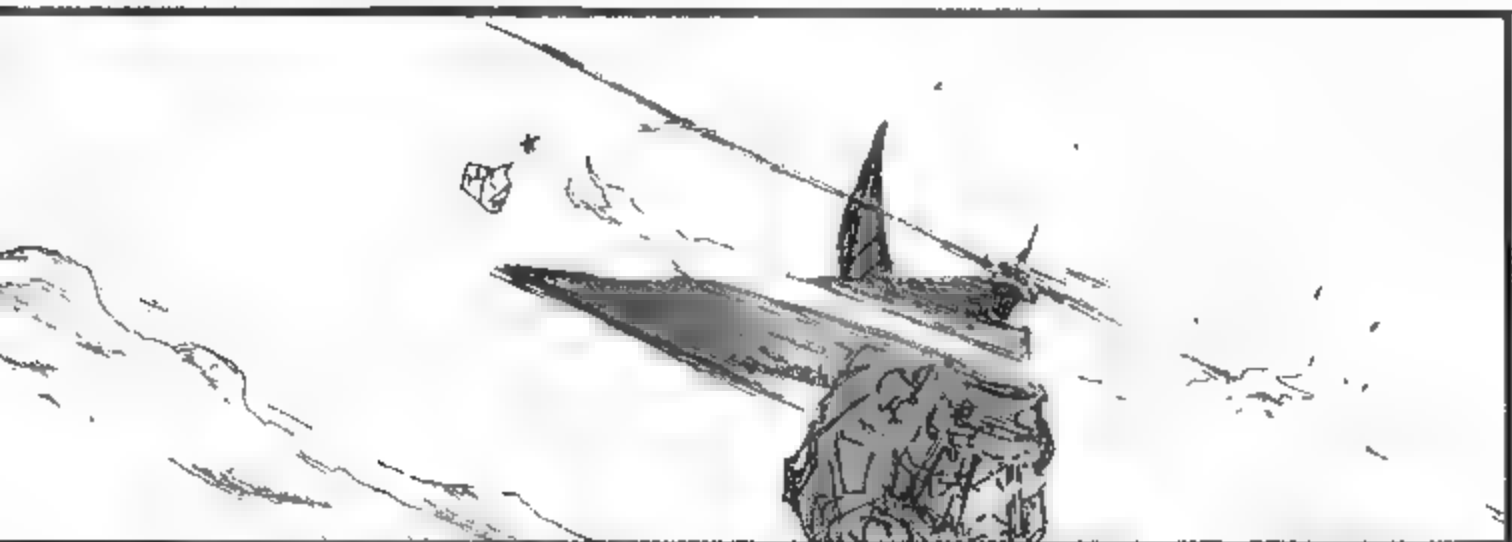

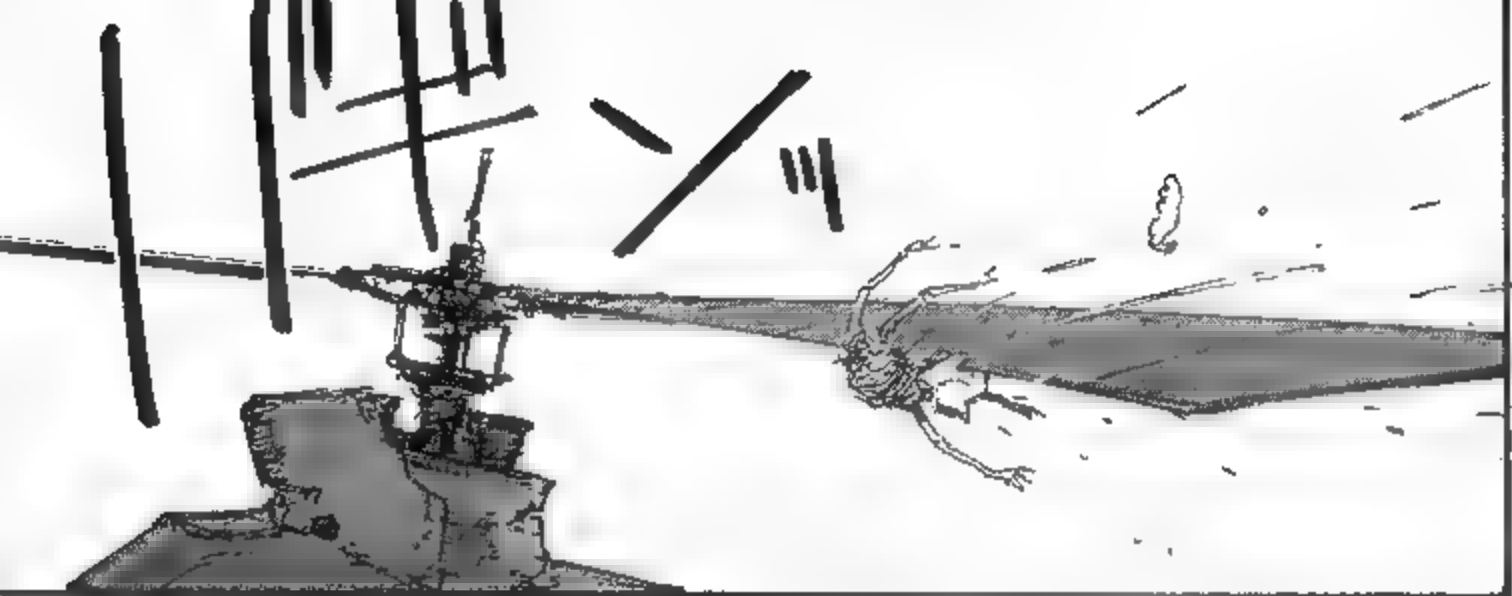

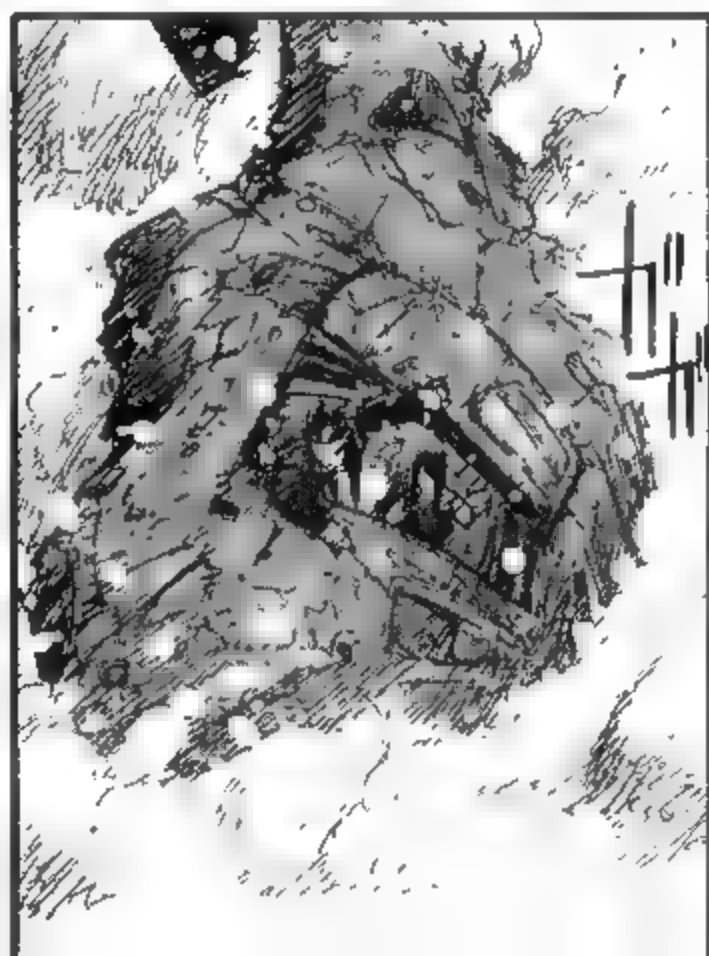

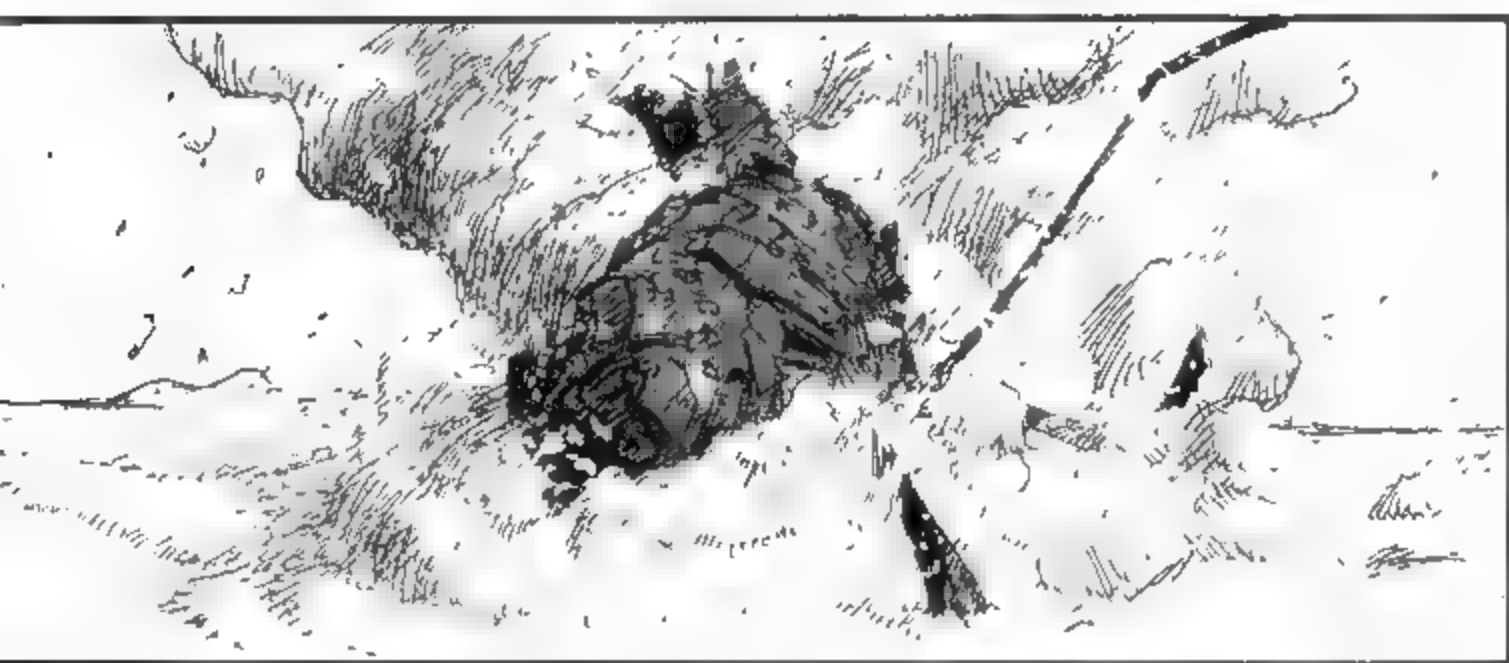

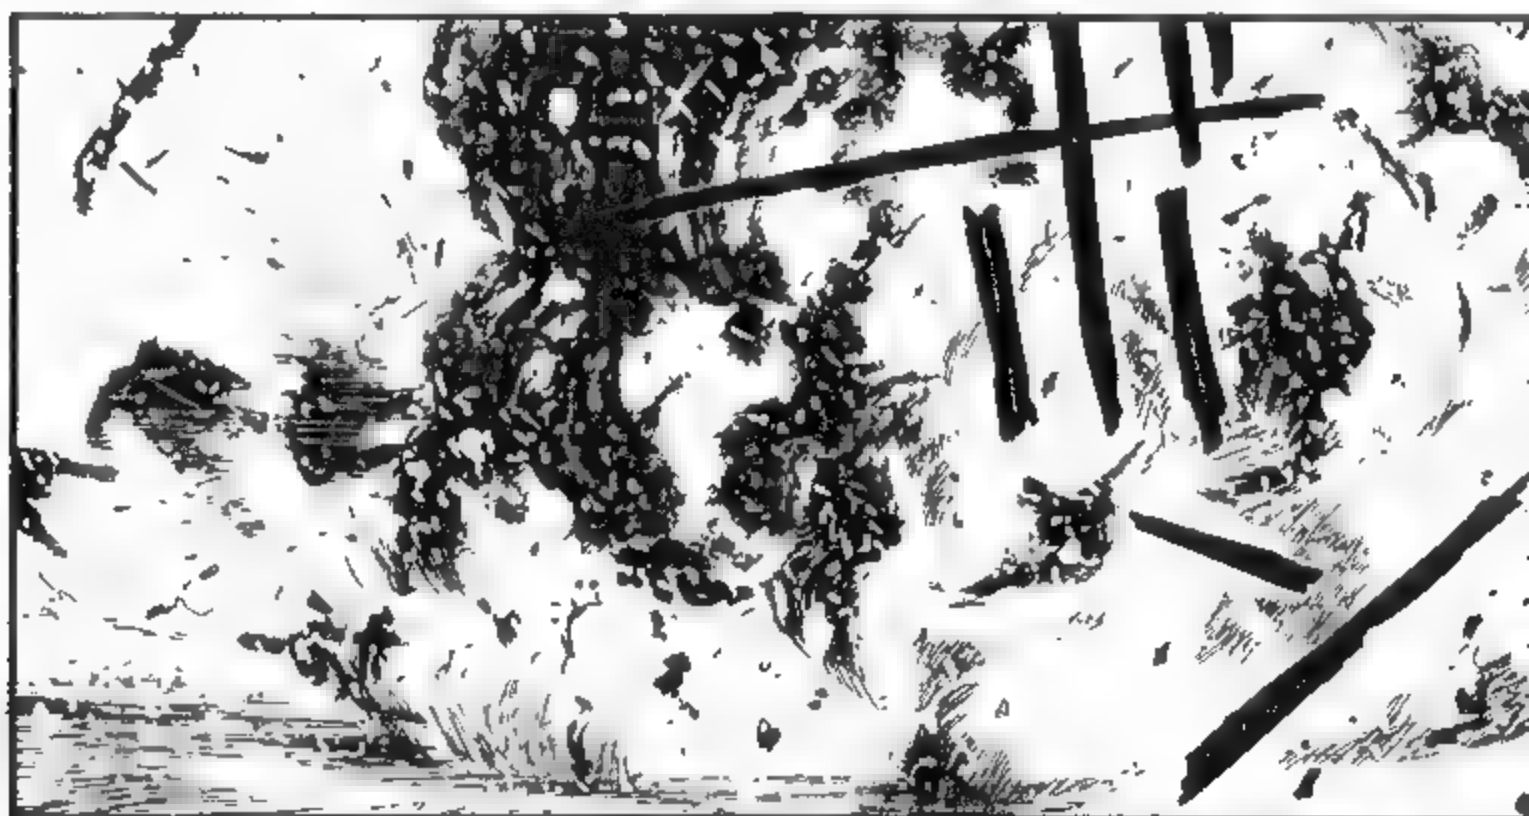

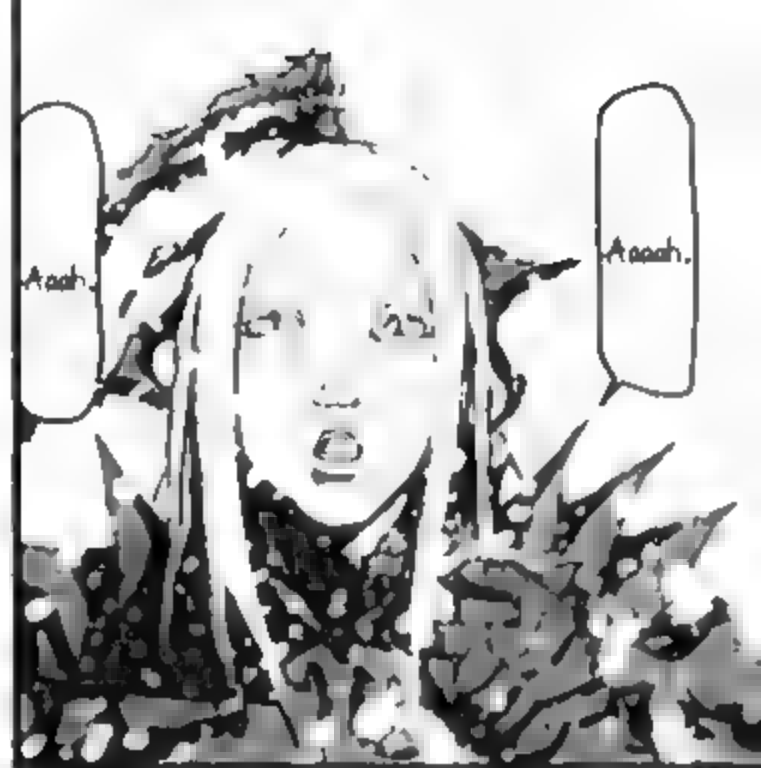

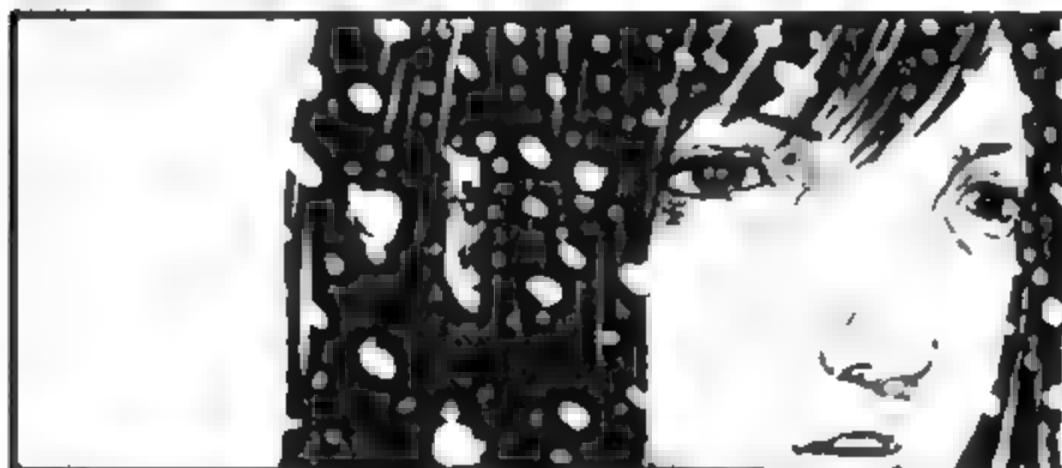

Nayuta...

Aaah.

Está tudo bem
agora. Ninguém irá
mais tentar usar
você.

Hehehehehe.

10. Kuden Denji

Antes da era do
grupo da quarta
crônica...

Eu não acredito
em quantas
centenas de
Mausoleus Gouza
existiam...

Você não está
muito afim de
falar hoje.

Eu não estou
autorizado a
discutir essas coisas
com avis.

E a queda
do grupo
da quarta
crônica.

Fiz quase
3000 anos
desde que os
gaunas brancos
destruíram os
Mausoleus
Gause...

Eu estou perfeita-
mente qualificada
para discutir sobre
isso! Eu sou uma
deputada do Kegen
Hall agora!

Se você acredita que
tudo acontece em
círculos, nossa geração
irá ver a cela proibida
ser aberta.

quem
tocou no
assunto.

Não fique
chateada...

Não há mais
chance de o
gauna branco
nunca mais
voltar, também!

Eles finalmente
me mostraram um
espécime de gauna
branco durante o
treinamento de
hoje.

Quando eu vi
pela primeira
vez aquelas
coisas, eu não
pude dormir.

Pare com
isso.

Foi como eu esperava,
um monstro que
tenta invadir e
destruir a raça
humana só de olhar.

Havia uma arma que
eles usavam para
repelir com sucesso
inúmeros ataques dos
gaunas brancos?

Você alguma vez já
ouviu falar que na
época da quarta
crônica...

Aquela era a
"reliquia assusta-
dora" que o Kegen
Hall matinha bem
proximo.

Eles a chamavam
de gauna negro.

Há rumores que
seu selo terá que
ser quebrado em
breve.

Eu nunca ouvi
nada sobre
isso.

Por que você
tá falando
assim?

Não, não
sei.

Você é a filha do
presidente do
Kegen Hall e não
sabe de nada?

Desculpa.

...

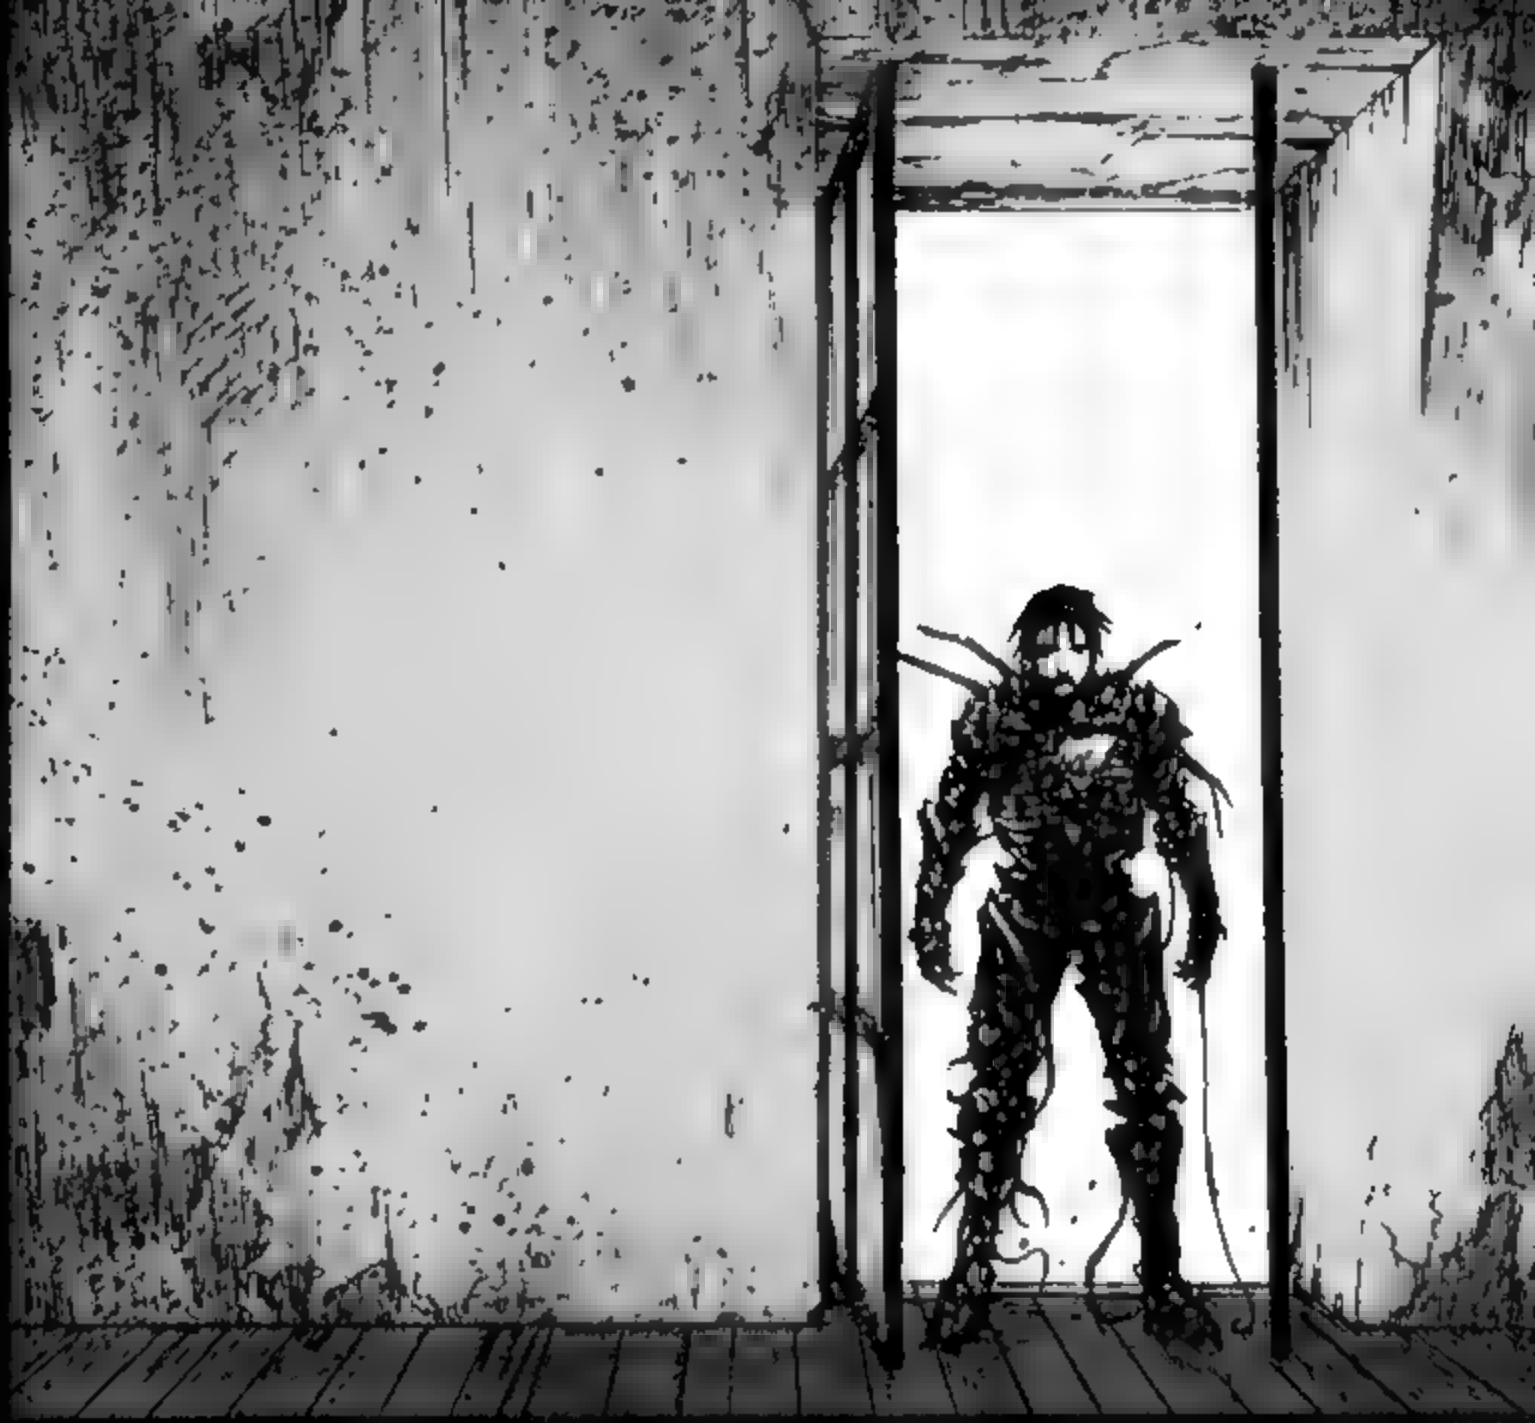

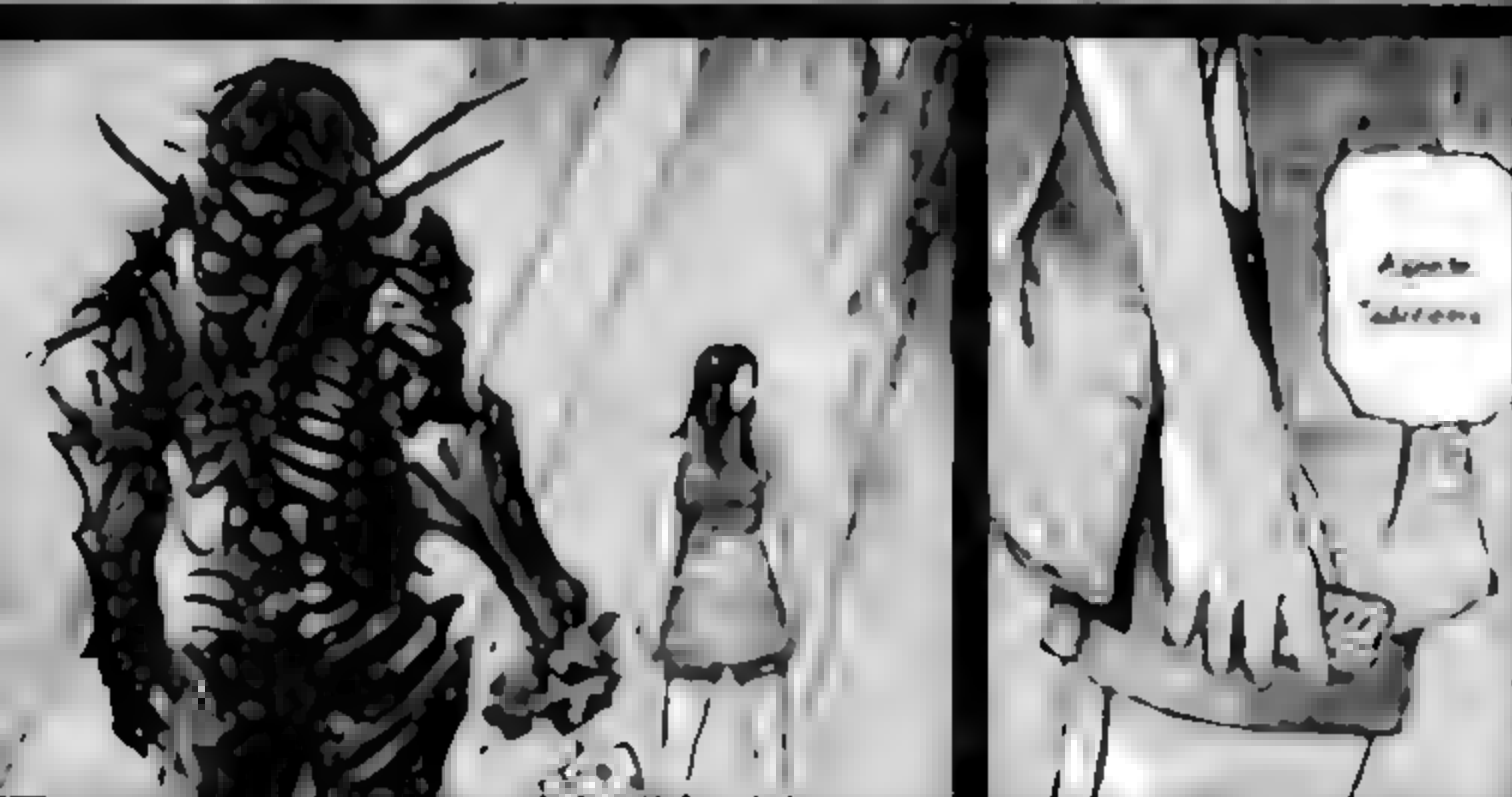

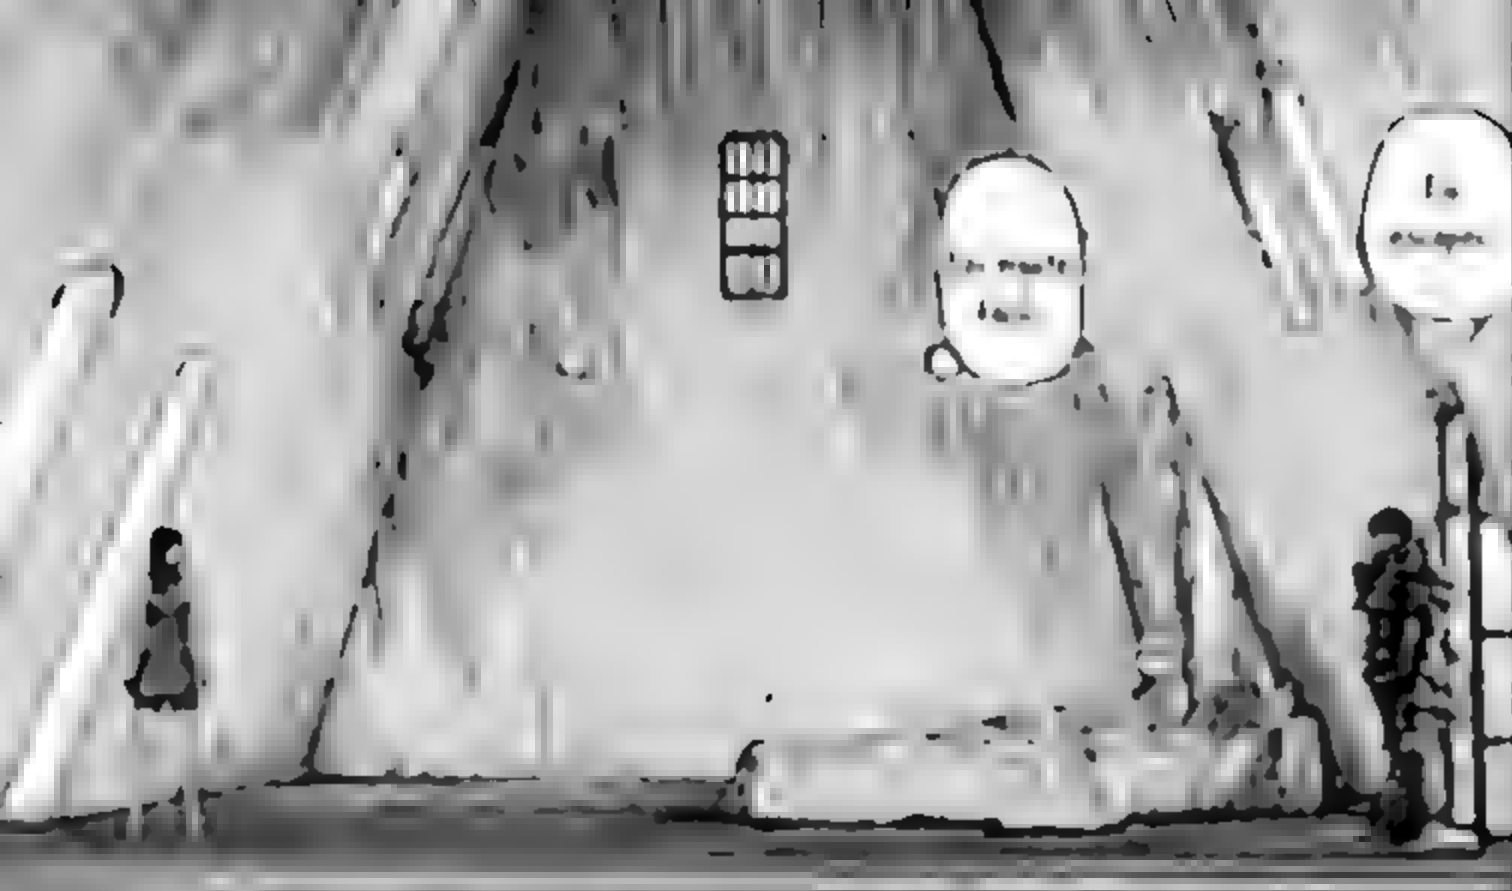

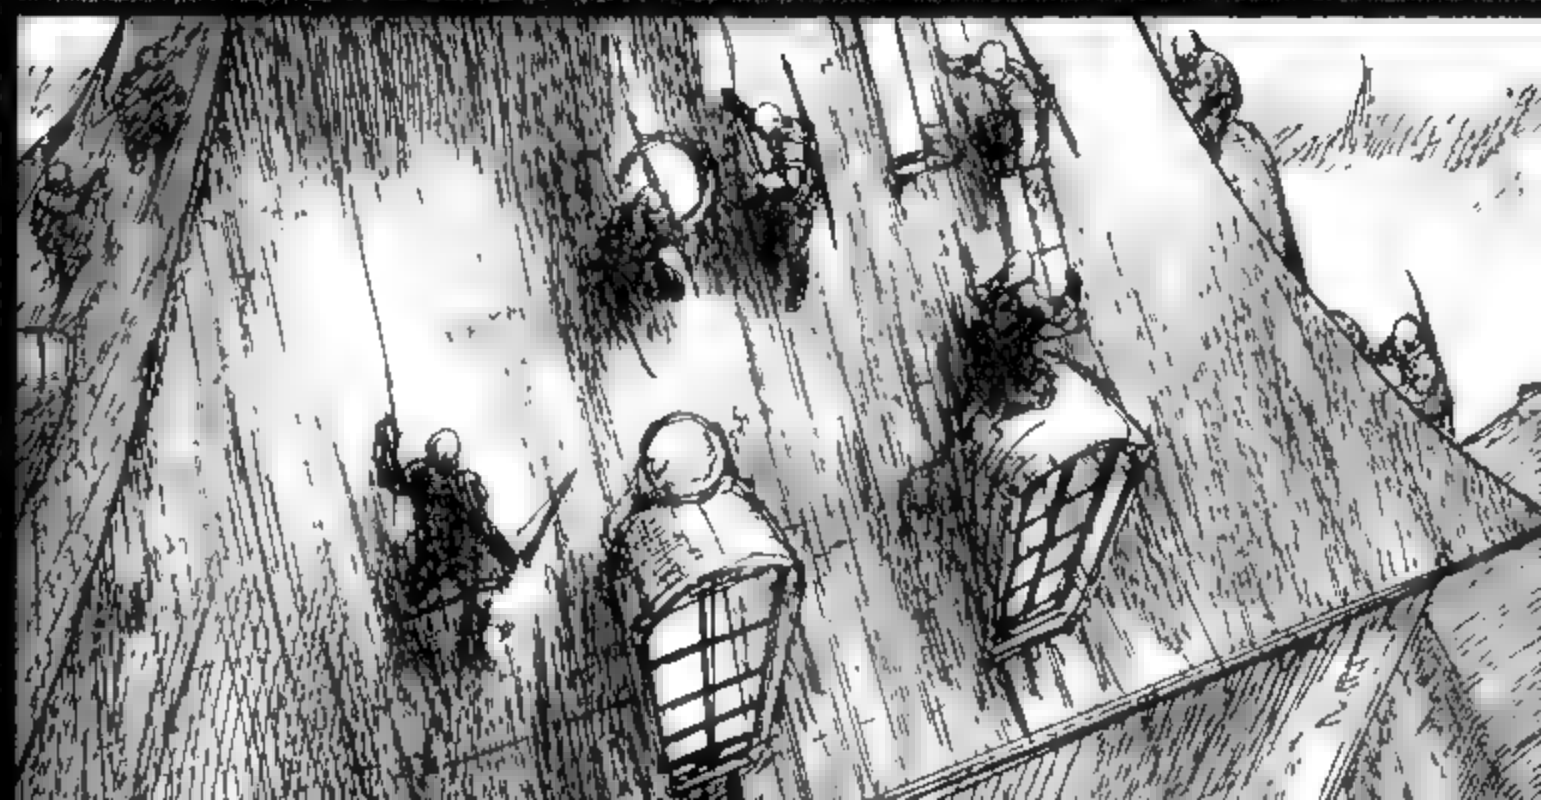

O que
foi isso

Veio da área
de pesquisa.
Eu
também...

II. Mensagem

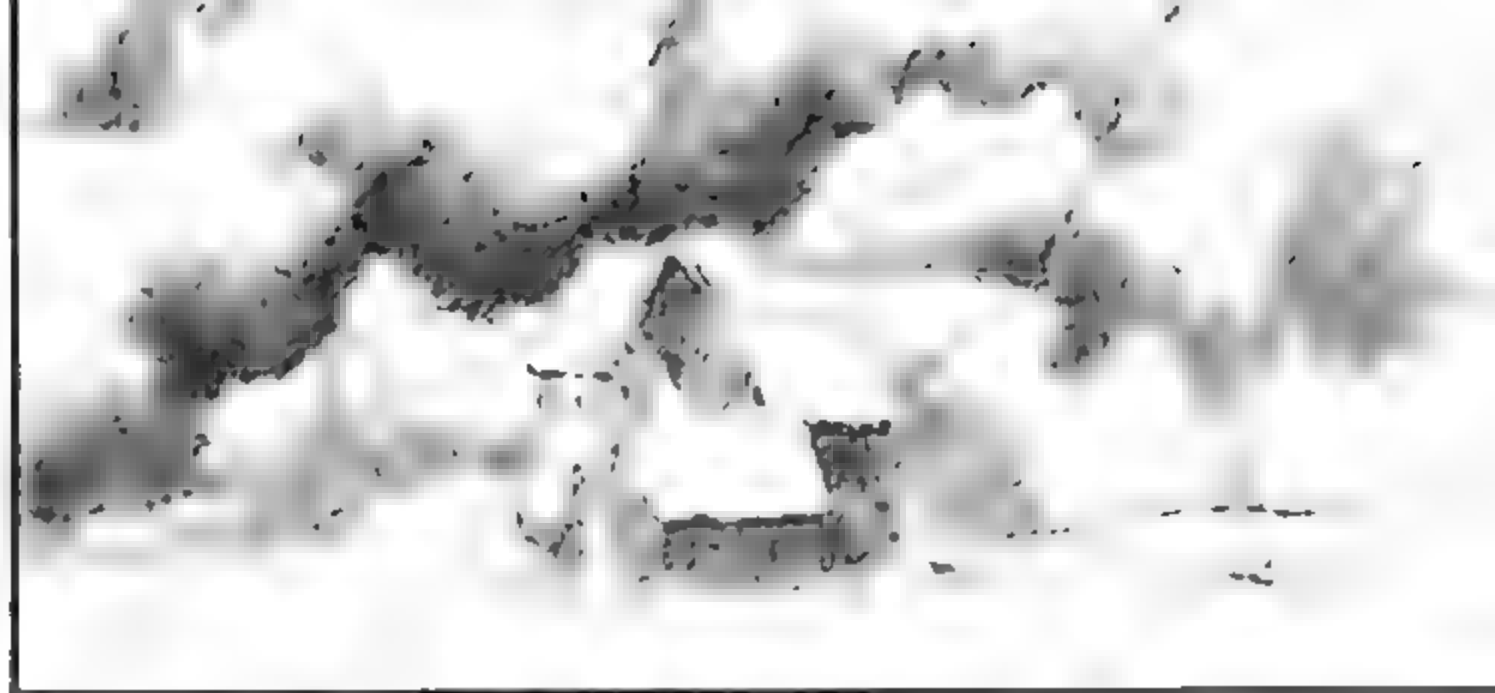

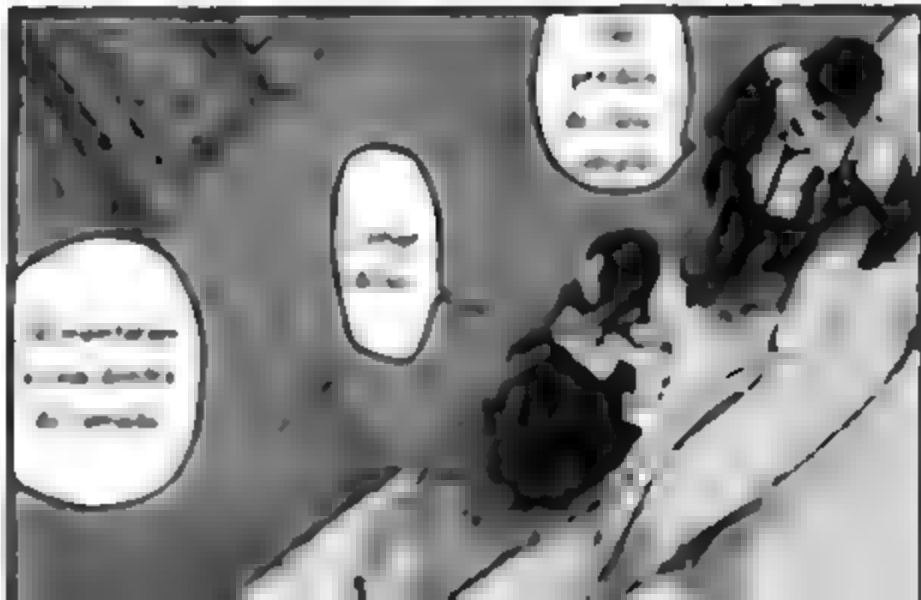

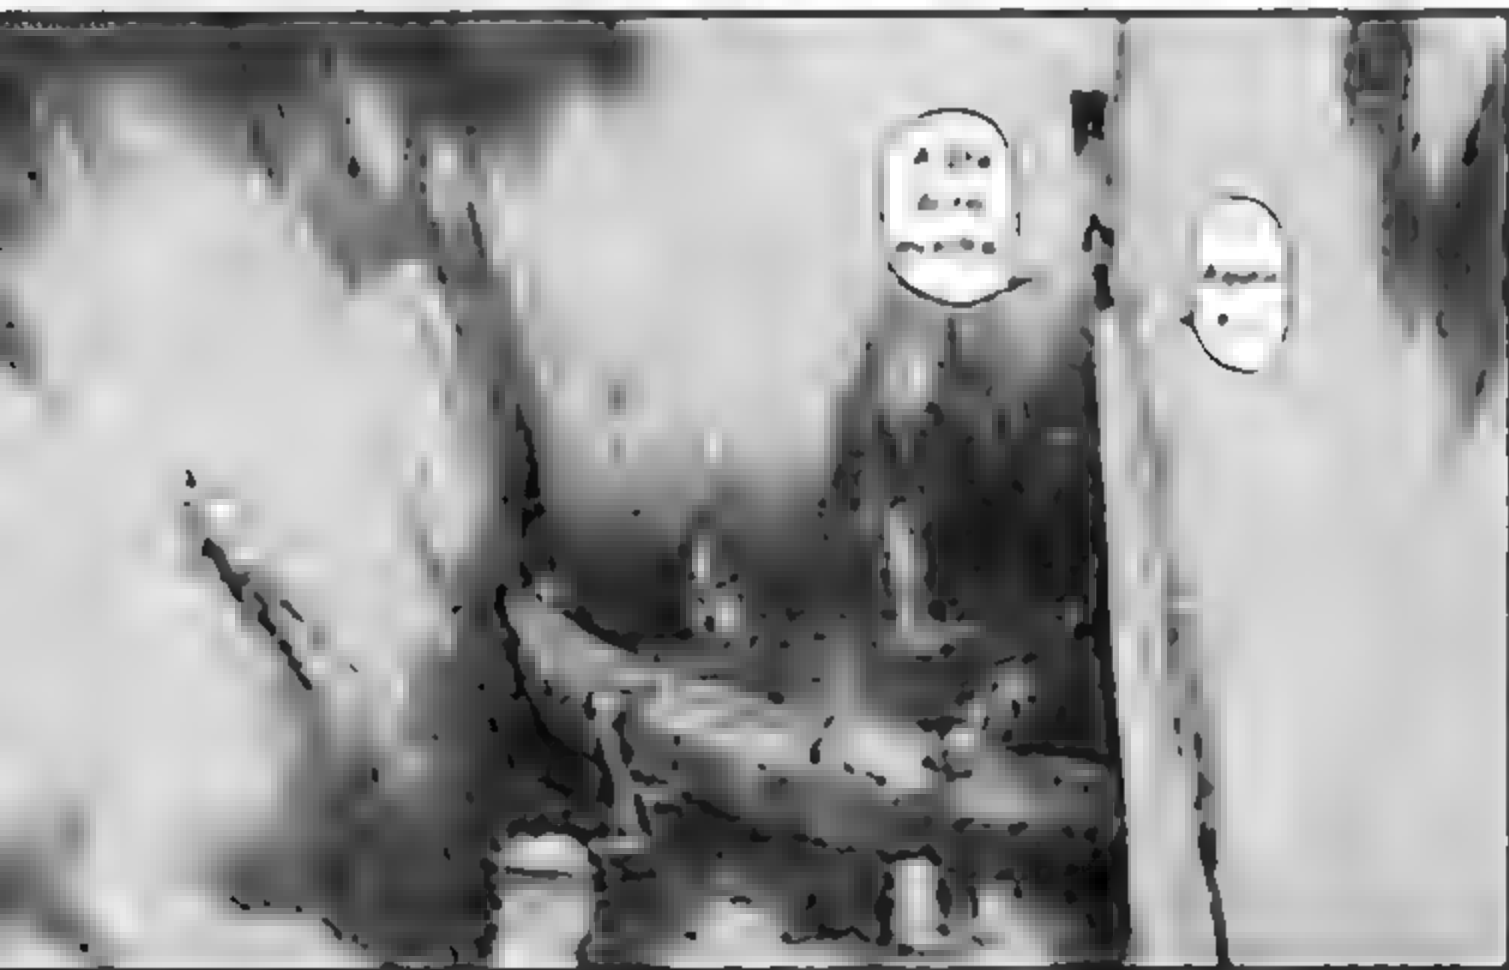

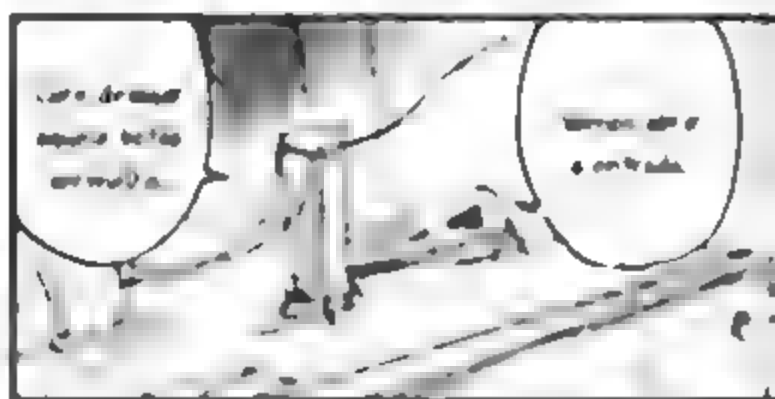

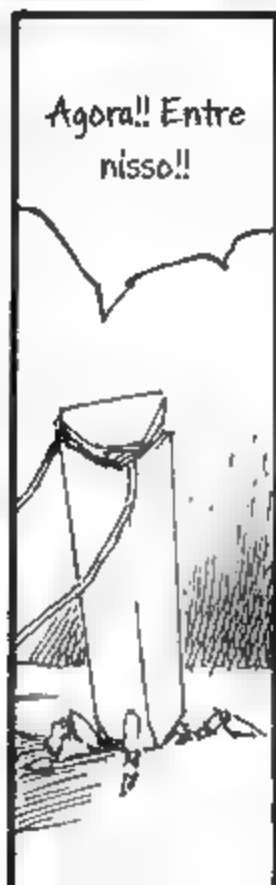

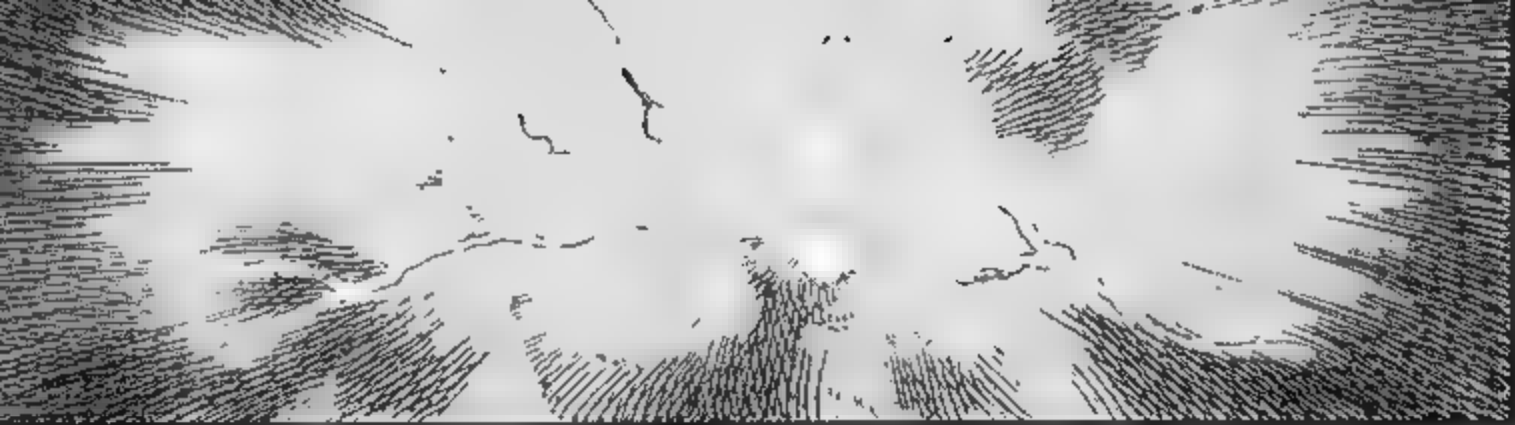

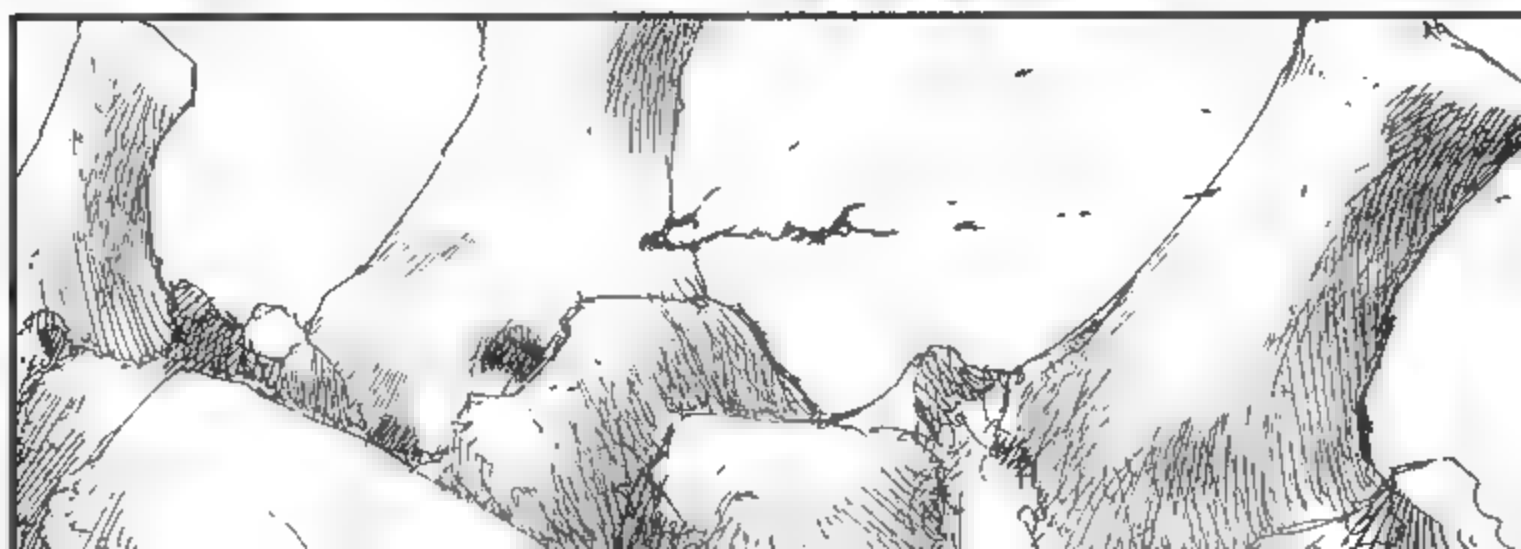

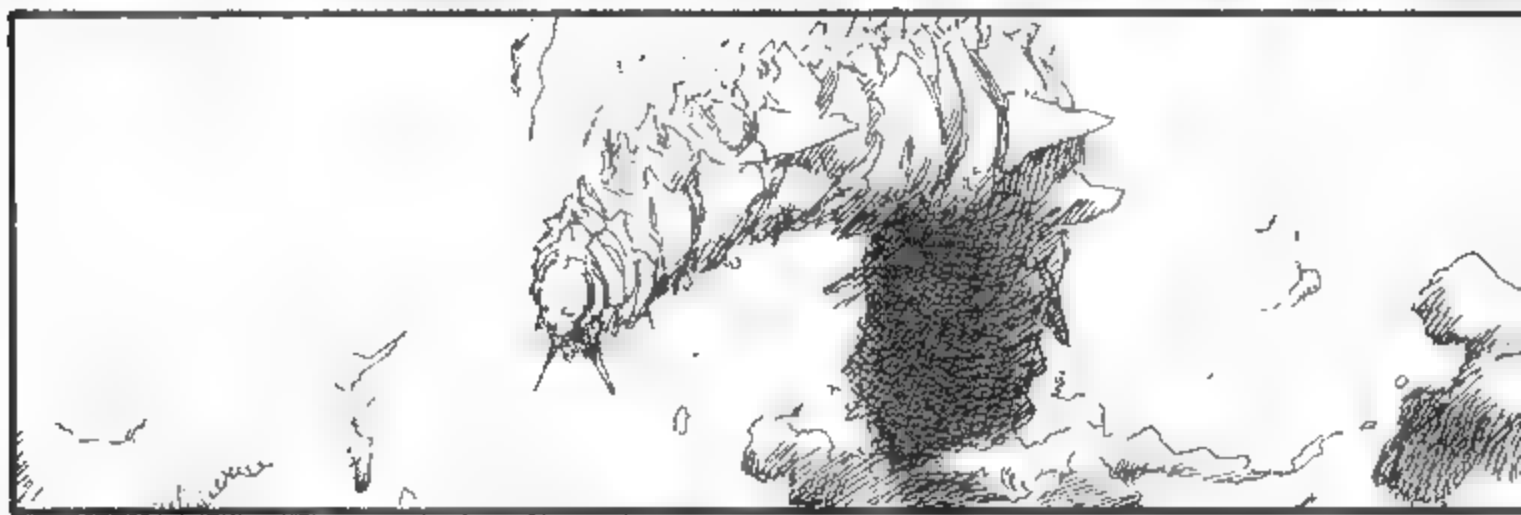

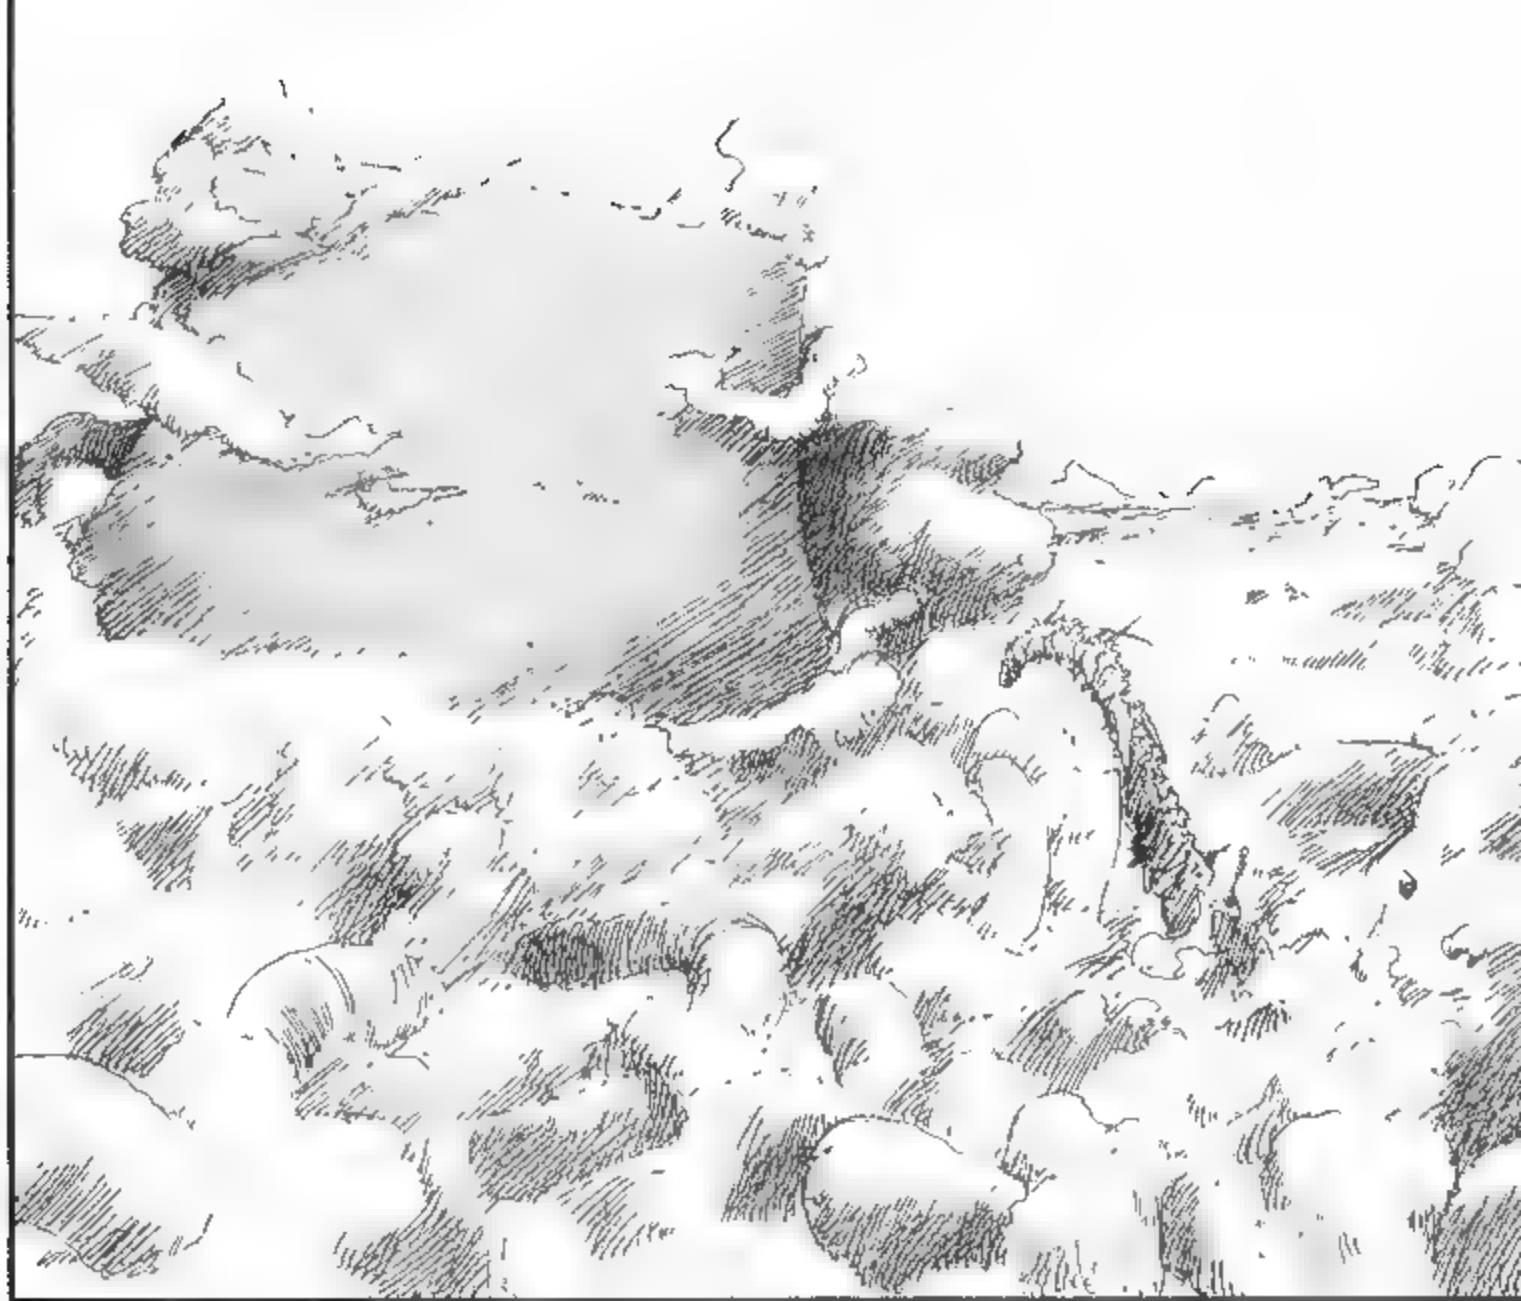

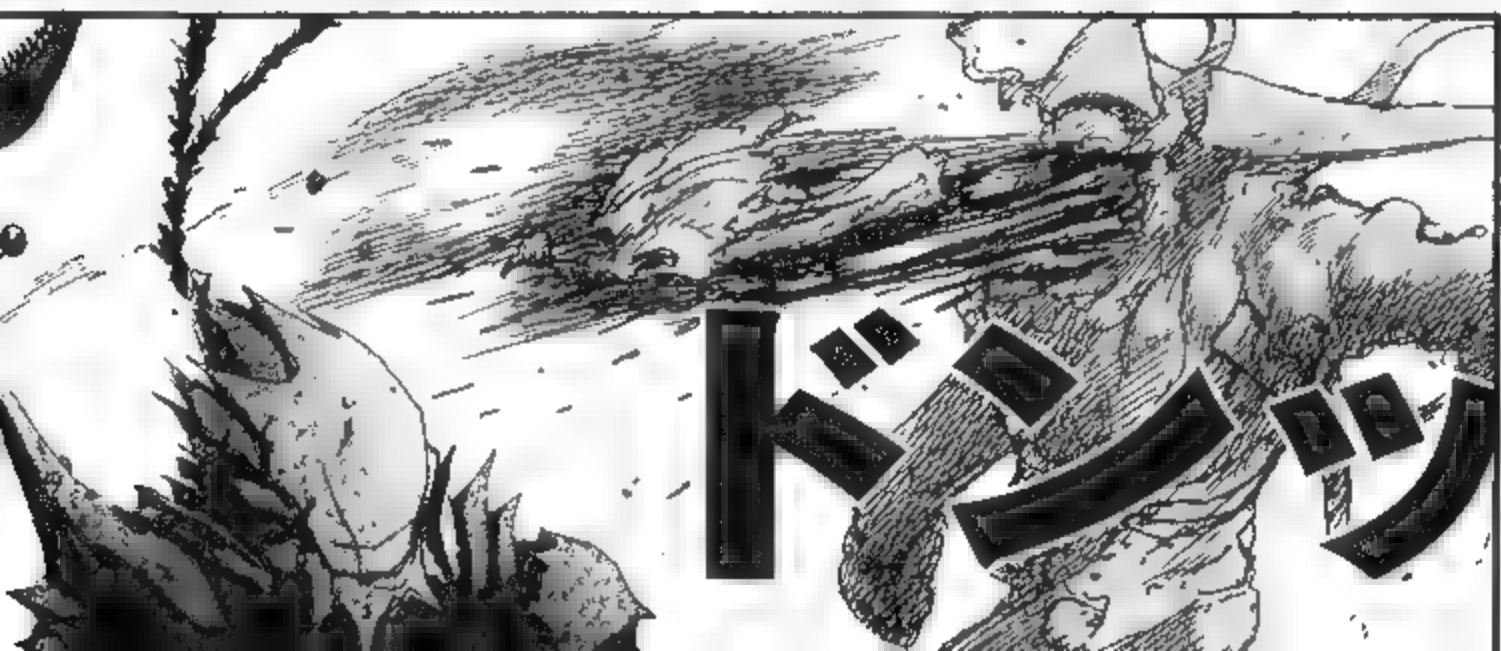

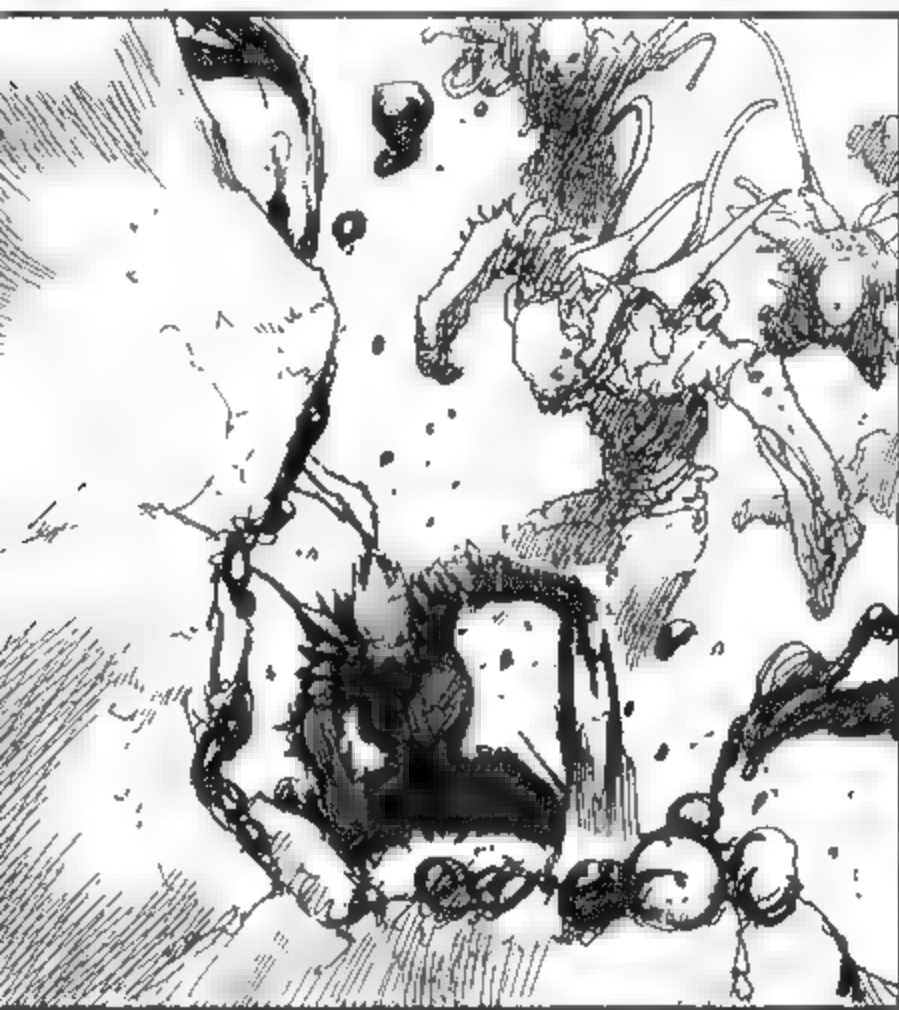

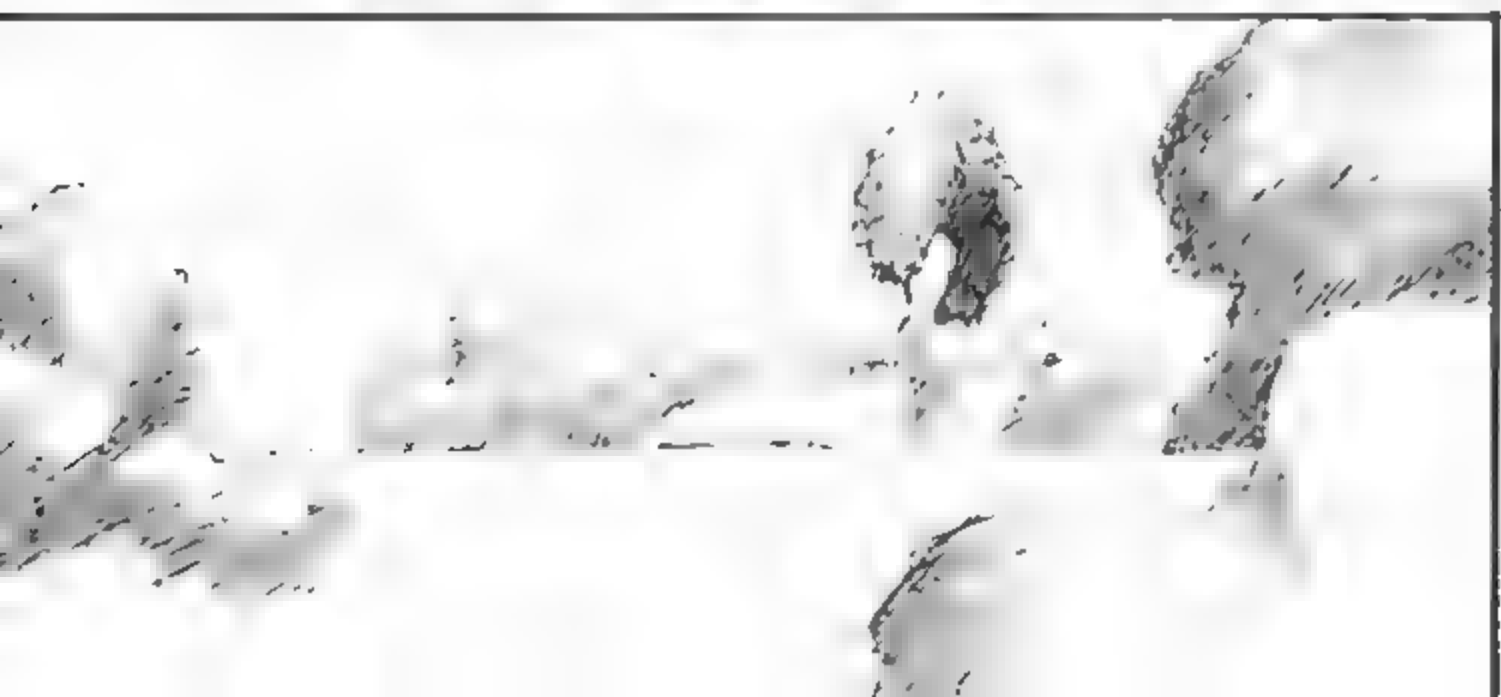

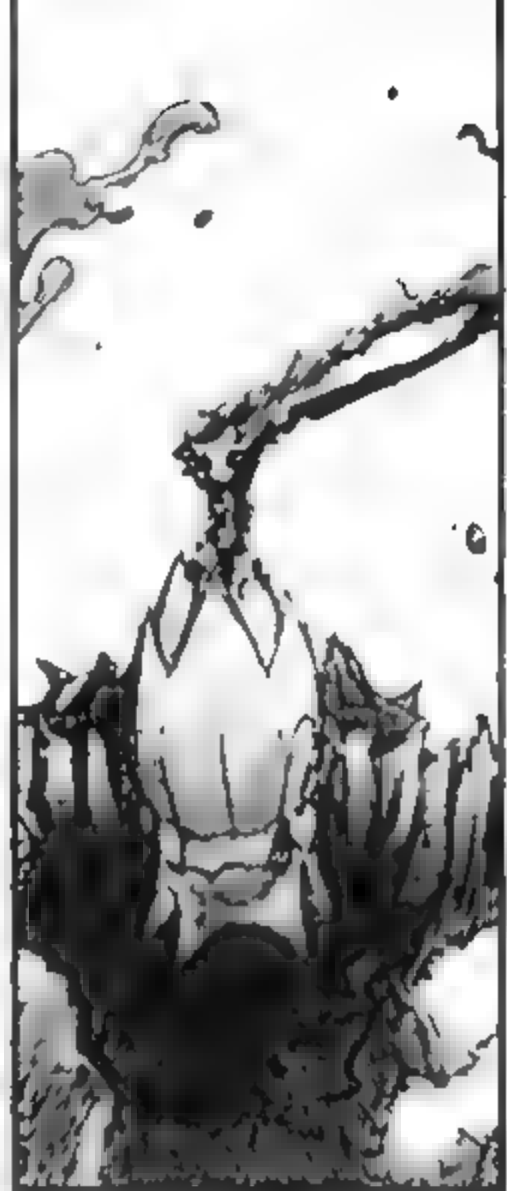

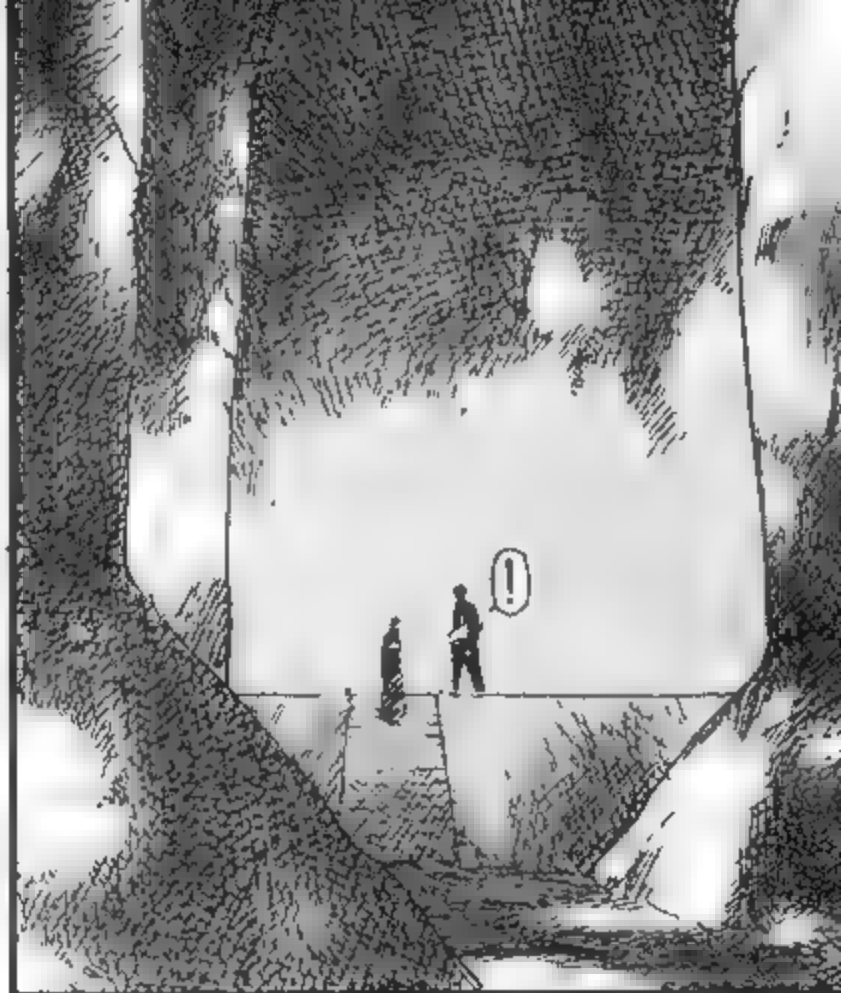

Não existe mais sobreviventes e não temos tempo.

Como vão fazer para as pessoas de fora subirem?

Estavam esperando ter menos pessoas?

Porque só temos dois Boushisen. Só podíamos salvar quem está perto da entrada.

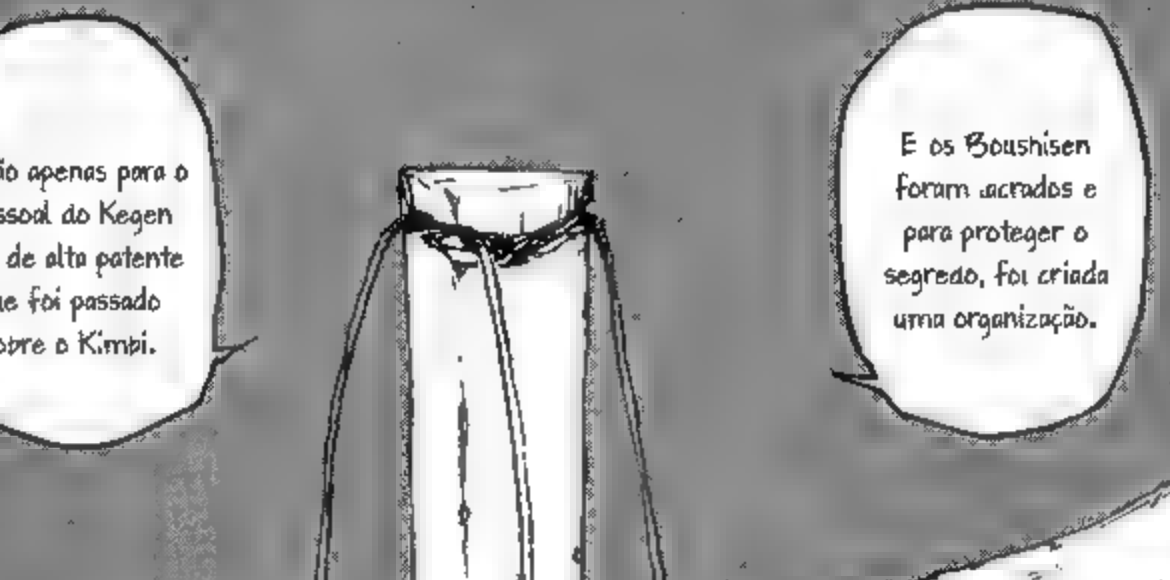

Por que... Agora...?

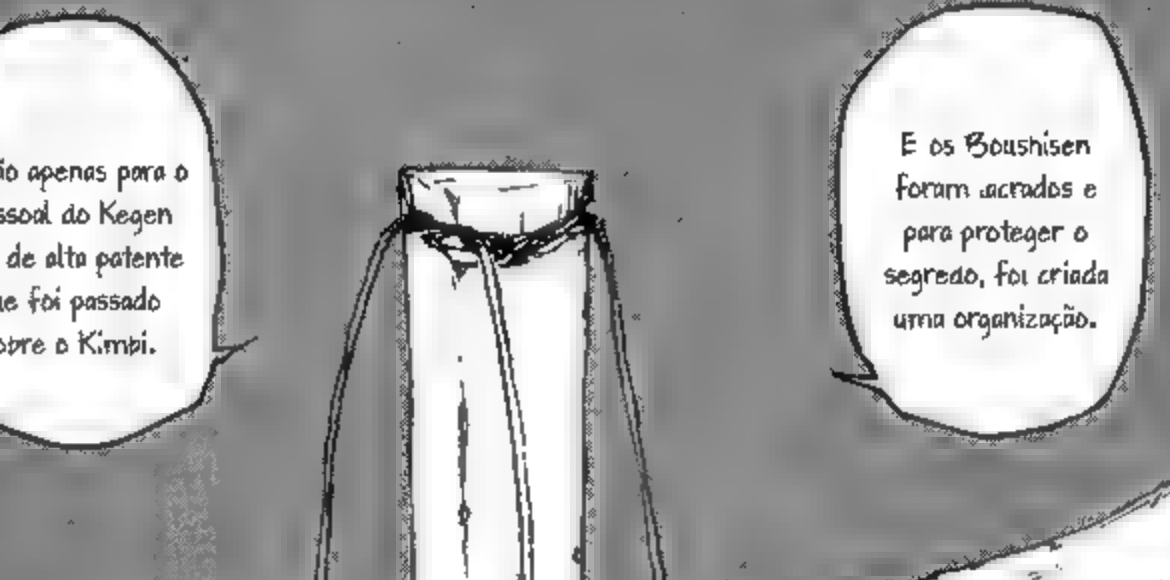

Mas as perdas não foram causados por gaunas brancos, mas sim pela guerra entre os humanos para decidir quem iria dominar os Gousabyus.

Na última vez que ocorreu a epidemia de Shinguentais, perdemos 14 Gousabyou e o número de entradas também foi diminuído...

Então apenas para o pessoal do Kegen Hail de alta patente que foi passado sobre o Kimpi.

E os Boushisen foram sacados e para proteger o segredo, foi criada uma organização.

O que pretendem fazer!!?

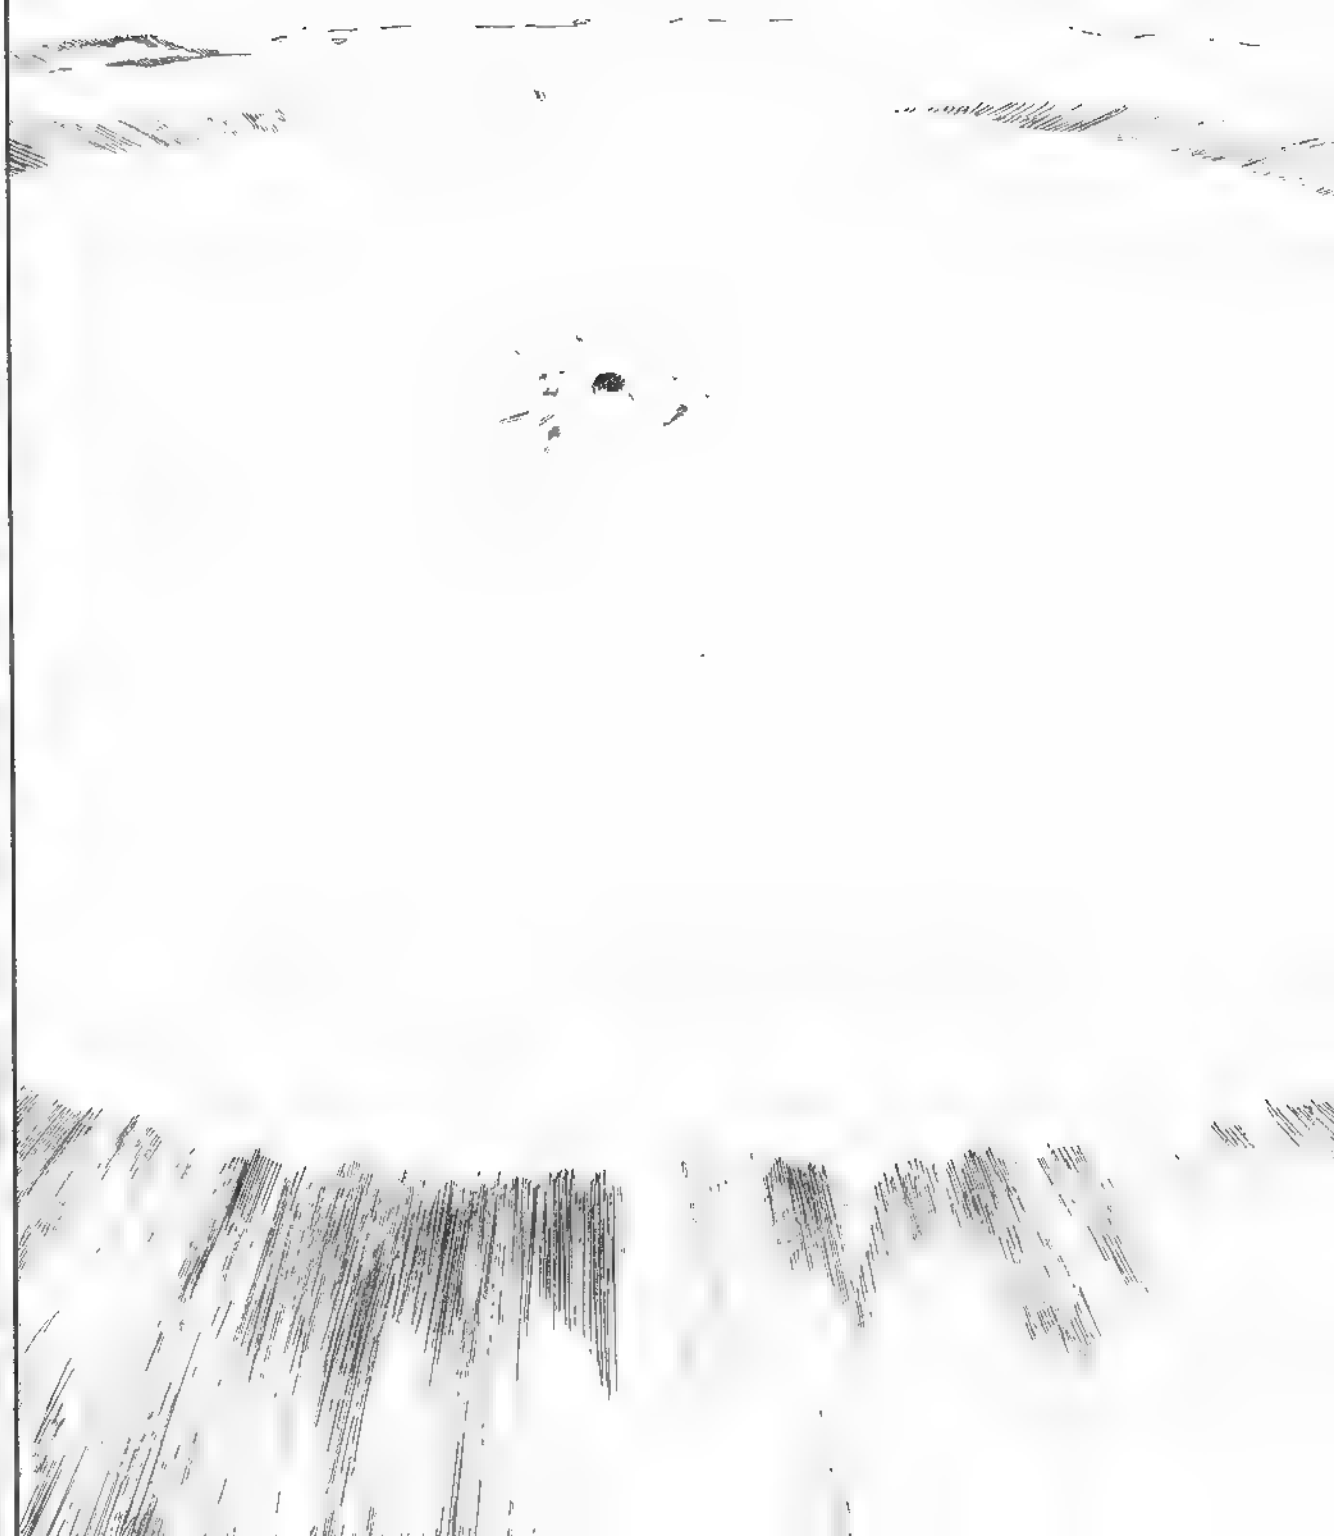

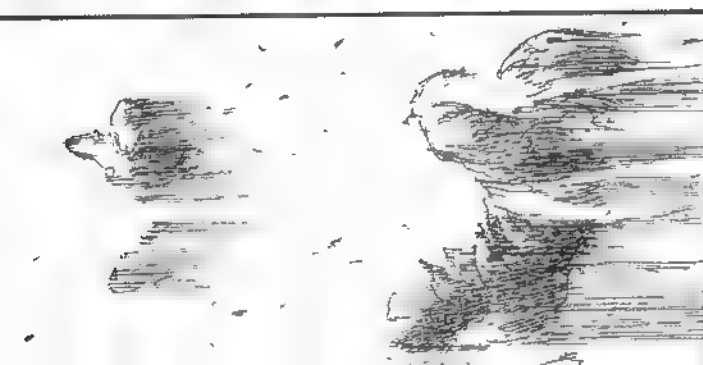

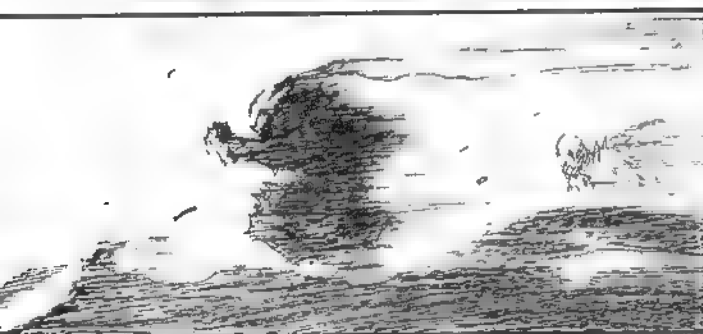

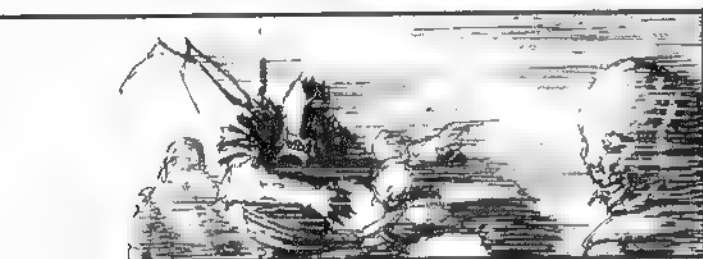

Espere!! Vocês não vão vir?

Notas Finais sobre o mangá:

Gousabyou: São edifícios que existiram no passado. Havia muitos deles, mas devido a disputa entre os homens para saber quem iria ficar no comando, muitos foram destruídos e no mangá sobram apenas dois deles. Dizem que quando todos os Gousabyous forem destruídos, o Kinrou será rompido.

Kinrou: Um laço passado em lendas. Devem ser selados e não podem ser liberados. No final do mangá, o Kinrou é rompido, e o que sai dele são vários gaunas brancos.

Boushien: São naves que podem ser utilizadas como dispositivos de fuga.

Shiguentaís: São humanos que sofreram modificações. No mangá são tratados, de certa forma, como gaunas brancos.
